PART I.

Report on the Working of the Treasuries.

No. R. 9166-75—L. R. 370-17-2, DATED 4TH MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per. 63, dated 5th—9th February 1918, from the Revenue Commissioner in Mysore, submitting the Comptroller's review on the working of the Treasuries in the State during the year 1916-17, together with his remarks thereon.

(Printed as accompaniments.)

Order No. R. 9166-75—L. R. 370-17-2, dated 4th March 1918.

Recorded.

2. Government note with satisfaction that there has been a general improvement in the working of the Treasuries during the year. The number of irregularities noticed, and the omissions and defects pointed out is, however, still large.

The new procedure of Treasury accounts sanctioned by Government in Government Order No. Fl. 8075-85—G. F. 170-16-11, dated 27th June 1917, reported to have been introduced in all Treasuries from 1st August 1917, will, it is hoped, also contribute towards reduction in the number of such irregularities in future.

2. In regard to the four cases of imperfect scrutiny of bills resulting in excess payment, referred to in the Comptroller's report paragraph 4, items VII to X, the result of the Revenue Commissioner's enquiry should be reported to Government.

3. The report called for from the Revenue Commissioner in para 3 of Government Order No. R. 9774-83—L. R. 382-16-2, dated 21st March 1917, as to the notice to be taken in respect of the irregularities referred to therein should be expedited.

B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.
PRESS TABLE.

No. R. 9166-75—L. R. 370-17-2, DATED 4TH MARCH 1918.

ACCOMPANIMENTS

Letter No C Per 63, dated 5th—9th February 1918, from the Revenue Commissioner in Mysore, to the Secretary to Government, Revenue Department

I have the honor to forward herewith, copy of letter No 6009—T A D A 1088, dated 16th January 1918, with its enclosures (in original) from the Comptroller to Government reviewing the working of the Treasuries in the State during 1916-17

2 From Statement B appended to the Comptroller's letter, it will be apparent that there has been some general improvement in the working of the Treasuries during the year, both in respect of the submission of the accounts, schedules and vouchers, as also in the avoidance of irregularities in payment The average number of days by which the first and second lists of payments were delayed fell from 6 and 3 4 to 4 and 2 9, respectively The number of schedules delayed fell from 258 for all the eight districts in 1915-16 to 200 in 1916-17, while only 54 vouchers were delayed in the latter year against 144 in the former. Further against 62 instances of wrong payment of bills in 1915-16 there were only 51 in 1916-17, and the number of miscellaneous omissions or mistakes also fell from 763 to 497.

3 Among the several Treasuries, Bangalore and Mysore are responsible for the longest delays and Shimoga showed decided deterioration in this respect during the year Instances of wrong payment of bills were most numerous (12) in Mysore District and were only one less in Bangalore and Tumkur Districts In Kadur District there were 3 such instances in 1916-17 against only 2 in the previous year The number of miscellaneous omissions and mistakes was largest in Bangalore District (207), Chitaldrug District having 102 such cases and Mysore District 85

4 Of the 10 objectionable items specially noticed by the Comptroller, 5 relate to the Mysore District, 2 to Tumkur District and 1 each to Kolar Bangalore and Chitaldrug Districts Of these, that relating to Chitaldrug District (remittance of an excess amount) was separately brought to notice and finally disposed of and nothing further requires to be done now That from Kolar (payment of enhanced salary without the authority of an intimation slip from the audit) discloses carelessness no doubt, but it is more *malum prohibitum* than *malum in se* The same is the case with the two instances from Tumkur District (payment of refund bill and of an arrear pay bill without pre audit) and with two of the five instances from the Mysore District (Items III and IV in para 4 of the Comptroller's letter) The remaining four cases are of a more serious nature, and in each case, careless scrutiny of the bills resulted in overpayment Two of these instances occurred in the Mysore District Treasury, one in the Bangalore District Treasury and the fourth in the Nanjangud Taluk Treasury These cases certainly do not reflect credit on the officers who were in charge of the respective Treasuries at the time, and I am addressing the Comptroller for details with a view to take further action in the matter While on this subject, I may perhaps remark that it will be more helpful to efficient Treasury Administration if such cases are intimated to me promptly as they are noticed, and not months after, as at present, by inclusion in a general report

5 The Comptroller has furnished also a special list of vouchers still due from the Mysore District Treasury A copy of it has been separately sent to the Deputy Commissioner, Mysore District, for personally investigating into the cause of such inordinate delay in their submission and for arranging for their immediate submission

---

Letter No T A D A 1088, dated 8th—16th January 1918, from the Comptroller to the Government of His Highness the Maharaja of Mysore, to the Revenue Commissioner in Mysore, Bangalore

I have the honor to forward herewith the following review of the working of Treasuries for 1916-17, for submission to Government with your report thereon —

1 *Monthly accounts and their accompaniments, Statements A B & C*—Only one District, *viz*, Chitaldrug, sent its monthly Cash Accounts on the due dates But in the submission of lists of payments and schedules, this district was worse than in the previous year, while it continued to send 2nd lists of payments one day late as in the previous year, it sent the 1st list 4 days late against 2 days in 1915-16, and delayed the submission of 34 schedules as compared with 31 in the previous year Kolar, Kadur, Mysore and Hassan were on an average one day late in sending their Cash Accounts In the submission of lists of payments, Kolar and Mysore were on the whole no better than in 1915-16 Kolar sent its 1st list one day earlier but its 2nd list one day later than in the previous year In sending schedules, this district was worse than in 1915-16, as it delayed the submission of 44 schedules against 34 in the previous year Mysore sent its 1st lists 7 days late and its 2nd lists 4 days late Bangalore, Tumkur and Shimoga were very dilatory in the submission of their Cash Accounts, the delay ranging from 3 to 5 days, Bangalore and Tumkur continued to be unsatisfactory in the submission of their lists of payments as in the previous year and the number of schedules delayed in submission by them was also large, as many as 28 were delayed by Bangalore and 26 by Tumkur.

No. R. 9166-75—L. R. 370-17-2, dated 4th March 1918.

Bangalore, Tumkur and Hassan Districts sent their vouchers in time but Kolar and Kadur continued to be unsatisfactory as in 1915-16. Mysore was worse than in the previous year as the number of vouchers that did not accompany the lists of payments rose from 8 to 12. As no payment can be made without a duly receipted bill of claims, there is no excuse for the non-submission of vouchers with the lists in which the corresponding payments are charged. A list of the vouchers of the Mysore District which have not been received yet in this office in spite of reminders requesting their submission, is attached.

2. *Annual Returns. Statement D.*—Kadur District alone sent its returns except that relating to Personal Deposits, in time. Kolar, Bangalore, Chitaldrug and Tumkur Districts sent their returns after a delay ranging from 7 to 27 days. In the case of Mysore and Hassan, the delay was 2 months and of Shimoga it was even longer. The delay in the submission of Savings Bank annual returns has been noted in the report on the working of the Banks.

3. *Statement E.*—This shows the names of different officers who were in charge of the several district treasuries during the year under report.

4. *Items objected to.*—The defects and omissions noticed in the audit of Cash Accounts and lists of payments are shown in the Statements A & B. The following irregularities may be specially mentioned.

(i) *Payment of enhanced salary without authority.*—Mr. K. Krishnaswamaiya, District Inspector of Education, Kolar, was paid by the Treasury Officer, Kolar, at an increased rate of pay without the authority of a salary intimation slip issued by this office.

(ii) *Remittance of an excess amount.*—An excess of Rs. 100 was found in the remittance sent on 28th April 1917, from the Holalkere Taluk Treasury to the State Huzur Treasury, Bangalore. The matter was reported to the Revenue Commissioner who after enquiry into it ordered the refund of the amount to the party entitled to it. Due notice of the carelessness of the Taluk Treasury staff responsible for the excess remittance has been taken by the Deputy Commissioner.

(iii) *Payment of bills without sanction or after expiry of date of sanction.*—A toddy refund bill payable to the Inamdar of Hoskote village, T.-Narsipur Taluk, for Rs. 83-3-0, pre-audited for payment on 27th October 1915, was cashed at the Taluk Treasury on 25th July 1916, after 9 months without its renewal by this office, contrary to the provisions of para 13—A of Mysore Treasury Manual.

(iv) The supplemental bill of the Kannada Girls' School, Nanjangud, for May 1917, for an arrear claim more than six months old was paid by the Nanjangud Taluk Treasury without the sanction of this office.

(v) Supplemental bill of Village Elementary Schools, Kunigal Taluk, for March 1917, for Rs. 82-8-2, on account of an arrear claim more than six months old was paid by the Kunigal Taluk Treasury without the sanction of this office.

(vi) Refund bill for Rs. 25-8-0, passed by the Revenue Commissioner on 3rd May 1916, in favour of Gandibalya of Mavinahalli village, Pavagada Taluk, was paid by the Pavagada Taluk Treasury, on 8th July 1916, without its pre-audit by this office.

(vii) *Cases of imperfect scrutiny of bills.*—The establishment pay bill of the General Hospital, Mysore, for May 1917, furnished details for Rs. 952-0-3, but payment of Rs. 992-0-3, was made on it by the Mysore District Treasury on 2nd June 1917, resulting in an excess payment of Rs. 40-0-0.

(viii) The Nanjangud Taluk Treasury paid Rs. 19-5-0, on the establishment bill of the Residency Bungalow there for May 1917, when the claim according to details furnished in the bill was for only Rs. 15-5-0.

(ix) Excise Establishment Bill of the City Range, Bangalore, for June 1916.

The details furnished in the bill worked up to Rs. 135-8-0, but payment of Rs. 138-0-0, was made on it by the Bangalore District Treasury, resulting in an excess payment of Rs. 2-8-0.

(x) *Payment of Insurance Bonus in excess of the amount authorised.*—This office authorised payment of bonus of Rs. 1,678 as advised by the Secretary, Mysore State Life Insurance Committee, to one Subbamma, widow of late Forest Ranger Sreekantiah, subject to recovery of Rs. 276-6-4, on account of arrears of premium and interest due by the deceased insured. But the District Treasury, Mysore, wrongly disbursed the full amount to the party without deducting the amount referred to. The excess payment was recovered after the mistake was pointed out by this office.

There was on the whole no improvement in the working of the Treasuries in the year under report. The Treasuries submitted their accounts neither in time nor in a complete state. The new procedure of Treasury Accounts sanctioned by Government in the Order No. Fl. 8075-85—G. F. 170-16-11, dated 27th June 1917, was introduced from 1st August 1917, and it is hoped that, as the result of simplification of work which it involves and the relief it affords to the Treasuries, there will be a substantial improvement in their working in the current year.

Statement showing the names of officers who were in charge of the Treasuries in the Districts during the year 1916-17

No	Name of District Treasury	Names of Officers	Periods of Charge — From	To	Remarks

Minor Tanks Restoration Scheme.

No. R. 9773-9785—L. R. 36-17-9, DATED 21ST MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Minor Tanks Restoration Scheme for the year 1916-17, received from the Revenue Commissioner with his No. C. Per 90, dated 21st November 1917.

No. R. 9773-9785—L. R. 36-17-9, dated 21st March 1918.

Recorded.

2. This is the first report submitted in accordance with para 10 (5) of Government Order No. R. 2440-87—L. R. 408-14-40, dated 29th August 1916. It is unsatisfactory that none of the Deputy Commissioners, except the Deputy Commissioner of Tumkur, submitted the District Reports in time to the Revenue Commissioner. Such delays should be avoided in future.

3. *Establishment.*—The revision of the District Marmat Establishments is engaging the consideration of Government, and the various suggestions made in this behalf will be duly considered. At present, the establishment charges are disproportionate to the value of the work turned out as shown by the following figures :—

District	Approximate cost of establishment during 1916-17	Approximate value of work turned out by Government Agency during 1916-17	Percentage of cost of establishment to the total value of the work done
	Rs.	Rs.	
Bangalore	9,675	19,287	50%
Kolar	11,661	18,730	62%
Tumkur	10,869	11,885	91%
Mysore ...	10,922	5,287	207%
Hassan	8,703	25,235	34%
Shimoga	8,559	12,491	60%
Kadur	6,906	7,792	88%
Chitaldrug	9,075	2,304	393%
Total ...	76,440	1,03,011	74%

The Government have already passed orders directing the substitution of better qualified men for the Tank Inspectors now employed. The Deputy Commissioners will be requested to give effect to this order as soon as possible.

4. *Preparation of programmes.*—Copies of lists of unrestored minor tanks in the Belur and Manjarabad Taluks have not yet been received by Government. These should be expedited and information furnished forthwith as to the number of unrestored tanks in each taluk which it may have been decided to abandon as unfit for restoration.

5. *Progress in the execution of works.*—It is very unsatisfactory that although 649 tanks were settled to be taken up for execution during the year, only 164 were actually taken up and of these only one was completed. The progress in the execution of incomplete works is also equally unsatisfactory, only 94 tanks having been completed out of 425 which were incomplete at the beginning of the year.

No. R. 9773-9785—L. R. 36-17-9, DATED 21ST MARCH 1918.

The remaining 331 works have thus not been completed within two seasons after their commencement and a special report regarding these works should have accompanied the annual report as required by Rule 16 of the Revised Rules appended to Government Order No. R. 2440-87—L. R. 408-14-40, dated 29th August 1916.

The total number of tanks completely restored during the year according to the present report is thus only 95, whereas according to the statements appended to the half-yearly progress reports the number comes to 149 as noted below. The discrepancy requires explanation.

Works completely restored during the half-year ended.

31st December 1916		30th June 1917	
Fresh	Incomplete	Fresh	Incomplete
5	41	35	68
	Total	149	

The Government are constrained to observe that the progress is very unsatisfactory and not at all creditable to the local officers entrusted with the execution and supervision over the working of the scheme.

As many as 278 proposals were pending sanction at the end of the year. Delay in check-measurement and payment of bills is also noticed in several cases. The audit inspection of the accounts of the District Offices in this branch of work shows much confusion and many irregularities. It is clear that the Deputy Commissioners and their subordinates have hitherto not paid adequate personal attention to this important scheme and there is hardly any supervision over its working and matters have been allowed to drift. In every respect the results are very unsatisfactory and special disciplinary measures are necessary to ensure better progress.

6. *Finance Contribution.*—From columns 13 and 14 of the statement appended to the report it is seen that a sum of Rs. 52,835 has been already recovered from the raiyats as contribution besides Rs. 965 advanced by Government. The sum recovered last year under the same head was Rs. 51,752 (*vide* column 14 of the statement appended to Government Order No. R. 6113-22—L. R. 36-16-10, dated 15th December 1916), making due allowance for the fact that a portion of the amount recovered in any year represents the contribution levied in respect of works to be executed in the succeeding year, at the lowest estimate, works to the value of Rs. 1½* lakhs should have been executed, whereas the actual expenditure is only Rs. 98,729 or 49 per cent of the budget allotment of Rs. 2 lakhs. Besides there were heavy lapses both in 1914-15 and 1915-16, the amount spent being only 48 per cent and 19 per cent, respectively of the allotted grants. Many works in respect of which a contribution has been paid have not yet been commenced.

*Three times 50,000

7. *Agency.*—Government are disappointed to find that no work was taken up for execution by any Tank Panchayet and that the works had mostly to be entrusted to contractors.

8. *General.*—The attention of the Revenue Commissioner is invited to the following discrepancies:—

(i) The figures given in column 3 of the statement appended to the report under review do not tally with the figures given in column 3 of the half-yearly progress statements showing the number of unrestored tanks at the beginning of the year 1916-17. Further they do not agree except in the Kolar and Shimoga Districts with the figures obtained by deducting from the number of unrestored tanks at the beginning of 1915-16 the number restored during that year.

(ii) The number of tanks selected for restoration during 1916-17 is given as 714 in column 4 of the statement, while in the body of the report it is

stated to be 649, and in the half-yearly progress reports it is given as 707 and 716.

(iii) The discrepancy between the results deducible from the figures in columns 5 and 8 and similar columns in the half-yearly progress reports has already been referred to *supra* (para 5).

(iv) Similar disagreement is found to exist in the case of figures relating to expenditure on works between the three statements (columns 11-13) and also contribution recovered from raiyats (columns 14 and 15).

Such discrepancies in material particulars, if needs scarcely be mentioned, greatly detract from the value of the statistics, and it is much regretted that they are noticed in the Revenue Commissioner's Office. The Revenue Commissioner is requested to obtain and furnish for the information of Government correct figures in each case.

The Minor Tanks Restoration Scheme has now been in operation for three years. According to para 6 of the first order of 11th December 1914 one thousand minor tanks should have been taken up for restoration every year but even a fair proportion of the work has not been accomplished, the total number completely restored till the end of 1916-17 being only 479.* Government are aware that in the commencement certain difficulties of procedure were experienced in the working of the rules and reported for orders, and in Government Order No. R. 9425-36—L. R. 36-16-17, dated 10th March 1917, revised instructions were issued. There is however no indication that with these revised instructions better efforts are now being made in the districts to work the scheme. Deputy Commissioners are now requested to make it a point during their tours to inspect as many works as possible, to prepare a half-yearly programme of progress and hold the Amildars responsible for the due execution of works taken up any special difficulty arising being specially reported.

*No. of works restored during 1914-15		161
,, ,,	1915-16	169
,, ,,	1916-17	149
	Total ..	479

The Government consider that the well-being of the raiyats is largely dependent on the satisfactory working of the scheme and any apathy and indifference proved against any particular district should in future entail serious consequences.

The period for which the scheme was ordered to be tentatively tried expired on 1st January 1918. The Government now direct that the scheme be continued for a further period of two years from 1st January 1918.

Minor Forest Produce.

No. R. 9024-5 Ft. 188-16-8, dated 2nd March 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 9024-5—Ft. 188-16-8, dated 2nd March 1918.

Instances having come to the notice in which, on account of the non-specification in clear terms of the items sold under minor forest produce and village amarayi, disputes have arisen between the contractors of both the products, Government are pleased to direct that in future, the notifications relating to the sale or lease of both these products should specify clearly the produce intended to be sold and the localities from which it may be collected and any other details which it may be necessary to mention to prevent conflict between the two contractors. It will be the duty of the successful bidders in the sales to make their own arrangements to safeguard their interests.

2. The Revenue Commissioner and the Conservator of Forests are requested to communicate this order to all the Deputy Commissioners and the District Forest Officers respectively, for their future guidance.

Government Notification No. R. 10316—Ft. 130-15-3, dated 9th May 1916, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Nutve Forest Block in the Malur Taluk.

2. Letter No. C 2602, dated 1st February 1918, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 464, dated 17th December 1917, reporting on the conclusion of the settlement of the block.

(Printed as accompaniments with B and C registers.)

Order No. R. 9347-50—Ft. 147-17-2, dated 8th March 1918.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the block a State Forest, with effect from 1st April 1918, will be published in the Gazette.

2. The Deputy Commissioner, Kolar District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlements in Mysore.
The Deputy Commissioner, Kolar District, with map and registers.

Exd.—G. W. B.

No R. 9347-50—Ft 147-17-2, dated 8th March 1918.

NOTIFICATION.

No R 9351 Ft 147-17-3, dated 8th March 1918

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st April 1918, the area, the boundaries of which are set forth in the Schedule annexed to this Notification shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof

Schedule

District	Taluk	Approximate area		Name of block	Situation and boundaries
		A	g		
Kolar	Malur	600	0	Nutve	Situation —A strip of land partly hilly and partly plain, situated in the south-east of Malur Taluk and north of the Markandeya River

Boundaries

North Starting from the south-western corner of survey No 24 of Chiknayakanhalli, the line runs east along the southern boundary of the said survey number to the south-western corner of the tank survey No 25, then south-east for about 19 chains through survey No 36 to a point about 3 chains south-east from the south-eastern corner of survey No 25; then east for about 14 chains through survey No 36 to a point about 5 chains south from the southernmost corner of survey No 35 then in the same direction to the south-eastern corner of survey No 24.

East —Then the line runs along the eastern and southern boundaries of survey No 36 of Chiknayakanhalli to the tri-junction bandhs of the said village and Wukkunda and Nutve; then along the common boundary between Wukkunda and Nutve villages, to the tri-junction bandhs of the abovementioned villages and Raganakanahalli then along the common boundary between Wukkunda and Raganakanahalli villages to a point on the northern boundary of survey No 29 of the latter village about 5 chains north-west from the north-western corner of survey No 30 (tank), then south-east for about 16 chains through survey No 29 along the western side of survey No 30 to a point about 1 chain north from the south western corner of the said survey number

South - Then the line passes south-west for about 40 chains through survey No 29 to a point on the left bank of the Markandeya river about 5 chains north-west from the south-western corner of survey No 29, then again south-west for about 63 chains through survey Nos 11 of Nallathimmanahalli and 29 of Devarahalli to a point about 5 chains north-east from the northernmost corner of survey No 30 of the latter village

West —Then the line continues in a north-western direction for about 18 chains through survey No 29 of Devarahalli to its north-western corner, then north, crossing the Markandeya river for about 20 chains through survey No 11 of Nallathimmanahalli to a point about 5 chains south from the south-western corner of survey No 34, then north-east for about 14 chains through survey No 11 to a point about 7 chains south-east from the south-eastern corner of survey No 31 then north for about 29 chains through survey No 11 to a point on its northern boundary about 20 chains south east from the north-eastern corner of survey No 2, then north-east for about 30 chains to a point about 5 chains south-east from the south-eastern corner of survey No 132 of Nutve, then again north-east for about 23 chains through survey No 53 of Nutve to a point about 16 chains north-east from the north-eastern corner of survey No 54, then due east for about 8 chains and then north for about 8 chains and then west for about 8 chains through survey No 53 to a point about 21 chains south-east from the south-eastern corner of survey No. 50, then goes again in a north-easterly direction for about 29 chains through survey No 53 and meets the starting point

Enclosure

The temple of Muthathiroya Swami together with the "Donè" in survey No. 36 of Chiknayakanhalli has been treated as an enclosure with a margin of 4 chains all round.

Remarks

The following rights of way are allowed through the block.

1. ***Foot-path, 6 feet wide from Chiknayakanhalli to Wukkunda,*** It enters the forest in the northern boundary of the block at a point about 7 chains west from the south-eastern corner

No R. 9347-50— Ft 147-17-2, dated 8th March 1918

of survey No. 21 of Chiknayakanhalli and runs south-east for about 6 chains through survey No 36 and quits the forest in its eastern boundary at a point about 5 chains south-west from the south-eastern corner of survey No 21.

2 *Foot-path, 6 feet wide to the Enclosure named above*—It branches from the foot-path No 1 *supra* at a point about 6 chains south-west from the south-eastern corner of survey No 24 and passes south-west for about 11 chains through survey No 36 and reaches the enclosure at a point about 11 chains north-west from the tri-junction bandhs of Wukkunda, Kondanahalli and Chiknayakanhalli

3 *Foot-path, 6 feet wide, from Nutve to Budikote*—It enters the forest in the western boundary of the block at a point about 23 chains east from the south-eastern corner of survey No 50 of Nutve and runs east for about 33 chains through survey No 53 and quits the forest in the eastern boundary of the block at a point about 5 chains south-west from the tri-junction bandhs of the said village, Wukkunda and Chiknayakanhalli

4 *Cart-track, 12 feet in width leading from Nutve to Ragamakanahalli*—It enters the forest in the western boundary of the block at a point about 10 chains north-east from the north-eastern corner of survey No 132 of Nutve and runs south-east for about 24 chains through survey No 53 and quits the forest in its eastern boundary at a point about 3 chains north east from the tri-junction bandhs of the said village, Wukkunda and Ragamakanahalli It re-enters the forest at a point about 10 chains south-east from the above named tri-junction bandh and runs south-east for about 16 chains through survey No 29 of Ragamakanahalli and leaves the forest at the north-western corner of the tank survey No. 30 of Ragamakanahalli

5 *Cart-track, 12 feet wide from Thorlakki to Ragamakanahalli*—It enters the forest in the western boundary of the block at a point about 13 chains north east from the north-eastern corner of survey No 34 of Nallathimmanahalli and runs south-east for about 50 chains through survey Nos 11 of Nallathimmanahalli and 29 of Ragamakanahalli and quits the forest at a point about 9 chains north-east from the south-western corner of survey No 29 of Ragamakanahalli

6 *Foot-path, 6 feet wide, from Devarahalli to the Markandeya river*—It enters the forest in the western boundary of the block at a point about 3 chains south from the north-western corner of survey No 29 of Devarahalli and passes north east for about 3 chains and reaches the river

7 *Foot-path 6 feet wide to Chunam Done in survey No 53 of Nutve*—It enters the forest in the western boundary of the block at a point about 18 chains south-east from the north-eastern corner of survey No 50 and runs east for about a chain and reaches the Done

The following concession is allowed in the whole block

The cattle of Nutve, 594 in number including 194 sheep are allowed to graze in this State Forest on payment of half the seignorage rates

By Order,
B RAMASWAMAIYA,
Offg Secy to Govt, Rev. Dept

Accompaniment

Letter No 464, dated 17th December 1917, from B Basavaradhya, Esq, B A, B L, Forest Settlement Officer in Mysore, Bangalore, to K R Srinivasa Iyengar, Esq, M A, Officiating Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner Kolar District

I have the honor to report on the conclusion of the settlement of Nutve block in Malur and Bowringpet Taluks, Kolar District

2 The initial Notification under Section 4 of the Mysore Forest Regulation was published on pages 372-373 of the English issue of the *Mysore Gazette*, Part I, dated 18th May 1916, and the Proclamatory Notification under Section 5 of the said Regulation was issued on 18th December 1916 and the same appeared on pages 5—7 of the Kannada issue of the Gazette, Part II, dated 4th January 1917 The Proclamatory Notifications were got served on the villagers concerned through the Amildars of Malur and Bowringpet Taluks.

3. The locality was perambulated and inspected by me in company with the Range Officer, Malur, with the villagers and village officials concerned on the 22nd, 23rd and 24th August 1917.

4. The following 13 claims were preferred to me during the enquiry

(1) One claim to right of way.

(ii) Three claims to right of water

(iii) Nine claims to miscellaneous rights.

The claims in (i) and (ii) were admitted. Out of 9 claims in (iii), 7 were admitted and 2 were rejected. In addition to the above, I have allowed 6 rights of way which were found during my inspection necessary for the villagers.

5. The Deputy Commissioner in his docket No. Dis. 415, dated 7th December 1917 says that no appeals have been preferred to him against my decision relating to the block

6. The following records are herewith submitted.

1. "B" Register
2. "C" do.
3. Boundary Notification
4. Sketch Map.
5. Topo tracing.

7 The date from which the reservation is to take effect may kindly be inserted in the draft boundary Notification

B.—Register of claims to lands, rights to forest produce or easements in the proposed Nutve State Forest in Kolar District.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Kadirappa, Patel of Chiknayakanhalli on behalf of the villagers. Forest Settlement Officer.	21st August 1917.	Stating that there is a "Doney" called Muthathirayana Done and temple in survey No. 36 which has been included in the block. It is required for their cattle to drink water as it is the only water-supply for them during summer, and praying for its exclusion		They may be allowed to utilize this Doney only for 4 months from February to May in a year.	The villagers want the Doney (a reservoir of water on a rock) and the temple of Muthathiraya in survey No. 36 to be reserved for them. The "Doney" and the tiny temple are treated as an enclosure, with four chains of margin all round. The access to the above is allowed by a foot-path, 6 feet wide branching from the foot-path to Wukkunda. A foot-path leading to Wukkunda is granted for use by men and cattle throughout the year. B. BASAVARADHYA, Forest Settlement Officer. 5th May 1917.		
2	Varadegowda, Patel of Ragamakanahalli Forest Settlement Officer.	20th August 1917.	Stating that the raiyats of Wukkunda and other villages are using the gomal survey No. 29 of Ragamakanahalli which is a bechirak village and it will be very difficult for the cattle if a greater portion of it is taken away for the reserve.		Wukkunda village containing 117 cattle including sheep and goats has got its own gomal land to the extent of 182 acres which is more than enough. Ragamakanahalli being a bechirak village requires no gomal land. Even then out of 185 and odd acres of gomal only 122 acres have been taken to the forest. Hence this claim needs no consideration	It is said that the residents of this bechirak village are now living in Wukkunda and as such they want more pasture land out of this village. The total number of cattle in Wukkunda including those of new comers is only 271 heads of cattle, 30 sheep and 113 goats. These have 182 acres 29 guntas of gomal in Wukkunda only Besides about 80 acres of gomal in Ragamakanahalli are left for the villagers Hence there seems to be no necessity for any further pasture land. A cart-track from Thorlakki and another from Nutve both 12 feet wide, are allowed for the use of men, cattle and carts throughout the year B. BASAVARADHYA, Forest Settlement Officer. 5th May 1917.		
3	Muniappa, Patel of Devarahalli on behalf of the villagers.	21st August 1917	Prays for the right of way for their cattle to go to the river Markandeya to drink water.		These villagers have already got a road leading to Thorlakki The existing road may be allowed.	A foot-path, 6 feet in width branching from the cart-track to Thorlakki is allowed for men and cattle throughout the year B. BASAVARADHYA, Forest Settlement Officer. 5th May 1917.		

No. R. 9347-50—Ft.-147-17-2, DATED 8TH MARCH 1918.

4	Chennappa, Patel of Nallathimmanahalli on behalf of the villagers	21st August 17	Stating that the villagers want some gomal for their village	Out of the gomal land 319 and odd acres only 187 acres are taken to the forest and remaining 131 acres left for the village cattle including goats and sheep 187 which is more than enough.	The gomal left for the village is about 181 acres and 2 guntas which is more than ample for 187 heads of cattle which includes 48 sheep and 18 goats and 11 calves
5	Sutharamiah, Shanbhog	22nd August 17	Stating that survey No 31 of Nallathimmanahalli village which is in the khata of Ramaswami his uncle and is in his possession should be excluded from the forest	As this was given out for cultivation prior to the proposal survey No 31 may be excluded	Survey No 11 is 21b acres and 16 guntas in area. Of this 18½ acres are proposed to be taken but a portion of Survey No 11 has been made into a separate Survey No 134) of 1 acres and 3 guntas and granted for cultivation This has to be excluded from the forest with the usual cultivation margin The line has accordingly been changed A cart-track 12 feet wide from Uderikki to Rugamakanahalli passing through the block is recognized and granted for use by men, cattle and carts throughout the year B BASAVARADHYA, Forest Settlement Officer 16th May 1917
	Forest Settlement Officer				
6	Rachoti Veerabhadrappa, Patel of Nutve.	Do	Stating that they have to take drinking water from a 'Done' on the Nutve hill for six months in the year in summer. They put up a lamp on the Yugadi day on a rock on the hill A small 'Done' at the foot of the hill is used for drinking water by the cattle of their village and of Chikmayakunta hatti and of Wukkunda There is not enough of gomal for the 1 cattle 993 in number including 191 sheep and 89 goats.	The department has no objection for their putting up a lamp on the rock which is out of the line on the Yugadi day, on condition that they should not cause any fire to the forest Water in Done at the foot of the hill may be allowed to be utilized for drinking by their cattle Out of 693 and odd acres of gomal only 200 acres have been proposed for the block and 110 acres are left as gomal for the village cattle this seems to be more than enough for the existing number of cattle in the village	There are a number of Nagara stones placed behind the Gudi Done (ಗುಡಿ ದೊಣೆ) which is said the villagers worship once a year There are also three 'Done' known as ಗೊಲ್ಲರ ದೊಣೆ ಕಿರಿಯದೊಣೆ ಮತ್ತು ಗುಡಿ ದೊಣೆ in addition to a pool in which the villagers keep a lamp on the Yugadi day There is also a mantap without an idol The villagers want all these and they are therefore excluded from the block and the line changed accordingly The villagers say that during rest in parts of the year they use 'Chinnini' Done for cattle They will be allowed to so use it and a-way, a foot-path 6 feet wide is allowed for men and cattle all the year round As gomal survey No 129 is full of rock these cattle 100 and 191 sheep are allowed to graze in this State Forest on payment of half the sanctioned rates
7	Patel Bakshappa resident of Nutve	22 Aug 1917	Praying for the exclusion of the sandal trees on the hill in survey No 51 from the block the crop of which is enjoyed by him for a long time	The crop may be allowed to be enjoyed by the applicant but at the time of removing the tree he should obtain free pass from the Forest Department	*Claims 6 and 9* Patel Bakshappa *for* Veeranna Rachoti Munnappa Allabadi *for* Veerabhadrappa Rachoti Veerabhadrappa all claim certain sandal trees on the Nutve hills and as such they are enjoying the fruits of those trees

No. R. 9347-30—Ft 147-17-2, DATED 8TH MARCH 1918.

B - Register of claims to lands, rights to forest produce or easements in the proposed Nutse State Forest, etc —*concld*

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision of any Court of final appeal and settlement
1	2	3	4	5	6	7	8
8	Rachoti Muniappa	31 Aug 1917	Stating that he has an unmetalled land (≈ 2·0) on the hill in survey No 53 of Nutse in which there is a temple and also some tamarind trees and the same may be excluded from the block		On inspection the Forest Settlement Officer was pleased to see the temple which is only a mantap and needs no consideration As for the tamarind crop the applicant can be allowed to enjoy the same with a free pass at the time of its removal	The plotted line excludes from the forest the land on which those trees are standing near the old village site As for the Vaippa's and the Irruppa *vide* decision on claim No 7	
9	Appuah resident of Nutse	29 Aug 1917	Praying for the exclusion of the tamarind tree on the hill in survey No 53 belonging to him from the reserve		Permission for the removal with a free pass may be granted	Nil	Nil
10	Munusami, son of Patel Veerannan of Nutse	do	Stating that he has applied for some 10 acres of land in survey No 53 and has spent nearly Rs. 20 for its being subdivided and putting up bandh, etc and the same may kindly be excluded from the reserve, as there is no assessed waste lands in his village		This needs no consideration as the applicant himself admits that the Revenue Department has refused to grant the land	This player is entitled to some consideration as there are no assessed waste land available in the village for cultivation and he has got it sub-divided after fighting very hard for 8 or 10 years and has paid all the expenses The land he wants is now in cultivation survey Nos 152, 55, and 51 With a view to help this man and also to allow the cultivation margin to the above, I have altered the line. 1 foot-path, 6 feet wide to Bndukote and a cart-track, 12 feet wide to Rayamakanahalli are recognized

Claims to Deposits of Deceased Members in Savings Associations.

No FL. 4962-5010—G. F. 32-17-5, DATED 16TH MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. S. A 607, dated 10th January 1918, from the Comptroller, suggesting the adoption of a rule for the disposal of claims to deposits belonging to deceased members in Savings Associations.

Order No. Fl. 4962-5010—G. F. 32-17-5, dated 16th March 1918.

Government are pleased to direct that the following rule be adopted and inserted as Rule 10 in Section I, Part I, and also as Rule 10 in Section I, Part II, of Savings Association Rules.

"In the event of the death of a depositor without previously making any nomination under Rule 9, the amount of his deposit provided it does not exceed Rs. 100, may be paid by the Head of the Office or Institution in which the Association is formed, to the person who in his opinion is entitled to receive it. Such payment shall be a complete discharge so far as the liability of Government in respect of that deposit is concerned. In doubtful cases and in all cases where the deposit exceeds Rs. 100, no payment shall be made except on production of a succession certificate duly authorising the holder thereof to receive the same."

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The Heads of Departments.
The Deputy Commissioners of Districts

Finance Committee.

No. Fl. 5197-246 - G. F. 112-17-5, dated 26th March 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 3396-444—G. F. 107-16-1, dated 19th December 1916, sanctioning the revised budget procedure providing for the discussion of the State Budget at the Representative Assembly.

2. Government Order No. J. 4490-513—Legis. 48-16-1, dated 5th June 1917, modifying the rules for the discussion of the State Budget in the Legislative Council.

3. Subject No. 1 of the Representative Assembly, October 1917, representing that a Finance Committee may be constituted for considering the draft Budget prior to its discussion in the Representative Assembly.

4. Office Memorandum No. Fl. 3636-46—G. F. 112-17-3, dated 15th January 1918, regarding the revised budget calendar up to 2nd April.

Order No. Fl. 5197-246—G. F. 112-17-5, dated 26th March 1918.

Representations have frequently been made in the Representative Assembly for associating a few members of that body in committee before the annual budget estimates are framed by Government. In the October Session of the Representative Assembly, 1917, Government promised to consider the question of constituting a Finance Committee to discuss the draft financial statement on the lines of similar institutions in British India.

2. Government consider that the proposal to constitute a Finance Committee is reasonable and that as the Representative Assembly and the Legislative Council have both been given the privilege of budget discussion, the representatives of both these bodies should be on such a Committee. Government are, therefore, pleased to constitute a Finance Committee consisting of 7 members, with the Finance Member as Chairman and with 3 Government officers *ex-officio*, and 3 non-official gentlemen from the Legislative Council and the Representative Assembly. The three Government Officers will be the Financial Secretary, the Comptroller and the Chief Secretary, and of the three non-official gentlemen, one will be elected by non-official members of the Legislative Council, one by the Representative Assembly in accordance with the rules to be prescribed separately and one will be nominated by the Government from among the members of the Representative Assembly.

3. Detailed rules prescribing the procedure of the work of the Finance Committee are appended to this Order. (Appendix A.)

4. As the Finance Committee for this year will have to be constituted before the Second Session of the Representative Assembly meets in the latter part of April 1918, it will not be possible to arrange for the election of a member by the Representative Assembly on this occasion. Both the non-official members for the Finance Committee of 1918 will, therefore, be nominated by Government and notified in due course.

5. In view of the formation of the Finance Committee and of certain minor changes necessary in the procedure prescribed in Government Order No. Fl. 3396-444—G. F. 107-16-1, dated 19th December 1916, the Budget Calendar is revised as appended to this Order.

APPENDIX A

Rules for Regulating the work of the Finance Committee

Finance Committee

1 A Finance Committee for the purpose of considering the draft Financial Statement and submitting the recommendations to Government prior to the Budget discussion in the Representative Assembly will be constituted each year

2 It will consist of 7 members as follows —

The Finance Member (Chairman)
Financial Secretary
Comptroller
Chief Secretary

One non-official member elected by the non-official members of the Legislative Council.

One non-official member elected by the non-official members of the Representative Assembly

One non-official member nominated by Government from among the members of the Representative Assembly

The procedure for the election of the non-official members by the two bodies will be duly notified separately

3 In the 1st week of April every year Government will refer to the Finance Committee the draft Financial Statement

(2) The draft will comprise tabular statements showing

(*a*) A statement of proposed estimates and balances by groups of departments according to the Financial Statement

(*b*) Statements of estimated revenue and expenditure by major heads and groups of major heads

(*c*) A statement showing what amounts are available for new schemes and proposals under the scheme of Financial Settlement for each group of departments and how it is proposed provisionally to utilise them

4 On a consideration of these statements, the Finance Committee may submit for orders of Government a report embodying their specific recommendations, not later than the 10th of April

Any recommendation likely to reduce the estimated closing balance below the prescribed minimum should be accompanied by proposals for a counter-balancing increase in revenue or reduction in expenditure Such proposals should indicate the precise item or items in the budget which should be increased or reduced

5 (1) The Proceedings of the Committee will be private and informal

(2) Free discussion will be allowed but the Chairman may at his discretion close discussion upon any particular item when he thinks that it cannot be continued with advantage

6 No discussion by the Finance Committee shall be permitted in respect of the following heads —

Revenue

VII Surplus revenue of the assigned tracts
XXIII Army

Expenditure

All reserve heads *viz*
6 Capitalisation Fund
8 Sinking Fund.
10 Reserve for interest and capital expenditure
23. Irrigation work charged to revenue (only 9. Reserve for capital expenditure)
Special reserve for non-recurring expenditure
Cauvery Power Scheme, and Sandalwood Oil Factory
Depreciation reserves
11 Palace.
15 Pension and allowances (only Political Pensions and allowances)
31 Army
32 Subsidy to British Government
34 Famine Insurance

Extraordinary Expenditure

No. Fl. 5197-246—G. F. 112-17-5, dated 26th March 1918.

7. After considering the proposals of the Committee, Government will pass such orders as they deem fit and communicate the same to the Comptroller for incorporation in the draft estimates.

8. The draft budget estimates will then be framed and printed copies thereof with the financial statement, explaining the general financing situation in the current and ensuing years and the salient points in the estimates of revenue and expenditure under the various major heads, will be distributed to the members of the Representative Assembly and the Legislative Council by the 22nd April.

Issue of Cash Orders.

No Fl 5181-90—G F. 132-17-4. dated 26th March 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No R 805—6112, dated 6th February 1918 from the Comptroller stating that though Taluk Treasuries have been permitted by Government Order No Fl 8075-85—G F 107-16-11, dated 27th June 1917, to issue Remittance Transfer Receipts direct on other District and Taluk Treasuries, the practice of issuing cash orders for payments between a District Treasury and the Taluk Treasuries subordinate to it is being unnecessarily continued and therefore proposing —

(1) to discontinue the issue of cash orders altogether by allowing the Treasuries to issue Remittance Transfer Receipts in cases in which they are now issuing cash orders and (2) to reduce the period of currency of a Remittance Transfer Receipt to the period within which it can be paid at a Treasury to three months from the date of issue and to require its renewal by the officer issuing it if payment is desired on a later date the period after which it lapses to Government and the amount thereof is credited to Government to three years (Art 403, Civil Account Code) being however unaltered and enquiring also if the minimum amount for which a Remittance Transfer Receipt can be issued may be raised from Rs 5 to Rs 15 as in the revised article 112, Civil Account Code

Order No. Fl. 5181-90—G. F. 132-17-4, dated 26th March 1918.

The proposals of the Comptroller, except that for raising the limit of Remittance Transfer Receipts from Rs 5 to Rs. 15, are approved

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. C 1292—Judl. 17-18, dated 9th—11th March 1918, from the District Magistrate, Mysore District, suggesting that Rule 716 of the Mysore Jail Manual may be modified so as to authorise the District Magistrate to depute another Senior Magistrate to be present at the time of the execution of sentence of death in case he is himself unable to be present

Order No. J. 3988-96—Pris. 39-17-2, dated 28th March 1918.

Government are pleased to approve of the suggested amendment of Rule 716 of the Jail Manual.

2. The amended Rule will stand as under :—

"716. Every execution shall take place as soon after daybreak as possible. Both the Superintendent and the Medical Officer shall be present as well as the District Magistrate or any other Magistrate that may be deputed by the District Magistrate in this behalf in case he is himself unable to be present."

No J 3847-55—Police 136-17-2, dated 12th March 1918.

Letter No 6043—420, dated Bangalore, 5—6th March 1918, from K R Srinivasa Iyengar, Esq, M A, Inspector-General of Police in Mysore, to C S Balasundaram Iyer, Esq, B A, Chief Secretary to the Government of His Highness the Maharaja of Mysore

I have the honor to submit the following Report on the working of the Mysore Game and Fish Preservation Regulation and the Rules framed thereunder for the calendar year 1917, together with the original reports received from the District Magistrates

2 The subjoined statement shows the number and description of licenses issued and the amount of fees realized during the year 1917 as compared with the preceding year

District	1916						1917					
	District licenses	District licenses including State Forests	Provincial licenses	Agricultural licenses	Total	Amount of license fees	District licenses	District licenses including State Forest	Provincial licenses	Agricultural licenses	Total	Amount of license fees
1	2	3	4	5	6	7	8	9	10	11	12	13
	Rs	Rs	Rs	Rs	Rs	Rs	Rs	Rs	Rs	Rs	Rs	Rs
Bangalore	35	4	6		45	385	46	5	5		56	435
Kolar	49				49	245	43				43	225
Tumkur	6				6	30	9				9	45
Mysore	39	9		1	49	392	28	1	1		30	225
Hassan	28	1	1	2	32	194	27	1	3		31	210
Shimoga	19	1		6	29	167	18	5		6	29	175
Kadur	53		2	16	71	357	44		1	18	63	281
Chitaldrug	7				7	35	4				4	20
Total	236	18	9	25	288	1 745	219	15	10	23	267	1,616

3 It is seen from the above statement that during the year, 267 licenses were issued under the Regulation against 288 in the preceding year, showing a decrease of 21 licenses excepting the Districts of Bangalore and Tumkur which show an increase of 11 and 3 licenses, respectively, there has been decrease in all the other districts The largest decrease, *viz*, 16, is in the Mysore District, which the District Magistrate attributes to the small number of applications from Military Officers and others owing to the continuance of the war

4 Of the 267 licenses issued, 219 were district game licenses not covering State Forests, 15 district game licenses including State Forests, 10 provincial game licenses and 23 agricultural game licenses Of the total number of licenses, 122 were taken out by Europeans or Eurasians and 145 by natives The amount of license fees recovered during the year was Rs 1,616 as against Rs 1,745 in the preceding year

5 Two cases involving 3 persons were prosecuted for violation of the provisions of the Regulation and the Rules framed thereunder, of which 1 case with 1 person in the Kadur District ended in conviction, the accused being sentenced to pay a fine of Rs 2, while the other case with 2 persons in the Hassan District, was awaiting trial at the end of the year

6 Twenty-six of the license holders (16 in Bangalore, 6 in Hassan and 2 in each of the districts of Tumkur and Chitaldrug) had been given permission to shoot not more than 2 bucks prior to the issue of Government Order No J 3405-15—Legis 12-07-26, dated 17th March 1917, prohibiting absolutely in some districts and restricting in some others the killing or capture of antelope for a period of five years None of them is however reported to have shot any bucks during the year

No. 5219-39—Ml. 167-17-1, dated 21st March 1918.

Government Order No. 7993—4C—Ml. 13-16-26, dated 20th June 1917, sanctioning the revision of the conservancy establishment of the Mysore City Municipality and stating that the revision of the other establishments of the Municipality may be taken up for consideration when its finances permit.

2. Letter No. 89, dated the 27th November 1917, from the President, City Municipal Council, Mysore, forwarding for sanction a proposition statement for the revision of the Municipal Establishments, with a view to cope with the increased work of the Municipality and also to give some encouragement to the existing staff in view of the rise in the prices of food stuffs.

3. Correspondence ending with letter No. 112, dated the 26th January 1918, from the same officer reporting that action has already been taken in the matter of the revision of animal and vehicle taxes as suggested in the Government Order of the 20th June 1917, but that the Municipal Council are not in favour of levying a sanitary cess and urging further, that, in the interests of the efficient administration of the Municipality, it is imperative that the revision proposals, which have been fixed at a minimum, after a careful consideration, should be given effect to immediately.

Order No. 5154-5—Ml. 12-17-47, dated 18th March 1918.

Sanction is accorded to the revision of the Municipal Establishment involving an additional expenditure of Rs. 363-8-0 per mensem as detailed in the proposition statement.

2. Letter No. C. 188 of 17-18, dated the 2nd February 1918, from the Deputy Commissioner, Bangalore District, submitting copies of the resolutions of the Municipal Councils and Boards in the matter as called for.

Order No. 5318—Ml. 67-17-19, dated 26th March 1918.

It is proposed to entertain combined Office Establishments for (i) the Anekal Municipal Council, the Sarjapur Municipal Board, and the Dommasandra Union, proposed to be converted into a Municipality in the Anekal Taluk, and (ii) the Municipal Boards of Nelamangala and Tyamagondlu in the Nelamangala Taluk. The arrangement proposed is not only inconvenient but also defeats the primary object that each Municipal Council or Board should have its own Office Establishment. Each of these four local bodies should accordingly entertain its own Office Establishment. If there is not enough of Office work, the establishment may be employed on any out-door Municipal work within the Municipality without detriment to the office work.

2. Subject to the above observations, sanction is accorded to the Municipal Councils and Boards in the Bangalore District entertaining the Office Establishments as detailed hereunder:—

			Rs.
1. Channapatna	...	... One clerk on	... 20
		One do ...	... 12
		Two peons on Rs. 7 each	14
		Total	... 46
2. Closepet	...	... Scale of establishment for a 3rd Class Municipal Council.	

No. 5318 – ML. 67-17-19, DATED 26TH MARCH 1918.

Accounts of Municipal Councils and Local Boards.

No. 5380-400—Ml. 168-17-1, dated 28th March 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Paragraph 9 of Government Order No. 3005-55—Ml. 132-16-1, dated the 16th November 1916, stating that among other matters, the Government reserve to themselves the right of making a half-yearly local audit of Municipal accounts and that for this purpose a certain percentage of establishment charges incurred will be debited to the Municipal Councils concerned.

2. Letter No. L. A. D. 357, dated the 1st October 1917, from the Comptroller to the Government of His Highness the Maharaja of Mysore, reporting, with reference to the Secretariat letter No. 360—L. S. G., dated the 29th June 1917, that arrangements will be made for half-yearly audit of the accounts of the Municipal Councils commencing from the year 1917-18, and stating that it is economical and desirable to have the audit work relating to the District and Taluk Boards performed half-yearly instead of yearly.

Order No. 5380-400—Ml. 168-17-1, dated 28th March 1918.

Government are pleased to direct that the accounts of the Municipal Councils and Local Boards for the year 1917-18 and onwards be audited half-yearly.

2. The payment of the expenses attending the audit of accounts of Municipal Councils and Local Boards is a legitimate charge on Municipal and District Funds both under the Municipal and Local Boards Regulations. The Comptroller estimates the total charges for auditing these accounts roughly at Rs. 2,000 per mensem. Definite proposals for enlisting the regular establishment may be submitted to Government and early arrangements made to make the first audit. With reference to the paragraph 9 of the Government Order of the 16th November 1916 read above, Government direct that one half of the cost of audit of the accounts in question be rateably levied from the several Municipal Councils and District Boards, and the other half debited to State Funds.

Reorganization of the Vaccination Department.

No. 5044-63 · San. 68-16-6, dated 9th March 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. G. C. 231-11, dated 28th June 1917, from the Sanitary Commissioner in Mysore, submitting detailed proposals for the reorganisation of the Vaccination Department.

Order No. 5044-63—San. 68-16-6, dated 9th March 1918.

The question of improving vaccination work in the State has been under consideration for a long time. The strength of the vaccination establishment was fixed at 94 so far back as 1889 and a small number of 8 reserve vaccinators was added in 1913. The scale of pay offered to vaccinators ranging from 10 to 15 has throughout remained stationary.

2. From a statement received from the Sanitary Commissioner showing the qualifications of the present staff, it is observed that out of the 102 men in employment, 80 have been trained, 15 are fit for undergoing training and the remaining 7 are too old to improve. The Sanitary Commissioner in submitting proposals for the reorganisation of the existing staff and the Department, as a whole, points out that the absence of progress in the Department is due not only to the unsatisfactory character of the agency employed but also to the want of a proper supervising staff to verify and control the work of vaccinators.

3. Government agree with the Sanitary Commissioner that a complete scheme for reorganising the Department should include the following items:—

(1) Increase in the number of vaccinators.

(2) Attracting better class of men by improving the pay and prospects of the appointment.

(3) Appointment of a sufficient supervision staff.

4. The most important part of the vaccination work is verification and supervision and there is at present no satisfactory agency to look after this work, the main work in this direction falling on the District Sanitary Officers, which could, at best, be regarded as only a make-shift arrangement. Government accordingly are pleased to direct that for each district there should at least be a Deputy Inspector of Vaccination. These Deputy Inspectors of Vaccination will be placed in three grades, the number of appointments and the scale of pay being as follows:—

Three Deputy Inspectors of Vaccination on Rs. 80 each with personal allowance of Rs. 10 to the existing District Sanitary Assistants.

Three Deputy Inspectors on Rs. 70 each.

Three Deputy Inspectors on Rs. 50 each.

They should draw travelling allowance according to ordinary rules. The present three District Sanitary Assistants and two Deputy Inspectors of Vaccination will be absorbed in these appointments (any excess of salary above the sanctioned scale being treated as personal allowance). The pay of the Deputy Inspectors will be met from State Funds though their employment will be under the District Boards. Their diaries should be submitted first to the Presidents of the District Boards who will pass them on to the Sanitary Commissioner after scrutiny by the Sanitary Officers in the districts. As regards

recruitment to this grade, the Sanitary Commissioner is requested to frame suitable rules and submit them for the approval of Government.

5. The question of improving the pay and prospects of vaccinators is one attended with some difficulty. In the first place, the existing men will have to be trained and absorbed; and secondly, the appointments should be made more attractive.

6. Government agree that to attract a better class of men to this service the pay and prospects of the vaccinators should be thoroughly revised. Vaccinators will accordingly be placed in three grades on Rs. 25, 20 and 15, a suitable distribution of the 114 appointments proposed by the Sanitary Commissioner being made as follows:—

First grade 32 on Rs. 25.
Second grade 32 on Rs. 20.
Third grade 50 on Rs. 15.

These appointments will be distributed by the Sanitary Commissioner in consultation with Presidents of District Boards according to the needs of each district. The question of giving each vaccinator a conveyance allowance also deserves consideration. The recommendation of the Sanitary Commissioner to give them a travelling allowance of Rs. 8 per mensem is approved. This should be refused or reduced if the minimum number of days fixed per mensem is not spent on tour or the minimum number of cases is not vaccinated. The existing staff of vaccinators will accordingly be transferred to the District Boards for direct supervision and disciplinary control. Rules on the subject may be framed and submitted by the Sanitary Commissioner for the approval of Government. The Sanitary Commissioner is requested to make early arrangements for training the men that are fit to be trained and proposals for removing or otherwise providing for the rest should also be submitted. Steps should be taken to see that as a rule only local men are trained and employed.

8. It will be left to the District Boards to prescribe the minimum outturn of work to be required from each vaccinator above a limit of 200 cases for each month.

9. The Sanitary Commissioner is further requested to submit draft rules prescribing the qualifications for vaccinators and Deputy Inspectors of Vaccination.

10. As regards vaccination work in Municipalities, each Municipality should make its own arrangement and pay for it from its own funds.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore.
The Presidents of District Boards.
The Deputy Commissioners of Districts for information and communication to the Presidents of Municipal Councils.

Copy of letter No 13401, dated the 20th November 1917, from the Secretary to the Government of India, Army Department, to the Adjutant-General in India —

'I am directed to refer to paragraph 993, Army Regulations, India Volume I, and to say that the Government of India sanction the award of Meritorious Service Medals without limit to Indian troops under commissioned rank (*i e*, non commissioned officers and men) for distinctly meritorious service or devotion to duty not necessarily in the presence of the enemy, in any theatre of the war since August 1914

2 Under this concession, any Indian soldier under commissioned rank, irrespective of period of service, will be eligible for the Meritorious Service Medal The award of the Medal will not, however, carry with it the annuity which usually accompanies the medal, but recipients of the medal will be eligible for consideration for the annuity if they eventually qualify under paragraph 995, Army Regulations, India, Volume I

3 Authority to award this medal may be delegated to the General Officer Commanding, Mesopatamia Expeditionary Force, or other General Officers Commanding in the field under whom Indian troops are serving"

Copy of a letter No 12995, dated the 30th August 1917, from the Deputy Secretary to the Government of India, Army Department, to the Adjutant General in India, Simla —

"I am directed to inform you that the Government of India sanction the extension of the Provisions of Army Department letter No 13401, dated the 20th November 1916 (1917), to the Imperial Service Troops including the personnel of Imperial Service Transport and Dholli Bearers

This concession does not render non commissioned officers or men of Imperial Service Troops eligible under any circumstances for the annuity to the Meritorious Service Medal under paragraph 993, Army Regulations, India, Volume I'

Injury Pensions to Combatant Ranks.

No. G. 12779-80—Mily. 102-17-5, dated 19th March 1918.

ROCLAMATION BY HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No 3906, dated 18th October 1917, from the Chief Commandant, Mysore State Troops, stating that in the matter of granting injury pensions to Combatant ranks invalided from the Field on account of diseases which though not contracted on or are due to Field Service, have been so aggravated by such service as to necessitate the discharge of individuals from the Army revised orders have been issued by the Government of India in India Army Order No 797, dated 10th July 1917, and proposing that similar orders may be issued here and the rules in Appendix L of the Mysore Service Regulations modified as suggested in the enclosure to his letter

Order No. G. 12779-80—Mily. 102-17-5, dated 19th March 1918.

The proposal is sanctioned. The Rules are printed as an Appendix to this order Necessary *addenda* and *corrigenda* slip will be issued.

C S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops
The Comptroller, Mysore Government, through Branch II

APPENDIX.

Insert a fresh para 3A, as below, the Appendix L of Mysore Service Regulations

3A Temporary and reduced rates of injury pensions in certain cases —

(i) With effect from 19th March 1918, injury pensions, as detailed in sub-para, (ii) below will be granted to combatant ranks (other than commissioned officers) who are pronounced by the Medical Board to be unfit for further service owing to illness or incapacity, which, though not contracted on, or solely attributable to, field service, has been so aggravated by the exigencies of such service at to necessitate invaliding from the army

Pensions will not ordinarily be granted unless the man has spent at least three months on field service Special sanction of Government will be necessary in cases of men who have served less than three months in the field Such sanction will not be accorded unless it can be clearly proved that the disability would not have been incurred under ordinary peace conditions to such an extent as to necessitate invaliding from the service

Pending a decision in cases of the above nature ordinary pensions or gratuities will be issued to individuals entitled to them A man with less than five years service will receive provisionally a gratuity of three months' pay subject to adjustment in the event of a pension being subsequently granted If a pension is not granted no recovery of the gratuity already given will be made

(ii) The rates of pensions for disabilities which have been classed as 3rd or 2nd degree will be Re 1 less than the rates of injury pensions of those degrees as laid in para 11 The rates for the disabilities of the 1st degree will be a uniform addition of Rs 3 to rate now sanctioned for the 2nd degree

(iii) All pensions sanctioned under the foregoing conditions will be provisional in the first instance If the disability still exists at the end of three years the pension will be made permanent.

READ—

Administration Report of the State Railway Department for the year 1916-17, received from the Secretary for Railways with his letter No. R. S. 1206—G. 3, dated 13th October 1917

Order No. G. 12028-9—G. M. 337-17-5, dated 2nd March 1918.

Recorded.

2. *Personnel.*—Owing to the absence of Rao Bahadur Mr. K. Krishna Iyengar, Agent and Secretary to Government for Railways, on combined leave, Mr. D. G. Dani was appointed to act for him. Mr. G. Richards, Consulting Engineer for the State Railways, was recalled by the Government of India and reverted to the service of that Government. Mr. K. Ananthacharya, Executive Engineer, was appointed Officiating Superintending Engineer, Construction and Open Lines.

3. *Railway Committee.*—The Committee appointed to advise Government in matters relating to the Railway administration met six times during the year and dealt with nine important subjects and passed resolutions on them.

4. *State Lines worked by the Madras and Southern Mahratta Railway Co.*—The length of the State Railway lines worked by the Madras and Southern Mahratta Railway Co., was 411·23 miles, which is practically the same as in the previous year. The percentage of net earnings on the total capital outlay of Rs. 2,57,40,129 rose from 7·06 in 1915-16 to 7·35 in the year under report.

The gross earnings during the year on these lines amounted to Rs. 39,46,619 and the working expenses to Rs. 20,54,128. The percentage of working expenses on the gross earnings of the year was 52·05 against 52·20 in the previous year. The net profit to the State during the year amounted to Rs. 7,17,832 against Rs. 6,35,141 in 1915-16.

5. *Lines worked by the State.*—The total length of the lines worked by the State increased from 68·69 miles in 1915-16 to 125·35 miles during the year.

The gross earnings during the year on these lines amounted to Rs. 1,96,796 and the working expenses to Rs. 1,81,337. The percentage of working expenses on gross earnings was 92·14. The net earnings during the year amounted to Rs. 15,459 as against Rs. 46,729 in the previous year, giving a percentage on the total capital outlay of ·35 as against 2·77 in 1915-16. Government recognise that low returns and sometimes losses are inevitable at the commencement. The Agent should however be requested to make a special investigation regarding the abnormally high working expenses with the assistance of the Financial Department and watch and see that individual lines are managed as economically as possible.

6. *Kolar District Railways.*—The section from Chintamani to Chikballapur was opened for all classes of traffic in November 1916. The capital expenditure for the year on these Railways amounted to Rs. 1,76,528. The percentage of working expenses on gross earnings was 77·57 against 60·96 in 1915-16. The total length of the line opened was 63·51 miles.

7. *Bangalore-Chikballapur Railway.*—The section from Yesvanthapur to Yelahanka was opened for all classes of traffic in February 1917. It is reported that the work on the Bangalore-Yesvanthapur section made good progress during the year and that this section is expected to be opened in the middle of 1917-18. The capital expenditure on this line during the year was Rs. 1,98,043 and the gross earnings Rs. 68,913. The percentage of working expenses on earnings stood at 72·75.

No. G. 12028-9—G. M. 337-17-5, DATED 2ND MARCH 1918.

8. *The Mysore-Arsikere Railway.*—The construction of this line was completed during the year. The capital expenditure on the line during the year was Rs. 15,18,058 bringing the total outlay to Rs. 72,56,804.

9. *Tarikere-Narasimharajapura Tramway.*—The Lakvalli-Narasimharajapura section of this line was opened for all classes of traffic in May 1917. The Tarikere-Lakvalli section which had been temporarily closed for traffic during the previous year was reopened for traffic in May 1917 after the necessary improvements had been effected.

10. *Surveys under investigation.*—(i) Estimates for the extension of Birur-Shimoga Railway from Shimoga to Arasalu were prepared during the year. The survey of the section beyond Arasalu in the direction of Bhatkal was in progress.

(ii) The surveys of the following lines were completed during the year:—

(1) Mysore-Coorg Railway.

(2) Tumkur-Sira Railway.

(3) Chikagrahar-Narasimharajapura-Benkipur Forest Tramway.

(4) Kemmangundi-Benkipur Forest Tramway.

(iii) The surveys of Nanjangud-Kankankote Railway and Narasimharajapura-Sringeri Tramway were completed in part.

(iv) Estimates for the construction of a Tramway from Thadasa to Hebbe were got ready during the year.

11. *Accidents.*—There were on the State lines 32 accidents to persons, 173 to cattle, 17 other minor accidents and 28 derailments.

12. *General.*—It is noted, that in view of the decision of Government arrived at during the year that a continuous policy of railways development should be pursued in the State till all the lines required are constructed, it is proposed to provide in the future annual budget estimates a sum ranging from 15 to 20 lakhs of rupees till the entire programme is gone through.

13. The administration of the Department was on the whole satisfactory.

No. G. 12750-51—G. M. 356-17-5, DATED 18TH MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Public Works Department for the year 1916-17, forwarded by the Chief Engineer with his letter No. 11920, dated 9th November 1917.

Order No. G. 12750-51—G. M. 356-17-5, dated 18th March 1918.

1. Recorded.

2. Rajasabhabhushana Karpur Shrinivasarav continued as Chief Engineer throughout the year under review. In the latter part of the year, Mr. Srinivasacharya Cadambi was appointed Chief Engineer for Irrigation.

3. The Hassan Division was retransferred from the Southern to the Northern Circle and the Administrative charge of the Public Works Workshop at Bangalore, was transferred from the Superintending Engineer, Southern Circle, and vested in the Officiating Director of Industries and Commerce subject to the control of the Secretary to Government in the Public Works Department. Officers of the Public Works Department were authorised from 1st April 1917 to draw pay, etc., on the presentation of bills instead of by means of cheques against letters of credit issued by the Comptroller.

4. *Total grant and outlay.*—The total grant for the year under all heads was Rs. 67,60,198 and the outlay incurred amounted to Rs. 62,94,114 including Rs. 2,31,248 spent from contributions, against a grant and outlay of Rs. 72,05,976 and Rs. 66,47,665 respectively in the preceding year. The average expenditure during the past five years was Rs. 57,72,554.

5. The difference between the outlay during the year under review and that in the previous year is mainly due to the reduced capital expenditure on the Krishnarajasagara and allied works which was only Rs. 16,88,458 as against Rs. 24,07,347 in 1915-16.

6. The year's operations resulted in a net lapse of Rs. 6,97,332 against Rs. 8,50,148 and Rs. 4,90,981 respectively in the two preceding years, the lapse under State Fund Works alone amounting to Rs. 5,75,605. This is attributed to a variety of causes such as scarcity of labour, dearth of good contractors, failure of contractors to keep time, outbreak of epidemics, delay in the payment of compensation and the handing over of acquired lands, the non-recovery of raiyats' contribution, and the early setting in of the monsoon which prevented timely collection of materials for road works. But most of these reasons are more or less of a permanent character and Government are of opinion that, with greater attention to organisation on the part of the officers concerned, a very material reduction might have been effected in the amount of unspent balance. It is very unsatisfactory that not even one-half was spent out of the grant of two lakhs and a half for the restoration of minor tanks.

7. *Krishnarajasagara Works.*—The height of the dam was left at 60 feet in the centre or the river bed portion to act as a temporary waste weir during construction, but along portions of the flanks the dam was raised to a height of 90 feet.

With the storage impounded at present, a continuous supply of about 14,000 electric Horse Power to the Kolar Gold Mines can be maintained and the hot weather crops including sugar-cane and other high rated crops can be protected. Some progress was made in the excavation of the right bank low level canal and water was supplied for irrigation from this portion as also from the left bank canal which was practically completed last year. The detailed surveys for the high level canal were in progress and estimates were under preparation.

No. G. 12750-51—G. M. 356-17-5, dated 18th March 1918.

In January 1917 the block system of irrigation was introduced under the Virjanadi, Devaraj, Chickdevarayasagar and Ramaswami channels, but as certain representations were received regarding the additional water rate charged, a Committee was appointed to enquire into the matter and its report is awaited.

8. *Irrigation Works.*—It is stated that, as a result of the experimental measures adopted for the scientific regulation and economical distribution of water in the case of eight tanks, an impetus was given to sugar-cane cultivation under the tanks. Government are very particular that the scientific regulation of water should be developed very rapidly wherever circumstances permit and that the leading cultivators should be trained in the correct methods of regulation to be able to effectively manage irrigation works themselves.

It is reported that thirty-three irrigation works sustained damage on account of heavy rainfall.

Satisfactory progress was made in improving and extending the Hemagiri and Mandagere channels and in opening out a right bank channel from the Chamaraja Anicut.

The progress made during the year on several irrigation works under construction, such as, the restoration of the Bolappanahalli tank, (Closepet Sub-Taluk) and the Timmanaikanahalli Agrahar tank, (Sidlaghatta Taluk) is not considered satisfactory.

9. *Civil Works.—University Buildings at Mysore.* The most important building works in progress during the year were the construction of the University Buildings at Mysore consisting of (1) Lecture Halls, (2) Students' Union, (3) Students' Hostel, (4) Cricket Pavilion and (5) The improvement of the Jubilee Institute. Though the work was started so late as in October, considerable progress was made during the year.

10. *Communications.*—The amount spent on the maintenance of roads during the year was Rs. 8,09,647 as against Rs. 8,46,598 in 1915-16.

Three arches of the bridge under construction across the Bhrugu river collapsed and one of the piers was damaged on account of extraordinary floods in the river and the sum spent on this work, which has not yet reached completion is Rs. 47,555 though the sanctioned estimate was only Rs. 39,539.

Good progress was made on the work of constructing a bridge across the Tungabhadra at Honnali, Shimoga District.

The works relating to the supply of water to the towns of Davangere and Nanjangud were completed and opened for service during the year under review.

A sum of Rs. 1,17,344 was spent in providing an improved supply of water specially to high level areas and laying pipes for watering certain roads in Mysore City.

It is to be regretted that suitable arrangements could not have been made to meet the demand for the water-supply of Bangalore City from the existing plant itself. It is hoped that effectual steps have been taken to remedy this state of affairs, without further loss of time.

11. *Establishment.*—The charges on account of establishment amounted to Rs. 10,31,870, the proportion which they bear to the total expenditure under all funds being 20·1 per cent.

12. The observations in paragraph 130 of the Chief Engineer's report should be communicated to the officers concerned and improvements effected brought to notice in the report for the current year.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Engineer in Mysore.
The Revenue Commissioner in Mysore.

Major and Minor Wants of Districts.

No. G. 13341-53—G. M. 258-16-28, DATED 30TH MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 13341-53—G. M. 258-16-28, dated 30th March 1918.

Government direct that the lists of Major and Minor Wants of Districts to be submitted to Government in accordance with paragraph 2 (7) of Government Order No. R. 5650-699—L. R. 10-14-211, dated 5th December 1916, be in future prepared for each of the 100 Unit areas comprising cities, towns, and taluks and arranged to be printed at private presses and that a sum of Rs. 300 be provided for the purpose in future budgets as a special charge under 'District Administration' for each district.

2. The lists should be printed in the form appended, on both sides of foolscap half size paper. Columns for noting progress, arrangements for rapid completion and remarks need not be printed, but this information may be noted in blank paper with which a few copies of the printed lists may be interleaved.

3. The cost during the current year will be met out of the surrenders in the budget grants of the year under 'Civil Administration.'

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government, through Branch II.
The Secretary to Government, Revenue Department.
The Secretary to Government, Departments of Education and Agriculture.
The Secretary, Mysore Economic Conference.

READ—

Papers relating to the revision of the *Mysore Gazetteer*.

Order No. G. 13166-215—G. M. 443-17-4, dated 26th March 1918.

1. *Preliminary.*—In their Order No. G. 787-8—G. M. 115-14-1, dated 27th July 1914, the Government entrusted the revision of the *Mysore Gazetteer* of 1897, to the Officer in charge of Archæological Researches. By the marginally noted orders subsequently passed, the Government issued certain instructions enjoining co-operation on the part of all officers of Government with the officer in charge of the revision.

(1)	Government Proceedings		No. 2188-2230—G. M. 158-14-5, dated 29th August 1914.
(2)	do	do	No. 10888-938—G. M. 304-15-12, dated 3rd February 1916.
(3)	do	do	No. 7332-81—G. M. 185-16-5, dated 4th December 1916.

2. *Issue of further instructions.*—In the light of the progress made and the difficulties encountered during the last three years, the following further instructions are now issued for the guidance of all the officers concerned.—

(*a*) *General plan and scope of the revision.*—A skeleton table of contents of Volumes I and II has been drawn up with reference to similar tables in the *Mysore Gazetteers* of 1897 and 1908 and is herewith appended. This table is avowedly provisional and liable to alteration in details as the work progresses; but it will show the general outlines of revision. Briefly stated, the object of the revision is to bring the matter up to date by the addition of new materials necessitated by the progress of the last twenty years, by the omission of obsolete information and by condensing the letterpress wherever possible.

(*b*) *Nature of the assistance required from the several officers with regard to the revision of the Gazetteer.*—The materials already collected and sent by the several officers are being examined by the officer in charge of the revision. The kind of help further required in regard to the several sections in each chapter will be specified in detail by that officer. It is however necessary to state here that requisitions from him should be promptly and sympathetically complied with. If found absolutely necessary, applications for additional temporary establishment required for this purpose may be made to Government in the respective Departments.

(*c*) *Appointment of a special Assistant Commissioner for the collection of materials for the revision.*—As materials for the greater part of Volume II and for a portion of Volume I will have to be collected in the districts, an Assistant Commissioner will be appointed to help the officer in charge of the revision by touring through the districts and collecting the materials by inspection of the records and in other ways. The Heads of Departments and Deputy Commissioners of Districts are requested to give every facility to the Assistant Commissioner in this matter. The Assistant Commissioner will prepare rough drafts in each case, get them scrutinised by the Deputy Commissioners taking the districts by turn and submit his work in batches to the Special Officer.

(*d*) *Programme of work.*—A time table for the revision of the material regarding each district and the general portion should be drawn up and adhered to. Government expect the whole work to be published in eighteen months.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Secretary to Government on Special Duty.
The Heads of Departments.
The Deputy Commissioners of Districts.
All Secretaries to Government.

SKELETON TABLE OF CONTENTS OF VOLUME I.

PART I.

PART I.—DESCRIPTIVE.

Chapter I. Physical Aspects.

1. Situation, Area, Boundaries.
2. Origin of name.
3. Natural Divisions and Scenery.
   (*a*) Malnad.
   (*b*) Maidan.
4. Hill system; description of particular mountains.
5. River system; description of particular rivers.
6. Tanks; Talpargis.
7. Geology.
8. Botany.
   (*a*) Forest Trees.
   (*b*) Crops and Cultivation.
9. Fauna.
   (*a*) Ferae Naturae (Wild animals)
   (*b*) Domestic Animals.
10. Climate.
    (*a*) Seasons.
    (*b*) Temperature.
11. Rainfall.
12. Earthquakes.
13. Cyclones.

Chapter II—Population.

1. Density.
2. Towns and villages.
3. Growth of population.
4. Migration.
5. Age Statistics.
6. Vital Statistics.
7. Diseases
8. Infant Mortality.
9. Sex Statistics.
10. Civil Condition.
11. Language.
12. Race, Tribe and Caste.
13. Occupations.
14. Food.
15. Dress.
16. Dwellings.
17. Amusements and festivals.
18. Names and Titles.

Chapter III. Religions.

Serpent worship, Tree worship, etc., (as in the Gazetteer of 1897).

Chapter IV. Language and Literature.

(As in the Gazetteer of 1897.)

PART II.

PART II.—HISTORICAL—

Chapter V—(a) History.

(1) Legendary period.
(2) Historical period.
(3) Historic Areas.

(*b*) *Archæology.*

(1) Inscriptions.
(2) Coins.
(3) Palm leaf manuscripts.
(4) Stone Monuments.
(5) Architecture.

PART III.

PART III.—ECONOMIC—

Chapter VI—Economic.

1. Agriculture.
   Soils.
   Conformation of surface.
   Rainfall.
   Agricultural population.
   Principal Crops.
   Sowing and harvest.
   Kumri cultivation.
   Agricultural Implements.
   Fruits and vegetables.
   Agricultural Department.
   Agricultural loans.
   Agricultural Banks.
   Cattle.
   Sheep and goats.
   Horses.
   Asses.

Section V—Gazetteer of principal places.

No. 9608-58—EDN. 139-17-8, DATED 23RD MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on Public Instruction in Mysore for 1916-17, submitted by the Inspector-General of Education in Mysore with his letter No. 11819—392, dated the 10th November 1917.

Order No. 9608-58—Edn. 139-17-8, dated 23rd March 1918.

This is the fifth report submitted by Rajakarya Prasakta Rao Bahadur Mr M. Shama Rao, M.A., since his appointment as Inspector-General of Education in June 1912. The following table gives the most essential information regarding the progress of education in the quinquennium during which he has been in charge of the department. The table indicates also the progress made during the year under review as compared with the previous year.

I GOVERNMENT AND GRANT-IN-AID INSTITUTIONS

(i) *University Education*	1911 12	1915 16	1916 17	
Number of institutions	8	8	8	
Number of students	578	934	*792	
Cost	Rs 1,72,884	Rs 2,12,303	Rs 2,44,094	
Percentage of cost to the total expenditure on education	8 87	7 6	7 4	

* Reduction is nominally due to students in the University Entrance classes being brought under secondary education

	BOYS			GIRLS		
(ii) *Secondary Education*	1911-12	1915 16	1916-17	1911 12	1915-16	1916-17
Number of schools	230	272	300	76	100	111
Number of pupils	31,749	36,866	43,321	7 779	10 811	13,019
Percentage to the total population of the sex concerned of school age	7 94	8 06	10 02	1 84	2 75	3 07
Cost	Rs 1,15,481	Rs 5,70,661	Rs 5 96,236	Rs 1,28,920	Rs 1,77,388	Rs 1,80 809
Percentage of cost to the total expenditure on education	21·33	20 15	18 82	6 62	6 38	5 19
(iii) *Primary Education*						
Number of schools	1,95,	4,512	6,397	322	418	490
Number of pupils	69,492	141,186	214,685	10,683	16,972	21 771
Percentage to the total population of the sex concerned of school age	16·07	38 7	49 65	2 52	4 00	5 11
Cost	Rs. 3,02,802	Rs 5,97,779	Rs 6,23,395	Rs. 70,765	Rs 1,00,035	Rs 1 26,77›
Percentage of cost to the total expenditure on education	15 51	19 31	18 90	3 63	3 59	·94

(iv) *Special Schools*	1911 12	1915 16	1916 17
Number of institutions		31	137
Number of pupils		1,663	6,093
(v) *Sanskrit Schools*			
Number of institutions		40	5'
Number of pupils		1,547	2,078 2,357

II PRIVATE INSTITUTIONS

Number of institutions	1,911	1,822	1,761
Number of pupils	25,723	24,715	23,770

The figures show that there has been steady progress in all directions for which great credit is due to Mr. M. Shama Rao.

No. 9608-58—Edn. 139-17-8, dated 23rd March 1918.

The total expenditure on Education may be classified as hereunder.

Expenditure	1911-12	1915-16	1916-17
	Rs.	Rs.	Rs.
Direction	17,335	44,906	53,358
Inspection	90,714	99,866	1,39,085
Scholarships	98,117	96,871	1,10,530
Buildings	2,78,926	3,26,968	4,64,003
Furniture	68,899	50,189	90,495
University Education	1,72,881	2,12,303	2,44,094
Secondary Education	5,41,401	7,46,019	7,77,125
Primary Education	3,72,567	6,37,814	7,50,170
Special Instruction	1,64,081	2,47,236	2,80,972
Miscellaneous	1,30,091	3,21,156	3,87,729
Total ..	19,18,018	27,85,328	32,97,561

There was an increase of Rs. 5,12,233 in the total expenditure on public instruction during 1916-17. The percentage of expenditure on education on the total expenditure of the State during the year was 9·61 as against 10·51 in the previous year.

2. *Important changes in the department.*—The new University began its work during the year. The first meeting of the Senate was held in October 1916 under the presidency of His Highness the Maharaja as Chancellor.

As a step towards decentralization in the department, certain additional powers were delegated to the Inspector-General of Education. The post of the Deputy Inspector-General of Education was revived with a view to provide for closer supervision of High Schools and larger expansion of Primary Education. A scheme of further decentralization in the department is under the consideration of Government.

The Collegiate High Schools were inspected by a commission appointed by the University. The Anglo-Vernacular department was separated from the High Schools at Kolar, Shimoga, Hassan, Chitaldrug and Chikmagalur and a parallel course of study for the Lower Secondary Examination in Kannada was also instituted in 10 selected Anglo-Vernacular Schools. A scheme for the grant of scholarships to promote higher education among communities who are backward in this respect was sanctioned and a sum of Rs. 1,00,000 has been allotted annually for the purpose. The scales of pay of the Anglo-Vernacular Schools of the Hindustani Girls' Schools, of the clerical staff of the High Schools, and of the Pandits and Munshis in the Normal Training College and in the High Schools, were revised during the year at an annual extra cost of Rs. 30,587 as stated in the margin.

	Rs.
1. Anglo-Vernacular Schools including Anglo-Hindustani Schools	10,500
	+ 6,740
2. Hindustani Girls' Schools ...	5,304
3. Clerical staff of High Schools ...	2,243
4. Pandits and Munshis in the Training College and High Schools.	5,800
Total ...	30,587

A quinquennial review on the progress of Education in Mysore during the period 1912-13 to 1916-17 is in the Press. A Manual of important orders relating to the Education Department was also compiled.

3. *Work of Inspecting Officers.*—Twenty Educational Supervisors sanctioned during the previous year were appointed in the year under report. Including these the number of inspecting Officers now is 58. About 68·35 per cent of schools of all grades were inspected by Inspecting Officers, and it is reported that there was considerable improvement in the quality of inspection work done during the year. The Assistant Inspectors are also reported to have devoted considerable attention to increase the number of schools and to increase the strength in existing schools. The report does not indicate to what extent the inspections have succeeded in raising the efficiency of schools and how far the work already begun has been consolidated. The Inspector-General of Education is requested to refer in future reports to both the qualitative and the quantitative aspects of the work of the Inspecting Officers of the department.

No. 9608-58—EDN. 139-17-8, DATED 23RD MARCH 1918.

4. *Percentages of Literacy.*—The percentages of boys and girls under instruction to the total male and female population of school-going age were 62·2 and 13·3 respectively, as against 45·8 and 9·6 in the previous year. Compared with the total population of each sex the percentages were 9·33 and 2·00 against 6·9 and 1·4 in 1915-16. The following figures indicate the proportion of population under instruction in different grades.

	1915-16	1916-17
1. University	0·39	0·24
2. Secondary	20·78	17·28
3. Primary	76·48	79·88
4. Special	1·47	1·87
5. Sanskrit Schools	0·88	0·73
Total ...	100·00	100·00

Considering the area and density of population, there was during the year under review one school for every 3 square miles and for every 620 inhabitants as against 4 square miles and 786 inhabitants respectively in the previous year. The average number of pupils in each institution of the primary and secondary grades and the average cost to the State of educating such pupils is given below:—

	Average number of pupils in each institution		Cost (in rupees) of educating each pupil per annum	
	1915-16	1916-17	1915-16	1916-17
Primary	32	35	4	3·17
Secondary	133	137	15	14·79

Government consider that with better organization and equipment the schools already started should be able to afford facilities for the education of at least 50 per cent more pupils and the Inspector-General of Education is requested to enlist the co-operation of local agencies to see that each institution has on its rolls the maximum number of pupils consistent with efficiency.

5. *Compulsory Education.*—In addition to the 27 centres brought under the operation of the Elementary Education Regulation during the previous year, the scheme was extended to 41 new centres in the year under review. During the year, 8,086 boys of compulsory age were admitted into the schools. The exemptions applied for and granted under the Regulation were so low as 53. One thousand three hundred and eighty-nine warnings were issued by the School Committees and in 12 cases prosecution was ordered but in all these cases subsequent compliance with the attendance rules rendered prosecution unnecessary. Government have sanctioned the introduction of the Regulation into 170 additional centres including 158 rural areas since the closing of the year. The Regulation has also been made applicable to girls in the cities of Bangalore and Mysore. The scheme has now passed the stage of experiment and many of the preliminary difficulties have been overcome. It should be organized on a proper permanent basis in the light of the experience gained and the entire responsibility for its working transferred to the local authorities and agencies. Proposals in this behalf will be awaited.

6. *Female Education.*—The number of institutions for girls rose from 525 to 607 and the number of girls under instruction from 41,035 to 56,715. Two lady candidates passed the B.A. Examination, one of them with honours. Of the seven that appeared for the Intermediate examination of the Madras University, three passed the examination in full and two in one part. Of the three that passed in full, one was from the Maharani's College. Three candidates appeared for the University Entrance Examination, of whom two were successful.

No. 9508-58—Edn. 139-17-8, dated 23rd March 1918.

The Maharani's College and the London Mission Girls' High School, Bangalore, passed 4 and 2 candidates respectively in the Secondary School-Leaving Certificate Examination. As regards the other examinations, the results were:—

	Number appeared	Number passed
Vernacular Upper Secondary	8	3
English Lower Secondary	27	18
Vernacular Lower Secondary	235	112
Teachers' Certificate (Theory)	29	25
Do do (Practical)	7	7
Sewing	30	20

Home Education classes were maintained in five places in the Bangalore District; the number of ladies who attended was 106 as against 87 in the previous year. The scheme for awarding 700 scholarships to encourage female education chiefly in rural areas in the primary and secondary grades was extended for another three years.

The appointment of a Deputy Inspectress and an Assistant Inspectress was sanctioned during the year.

In spite of the special efforts made to promote female education in all grades, the rate of progress is very slow. The results achieved even in the direction of primary education for girls are disappointing and the number proceeding beyond the Lower Secondary stage is negligible. The question of remodelling female education so as to adapt it to the special requirements of women is engaging attention. Government, however, consider that more energetic efforts are needed both on the part of the officers of the Department and of all agencies interested in female education in order to achieve results commensurate with the expenditure incurred.

7. *Results of Examinations.*—The total number of candidates who qualified for the B.A. Degree was 47, of whom 26 were from the Central College and 21 from the Maharaja's College. For the Intermediate examination of the Madras University, the Central College sent up 140 candidates, of whom 53 passed the examination in full with 11 in the first class, and 49 in one part. The Maharaja's College sent up 181 candidates, of whom 65 passed the examination in full with 3 in the first class and 58 in one part. The Maharani's College, as already stated above, sent up only one candidate who passed the examination. Two hundred and forty-six candidates appeared for the University Entrance Examination of whom 120 passed. Out of 941 candidates registered for the Secondary School-Leaving Certificate Examination, 331 including 6 girls were declared eligible for College courses and public service, 47 being declared eligible for public service only.

As regards the English Lower Secondary Examination, 2,184 candidates were registered and 929 including 19 girls passed the examination with 49 in the first class. For the Vernacular Lower Secondary Examination, 3,159 candidates appeared, of whom 1,230 including 112 girls, passed the examination with 36 in the first class.

8. *Special Instruction.*—The details in regard to the various branches of special instruction may be classified as follows:—

Name	Number of institutions		Number of pupils		Cost in rupees	
	1915-16	1916-17	1915-16	1916-17	1915-16	1916-17
Training Schools for Masters	6	7	368	431	63,595	71,415
Training Schools for Mistresses ...	2	2	33	32	5,453	5,498
Engineering Schools ...	2	2	208	205	30,912	40,130
Industrial Schools for males.	25	24	1,417	1,526	97,829	1,15,442
Industrial Schools for females ...	4	3	137	183	832	
Practical Instruction classes.	30	90	909	3,107	11,234	...
Commercial Schools ...	4	4	355	400	9,386	8,602
Agricultural Schools ...	2	2	27	40	32	7
Kindergarten classes ...	1	1	40	14	4,285	39,878
Schools for Deaf-mutes and Blind ...	2	2	56	65	23,678	
Other expenditure ...	...	...	...	...		
Total ...	78	190	3,550	6,003	2,47,236	2,80,972

No. 9608-58—Edn. 139-17-8, dated 23rd March 1918.

9. *Normal Instruction.*—The system of training by means of rotation classes has been abolished and provision has been made for a full regular course of training. Including the normal school at Mysore for the training of Hindustani School Mistresses sanctioned during the year under report, there are ten training institutions in all, seven for males and three for females. 113 teachers received training in the special vacation classes at Bangalore and Mysore. The demand for trained teachers is increasingly felt and the standard of training now given also requires improvement. Government would be glad to consider any proposals which the Inspector-General of Education may put forward for the training of teachers at a more rapid rate and for inducing private persons to undergo training in the normal schools.

10. *Technical Education.*—The revised scales of establishment, etc., sanctioned for the Mechanical Engineering School, Bangalore, the Chamrajendra Technical Institute, Mysore, and the Government Commercial School, Bangalore, came into effect during the year under review. The Industrial, Commercial and Engineering Schools, showed some slight improvement as compared with the previous year, but the work still requires further organization. Government have therefore appointed a separate officer for the inspection of Technical Schools and to assist the Inspector-General of Education in improving these institutions. The District Industrial and Weaving Schools are in need of special attention and improvement in order to render them really attractive and useful to the artisan population. Government trust that during the current year the equipment of the schools, the framing of suitable curricula and the appointment of duly qualified teachers will receive due attention and the schools be able to take their proper place in the vocational training of the people. In the Technical examinations held during the year, 9 candidates passed out of 21 in the advanced grade, 56 out of 93 in the Intermediate grade, and 142 out of 259 in the Elementary grade.

11. *Practical Instruction Classes.*—The number of practical instruction classes rose from 72 to 170 and their strength was 3,101. The report shows that there is considerable scope for developing the scheme of practical instruction classes on a large scale. The report is silent as to what action was taken to improve the equipment of these schools which Government pointed out was defective in their last year's review. The Inspector-General of Education is requested to send a detailed report as to the general working of the scheme, and what modifications are necessary in order to co-ordinate more effectively general and technical education from the earliest stages. The services of the Technical Assistant to the Inspector-General of Education should be fully utilised to expand this scheme and a report of the action taken should be submitted to Government.

12. *Sanskrit Education.*—All the Sanskrit schools did good work during the year under report. Since the close of the official year, Government have passed orders sanctioning a scheme for the re-organization of Sanskrit education in the State and also the re-organization of the Government Oriental Library at Mysore.

13. *Education of special classes.*—The number of schools for Mahomedan students rose from 530 to 701 and their strength from 29,292 to 38,695, of whom 29,266 were boys and 9,429 girls, the corresponding figures for the previous year being 21,925 and 7,367 respectively. In order to improve the prospects of qualified Hindustani teachers already in service and to attract suitable persons to the Anglo-Hindustani schools, the scale of the establishment of these schools was revised during the year. A special taining school at Mysore for the benefit of the Hindustani School Mistresses was also sanctioned. A qualified Head-Mistress has since been secured and the Institution began work in August 1917.

In addition to the other facilities existing for their education, the Mahomedans are also allowed to participate in the scheme of scholarships for the students of backward communities.

The number of schools for Holeyas, Madigas, Korachas, Lambanis and other depressed classes, rose from 264 to 349, of which 169 were departmental, 2 Municipal and 168 aided and 10 unaided. Their total strength rose from 6,500 to 10,521, of whom 1,305 were girls. The schools for Panchamas did useful work. In this connection the Central Boarding School at Mysore deserves special mention.

No. 9608-58—Edn. 139-17-8, dated 23rd March 1918.

14. *Medical Inspection and Religious and Moral Instruction.*—The preliminary arrangements connected with the scheme of Medical inspection were completed during the year, and it is expected that some interesting information will be made available during the current year regarding the health of the pupils. During the year under report 2,000 school children were treated for various complaints.

The effect of the religious and moral classes in schools is said to be on the whole satisfactory. Having regard, however, to the importance given to the subject in the discussions at the various official assemblies, the information given in the report under this head is considered very meagre.

15. *Scholarships.*—There were three State and two loan scholars undergoing training in foreign countries. The candidates who were awarded foreign scholarships during the year under report have not all been able to proceed to foreign lands on account of the war conditions prevailing at present.

There were 16 Damodar Das Khadayata and 37 technical scholarship holders studying in British India outside the State. An Engineering College having been opened at Bangalore, the grant of Engineering Scholarships for study in outside colleges has been discontinued.

16. *Educational Buildings and School Equipment.*—A sum of Rs. 3,90,238 was spent during the year on educational buildings of all kinds as against Rs. 3,26,968 in the previous year. The expenditure incurred on the construction of village school buildings amounted to Rs. 81,519 out of a total grant of Rs. 1,15,000 sanctioned by Government, the amount of grant-in-aid towards construction of school houses for which contributions had been paid by the people being Rs. 12,351. In spite of liberal allotment sanctioned by Government, the arrangements for providing proper accommodation to pupils have fallen far short of the increase in number and many of the existing buildings in which students are taught are over-crowded and defective in other respects. In the case of primary and lower secondary schools, the standard designs being too costly only a limited number of new school buildings are undertaken from year to year. The Inspector-General is requested to review the whole position regarding the provision of accommodation for schools and submit suitable proposals to deal satisfactorily with this important problem in connection with the rapid growth of education. No information is given in the report about arrangements made for the better equipment of schools. Many of the lowest grade schools are still ill-equipped.

17. *Preparation of Kannada Text Books.*—As many as 22 departmental books were published during the year and arrangements have been made for the preparation of 15 more books in Kannada which include text-books on agriculture, banking, business training and business methods in the West and a moral class book. Government have since sanctioned the deputation of a special officer, to prepare under the Inspector-General of Education's instructions, science text-books in three grades in Kannada. The number of books on general subjects in Kannada is still very limited and there is enormous scope for increasing the number both by original productions as well as by translations of standard books in English and other languages. Government consider that it should be possible to utilize the services of the large number of graduates in the department in the preparation of Kannada books during the periods of vacation by offering them reasonable remuneration for their labour, advantage being taken in doing so of the various well-equipped libraries in Bangalore. Government would be glad to consider any practical proposals which the Inspector-General of Education may make in this respect.

18. *Conclusion.*—The work of the Department during the year under review has on the whole been very satisfactory.

As this is the last report submitted by Mr. Shama Rao, Government have much pleasure in placing on record their appreciation of the valuable services rendered by him in the development of Education in the State, and the enthusiasm and earnestness displayed by him in his work. In recognition of the same, His Highness has been pleased to confer on him the title of Rajakaryaprasakta

No. 9608-58—Edn. 139-17-8, dated 23rd March 1918.

Government are also pleased to learn from the report that the work of the staff of the department during the year was generally efficient.

READ—

Government Order No. 5096-105—Fl. 412, dated 5th December 1896, sanctioning the appointment of the Inspector of Agricultural Banks.

2. Government Order No. Fl. 2244-61—B. 3-10-3, dated 19th June 1903, abolishing the appointment from 1st July 1903.

3. Government Order No. Fl. 2022-32—B. 55-05-2, dated 10th September 1906, appointing the Registrar of Co-operative Societies as Inspector of Agricultural Banks under the control of the Revenue Commissioner.

4. Government Order No. R. 4554-92—L. R. 194-08-1, dated 9th January 1909, placing the Inspector under the direct orders of Government.

5. Correspondence ending with letter No. 3532, dated 21—22nd December 1917, from the Registrar of Co-operative Societies in Mysore, recommending the abolition of the appointment of Inspector of Agricultural Banks.

Order No. 8920-70—A. & I. 53-15-12, dated 8th March 1918.

The appointment of Inspector of Agricultural Banks was sanctioned in 1896 for the first time as it was considered necessary to have a whole-time officer to supervise the working of the Agricultural Banks in the State and to deal with proposals for establishing new banks. The powers of supervision, etc., over these banks were subsequently transferred in part to the officers of the Revenue Department by orders of Government with the result that this part of the Inspector's work decreased considerably. As at the same time popular enthusiasm in favour of this class of banks had begun to wane and there were few applications for the establishment of new banks it was considered that there was no necessity for the separate appointment of an Inspector and the post was therefore abolished in 1903. In 1906 the Registrar of Co-operative Societies brought it to the notice of Government that the Agricultural Banks in their moribund condition were greatly retarding the spread of the Co-operative movement and suggested that they should when possible be remodelled on a co-operative basis and, where they could not be improved, wound up. He also proposed that to this end the banks may be placed under the control of the Registrar of Co-operative Societies. This proposal was sanctioned in 1906 and the Registrar of Co-operative Societies was appointed *ex officio* Inspector of Agricultural Banks as well under the control of the Revenue Commissioner. Three years later he was placed under the direct orders of Government.

2. The question of the necessity of the appointment of Inspector of Agricultural Banks has repeatedly come up for the consideration of Government. Mr. M. A. Narayana Iyengar and Mr. K. Chandy were both of opinion, while they held the appointment of Registrar of Co-operative Societies that as the Agricultural Banks are all moribund and there is nothing else to be done except to collect arrears due to Government and wind up those that have closed transactions and this work is best done by officers of the Revenue Department, the appointment of Inspector may be abolished. It is also represented that at present all the work the Inspector has to do is to submit a report to Government every year on materials supplied by the Deputy Commissioners and the Comptroller.

3. Government are of opinion that one of the principal duties of the Registrar of Co-operative Societies should be to co-ordinate and adapt to local conditions the various methods for organising Agricultural finance and the question whether

the scheme of Agricultural Banks may not be revived with such modifications as may be necessary in the light of the experience gained and the working of such institutions in other countries in the case of large or long-term loans needs further investigation. Government are therefore not in favour of the abolishing of the post of the Inspector of Agricultural Banks. The office will continue to be combined with that of the Registrar of Co-operative Societies. As Inspector of Agricultural Banks the main duties of the Registrar of Co-operative Societies will be:—

(i) Supervision of the collection of arrears from Banks that are in debt to Government. The Inspector will obtain from the Deputy Commissioners of Districts concerned quarterly statements of the progress of collection of arrears and forward a consolidated statement to Government.

(ii) Winding up of Banks which have stopped work and cannot be revived with any further advantage.

(iii) Preparation of a scheme for defining the respective functions and relation of Agricultural Banks, Co-operative Societies and Land Banks and for revival of Agricultural Banks wherever possible with modification to suit them to existing conditions.

(iv) Co-operating with the Central Committees of the Economic Conference in developing the section of Land Banks.

4. Deputy Commissioners of Districts are requested to co-operate with the Inspector in all matters above adverted to relating to the winding up of existing banks, recovery of arrears and collecting statistical and other information for developing Agricultural Banks and direct their subordinates to give all possible assistance to the officers of the Co-operative Department in this behalf.

P. G. D'SOUZA,

Dasara Exhibition.

No. 9136-85—A. & E. 46-17-39, DATED 13TH MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. 1759, dated the 30th January 1918, from the Secretary, Dasara Industrial and Agricultural Exhibition Committee, soliciting orders as to whether the Dasara Industrial and Agricultural Exhibition should be held in 1918, and if so, whether it should be confined to the State or thrown open to the whole of India

Order No. 9136-85—A. & E. 46-17-39, dated 13th March 1918.

Government are pleased to direct that the Exhibition be held as usual during the Dasara of 1918. It should be thrown open to all India products also. Special attention should be paid to attract exhibits likely to be useful in the development of new industries or improvement of existing industries in the State.

2. Arrangements should also be made, as in the preceding two years to have separate district stalls for exhibiting local products from the districts of the State and to give prominence to commercial products and manufactures specially developed within the last three years.

3. The Secretary, Exhibition Committee, is requested to draw up detailed prospectuses. etc., and after they are considered by the Industries and Commerce Committee, they should be submitted to Government for approval before the end of April 1918. In the meantime, it may be widely announced for the information of the public that the Exhibition will be held during Dasara and will be opened to the whole of India.

4. All Heads of Departments connected with economic development in the State, the Sanitary Commissioner and Deputy Commissioners of Districts will be expected to render all possible help to make the Exhibition a success and be of service in promoting industrial and other developments in the State.

5. The Director of Industries and Commerce is requested to take steps to have in readiness the exhibits which are intended to form part of the Industrial and Commercial Museum sanctioned by Government so that they may also be exhibited in connection with the Exhibition.

6. An estimate of the cost of the Exhibition should be submitted to Government so as to allow for provision being made in the next year's budget. Meanwhile, the Comptroller will be requested to provide provisionally in the budget the sum of Rs. 25,000, the amount spent on the Exhibition of 1916-17.

No. 9450-99—A. & E. 118-17-4, DATED 21ST MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Memo No. 82, dated the 13th December 1917, from the Revenue Commissioner in Mysore, forwarding a consolidated statement of the village statistics for the State for 1916-17 with a review.

(Printed as annexures)

Order No. 9450-99—A. & E. 118-17-4, dated 21st March 1918.

This is the fourth set of statistics issued under the Village Improvement Scheme. This return which is due in the Secretariat by the end of September was received only in the middle of December. Government trust that such delays will be avoided in future.

Essential information contained in the statistics.

2. The present statistics relate to 18,736 villages as against 17,848 in the previous year. Owing to non-receipt of details from some districts, information about the number of bechirak and inam villages included in the return has not been given separately as directed by Government last year. The more important figures contained in the statistics are given in the accompanying statement.

Districts	Number of villages included in the return	Population	Number of villages with Village Improvement Committees	Percentage of literacy
1	2	3	4	5
				Rs.
Bangalore	2,687	651,232	1,233	5·6
Kolar	3,429	641,435	2,171	4·9
Tumkur	2,659	703,948	1,249	7·4
Mysore	2,884	1,090,049	1,854	3·3
Hassan	2,516	526,270	1,003	6·3
Shimoga	1,975	435,315	846	5·2
Kadur	1,097	273,417	522	5·8
Chitaldrug	1,489	533,712	1,192	5·2
Total ...	**18,736**	**4,855,378**	**10,070**	.....

No. 9450-99—A. & E. 118-17-4, DATED 21ST MARCH 1918.

Districts	Area under food and other crops	Area under commercial crops	Value of Agricultural Produce	Value of Industrial output	Average yield per head of population
	6	7	8	9	10
			Rs.	Rs.	
Bangalore	624,008	34,119	1,04,27,455	16,98,902	19
Kolar	533,951	32,323	89,27,858	25,12,428	18
Tumkur	842,280	101,266	88,61,947	24,35,018	16
Mysore	1,437,455	106,099	1,42,80,813	22,48 267	15
Hassan	552,331	102,585	94,18,057	32,99,737	22
Shimoga	499,616	46,012	90,93,336	33,35,309	28
Kadur	293,471	104,831	43,45,574	54,29,046	35
Chitaldrug	909,955	213,974	86,32,705	37,78.004	23
Total ...	5,693,067	741,309	7,39,87,245	2,47,37,211	.....

Number of Village Improvement Committees.

3. The number of Village Improvement Committees has increased from 8,878 in 1915-16 to 10,070 in the year under review, the population served being 48·41 and 48·55 lakhs respectively.

Village Improvement Committees have been formed for 53·7 per cent and statistical information is available for as many as 95·9 per cent of the total number of villages in the State.

Vital statistics

4. From the figures given it appears that there was no appreciable increase in the number of births during the year though the statistics refer to 888 more villages than in the previous year, while there is a slight increase in the number of deaths as shown below:

	1916-17.	1915-16.
Births	101,147	101,003
Deaths	83,431	75,852

It is obvious that the arrangements lately sanctioned for improving the method of collecting such statistics have not as yet been brought properly into operation and that there are still serious defects in the system of collecting Vital statistics. The Revenue Commissioner and the Sanitary Commissioner are requested to see that statistics are collected with greater accuracy in future.

Development under Education

5. The percentage of literacy for the whole State which was 4·95 in 1914-15 and 1915-16 has now increased to 5·30. The most noticeable increase is in the case of the Tumkur District where 7·4 per cent of the rural population are literate. Mysore District is still very backward, the percentage there being so low as 3·3. The increase of more than one thousand grant-in-aid schools (7,362 in the year under review as against 6,353 in the previous year) reflects the eagerness of the people in all parts of the State to provide funds for the development of primary education. There is however, still only one school for 2·5 villages and every 659 of the population. No efforts should be spared till every village of any importance is provided with a school of its own. The total number under instruction has increased from 175,293 to 213,352, the increase being appreciably large in the case of girls and adults. The percentage of population under instruction to total population varies from 3·2 in the Mysore District to 5·8 in the Tumkur District and here again the Mysore District is the most backward. The average number of pupils per school is about 29 and though this figure may be considered fair, there is reason to think that by better organisation and equipment the existing institutions could be made to

serve a much larger number of pupils. Government trust that suitable efforts will be made to take the fullest advantage of the educational facilities now provided and the percentage of the rural population under instruction raised to at least 15 in the near future. Special attention should be paid to the education of adults so that literacy may be doubled throughout the State within the next three years. Government note that the number of reading rooms and similar institutions has also increased, being 1,246 as against 975 in the previous year. They trust that with the liberal rules since sanctioned for the formation of rural libraries and reading rooms such educational institutions will spring up in larger numbers in the future.

Development of Agriculture.

6. The total area shown as cropped during the year is 64·34 lakhs acres as against 63·01 lakhs in 1915-16, but the total value of agricultural production is estimated at Rs. 987·24 lakhs as against 1,036·08 lakhs in the previous year. The Revenue Commissioner considers that the low figure is due to greater caution in estimating the outturn. It is probable however that this result is due partly to want of care in calculation on the one hand and on the other deficient knowledge as to the correct methods of estimating.

Coming to details of the crops it is seen that while there has been an increase of nearly 60,000 acres under paddy, the yield has remained the same as in the previous year. This requires explanation. There is a fall of 9,000 acres under sugarcane but the yield is estimated at Rs. 8 lakhs more than in 1915-16. There has been generally an increase in the extent and outturn in the case of other crops. The area under mulberry shows an increase of 3,000 acres. The Revenue Commissioner states that the apparent decrease under sugar-cane cultivation is due to incorrect figures furnished by the Bangalore District in the previous year. Considering that this crop is one that yields handsome profits to the agriculturists and offers the best scope for expansion in the State it is necessary to devise more effective and accurate means for ascertaining the actual increase under sugar-cane cultivation from year to year and maintain a correct continuous record.

The Revenue Commissioner is requested to send up in consultation with the Director of Agriculture proposals for having more correct statistics for all commercial crops of importance in the State.

No increase however is visible in the average yield per acre which is still as low as Rs. 15. By the adoption of improved methods and implements it should be possible to considerably increase agricultural production. Government trust that the various agencies concerned with the economic development of the State will pay special attention to measures calculated immediately to increase the output so that the total value of crops may be doubled within the next ten years.

The average income from agriculture per head of population is still very low, not being more than Rs. 25·2 per head. There is thus considerable scope for improvement in this direction.

Development under industries.

7. The industries referred to under this head are mostly minor village industries. There has been an increase of about Rs. 3 lakhs in the value of the total industrial output, the total value for the year 1916-17 being Rs. 43·23 lakhs. There has been a fall in the output from silk worm rearing and silk reeling and an increase under weaving which are difficult to reconcile under the conditions now prevailing when the prices of silk are abnormally high and the weavers have to contend against serious difficulties to get coloured yarn. The average income from industrial production per head of the total rural population is less than one rupee while per head of non-agricultural population it is Rs. 26. Government have recently allotted funds for the development of rural industries and sanctioned a scheme for providing financial assistance readily to persons engaged in such industries. Government trust that special attempts will be made to foster and improve more village industries in the districts and some appreciable improvement will be shown in the coming year.

Other improvements.

8. Of the 10,070 Village Improvement Committees, 5,328 or nearly 50 % are reported to be doing real work. The Revenue Commissioner is requested to indicate in his future

reports the number of Committees that have done very good work, the number that have done fairly good work and the number that have been inactive. The total value of Village Improvement works executed during the year with or without Government aid is estimated at Rs. 6·09 lakhs as against Rs. 6·65 lakhs in the previous year. The number of religious and charitable works executed during the year was 1,096 valued at Rs. 2·96 lakhs as compared with 1,4 9 valued at Rs. 4·17 lakhs in 1915-16. The number of improved ploughs has increased by 698. The reason for the decrease in the number of pumping installations is not clear. The Director of Industries and Commerce is requested to investigate into this matter.

General observations.

9. About 7% of the total number of families have one or two subsidiary occupations besides agriculture, while the number of families that can maintain themselves during two successive years of distress is shown as only 6·5%. The Revenue Commissioner has observed in his report that there are no variations in the division of population under the main heads of occupations. The number of people engaged in Sericulture is only 3,717 or 0·7 % of the total population. Considering the large profits to be made from silk production and the favourable conditions throughout the State to develop sericulture as an important village industry, Government do not consider that the efforts made till now to develop the industry are sufficient and they expect the department to make effective arrangements to increase production by 25 to 50 per cent from year to year.

Conclusion.

10. In their order of the 6th February 1914, promulgating the Village Improvement Scheme, Government remarked that the object of collecting these statistics was to record progress from year to year. The statistics have been so far very rough and it cannot be said that they have in any way appreciably improved since the system was first inaugurated. The Revenue Commissioner has himself in his review pointed out a number of discrepancies in them. There is reason to believe that the compilation of these statistics is largely left to the village shanbhogs and that the work is done in a perfunctory manner. Until and unless the system of collecting these statistics is improved and the figures rendered more accurate, they cannot be of much value for purposes of comparison. The Revenue Commissioner is requested to submit necessary proposals for further improving the accuracy of statistics. Government also consider that a more systematic supervision of the work done by the Village Improvement Committees on the part of the District Officers is necessary in the initial stages until the Village Improvement Committees become fairly efficient and that the advantages to be derived by the maintenance of correct statistics in essential matters should be frequently impressed on the Village Improvement Committees and that as far as possible one or more of the non-official members serving on such Committees should be induced to interest themselves in the collection and study of these statistics.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Revenue Commissioner in Mysore.
The Heads of Departments.
The Deputy Commissioners of Districts.
The Secretary, Economic Conference.

No 9450-99—A. & E. 118-17-4, dated 21st March 1918.

ENCLOSURE

Government Order Nos R 6059 6107—L R 440 13 1 & 2931 80 -4 & I 91-15-2, dated 6th February 1914 & 23rd December 1915, Review on the Consolidated Return of Village Statistics for the year 1916 17 -

The accompanying consolidated Statement gives the Agricultural and Industrial Statistics under the Village Improvement Scheme for the year 1916-17 These Statistics deal with 18,736 villages against 17,848 in the previous year Information about the number of bechirak and main villages included in the return has not been separately given in some districts

2 Progress under the Village Improvement Scheme —

These villages were administered by 10,070 Village Improvement Committees as against 8,878 in the previous year The highest increase was in the Kolar District where the number of Committees rose from 1,451 to 2,171 The number of Village Improvement Committees doing real work during 1916 17 is shown as 5,328 against 5,091 in the previous year There was, however, a slight fall of Rs 57,000 in the value of the Village Improvement Works executed during the year, while the value of religious or charitable works executed by private persons stood at Rs 2,96,688 against Rs 4,17,428 in 1915-16 There was an increase of 558 in the number of Committees which held weekly meetings for purposes of spreading information and enlightenment and a decrease of 1,076 in the number of villages that devoted half a day a week for Village Improvement Works The total number of days on which ryots so worked rose, however, by 12,000 or about one day for each Committee on the average

3 *Population* —The population dealt with by the Consolidated Return is 4,855,378 distributed among 994,455 families The number of births during the year exceeded the number of deaths by 17,716

4 *Literacy and Education* —The percentage of literates to the total population is 5 3 against 4 95 in 1915-16 The rate of increase is more perceptible among females than among males The number of schools shows a further increase of 1,009 The increase is mainly under aided schools of which there were 3,368 at the end of 1916-17 against 2,079 in the previous year The Government schools rose by 103, while the private unaided schools decreased by 383, evidently due to the conversion of some of them into aided schools The percentage of persons receiving instruction to the total population rose from 3 6 to 4 3, the increase being most perceptible among adults and next after them among girls The following statement shows the number of boys, girls and adults attending schools or receiving instruction during the last three years —

	Boys	Girls	Adults	Total
1914-15	135,086	20,763	5,618	161,467
1915-16	144,407	22,424	8,462	175,293
1916-17	168,663	29,826	14,863	213,352

The above table shows clearly the steady advance in Primary Education The average number of pupils in each school is 28 9 for the whole State The average strength in Kolar, Mysore, Hassan, Shimoga and Kadur Districts is below the State average while that in Bangalore, Chitaldrug and Tumkur Districts is above it The average strength was the least in Kadur with only 22 9 for each school and highest in Bangalore, where the average was 34 9 per school It is interesting to compare these figures with the percentage of literacy in the respective districts which is below the State average in Kolar, Bangalore, Shimoga and Chitaldrug Districts, and above the State average in the other districts The number of Reading Rooms and similar Institutions rose from 975 to 1,246 during the year

Occupations

There are no perceptible variations in the division of population under the main occupations So far as the figures go, however, it is interesting to note that the average income under the main occupations of Agriculture, Weaver, Silk-reeler and Potter varies from Rs 13 8 per potter to Rs 67 2 per Silk-reeler Dividing the total industrial output by the total non-agricultural population, the average income for the non-agriculturist is found to be so low as 4 6 indicating thereby a large degree of dependence of the non-agricultural population on the activities of the agriculturists

No. 9450-99—A. & E. 118-17-4, dated 21st March 1918.

Agricultural Outturn.

The following table shows the extent of the land under the several crops and the estimated value of the probable outturn of each as compared with those of the previous year:—

No.	Name of crop	Year	Area	Value
				Rs.
1	Paddy	1915-16	767,135	2,12,27,416
		1916-17	826,662	2,12,83,991
2	Ragi	1915-16	2,319,138	3,81,70,845
		1916-17	2,362,306	3,15,58,725
3	Jola	1915-16	635,916	61,16,821
		1916-17	637,988	62,68,833
4	Horse-gram and other pulses ...	1915-16	964,910	85,64,012
		1916-17	987,958	85,06,411
5	Sugar cane	1915-16	45,683	48,14,170
		1916-17	36,608	56,00,848
6	Oil seeds	1915-16	256,153	26,46,332
		1916-17	302,282	29,77,989
7	Mulberry	1915-16	23,311	6,86,491
		1916-17	26,510	8,90,844
8	Cotton	1915-16	129,948	26,53,574
		1916-17	132,604	28,19,739
9	Cocoanut and supari ...	1915-16	133,565	70,25,258
		1916-17	140,757	72,39,547
10	Coffee and cardamon ...	1915-16	77,852	51,11,121
		1916-17	102,448	52,07,644
11	Other crops	1915-16	858,287	65,92,348
		1916-17	878,053	63,69,786
	Total ...	1915-16	6,301,898	10,36,08,458
		1916-17	6,434,376	9,87,24,456

The average yield per acre during 1916-17 was Rs. 15·3 as against Rs. 15·8 in 1915-16 and Rs. 15·6 in 1914-15. The lower figure thus arrived at is probably due to greater care and caution in the preparation of statistics during the current year. At least one instance of undue inflation in the figures of last year has been traced. The value of the output of ragi given in respect of Mandya Taluk in the last year's figures, namely, Rs. 80,82,062 is evidently a mistake for Rs. 8,82,062. Correcting that error the average yield during the last year was only 15·2. Steady improvement is perceptible in respect of all the crops, both as regards the area under cultivation and the yield, though some deviations from the general trend are perceptible owing either to undue caution on the one hand or want of care on the other, in the collection of figures. The apparent decrease, for example, in the area under sugar-cane has been traced to the obviously incorrect figure of 17,224 given as the acreage under sugar-cane in Dodballapur Taluk during 1915-16. Comparing the figures of area and outturn with those furnished by the Deputy Commissioners in the tables of Agricultural Statistics, one finds some variations which are rather hard to reconcile. For example, the area under paddy in Tumkur District is given as 84,095 acres in this Return against 70,953 in the tables of Agricultural Statistics; while that under jola in the same district is given as 20,269 as against 24,543. To give another instance, dividing the value of the outturn of jola given in these Statistics by the quantity of outturn given in the Agricultural Statistics, one arrives at about Rs. 9-8-0 as the price of one palla of jola in the Bangalore and Kolar Districts, and at about Rs. 2-8-0 only as the price of a palla in the Tumkur and Kadur Districts. Dividing the total value of agricultural outturn by the number of persons depending on agriculture, the average income per agriculturist for the whole State is found to be Rs. 25·2. The average income in the Bangalore, Kolar, Tumkur and Mysore Districts is lower, and that in the other

districts higher than the State average The highest average is obtained for Kadur District and the lowest for Mysore District It is interesting to find that Chitaldrug District stands second with Rs 33 5 per agriculturist in spite of its reputed poverty This result is mainly due to the large values accruing from the cultivation of cotton, oil-seeds and jola in that district.

INDUSTRIAL OUTPUT

The total industrial output for the year is estimated at Rs 43 23 lakhs against Rs 40 05 lakhs of the previous year Weaving has contributed 23 lakhs, silk worm rearing and reeling 7 3 lakhs and pottery a little over 3½ lakhs The total income for the year from both Agricultural and Industrial occupations is 1,030 lakhs as against 1,004 lakhs in 1915-16 and 939 lakhs in the year 1914-15

CONCLUSION

A careful comparison of the relative progress under the various items in the several districts discloses that the Mysore District is the most backward The indexes of progress or the Mysore District and for the State as a whole under certain heads are given below —

State Average	Mysore District Average
One school for every 659 persons	One school for every 847 persons
Twenty-nine pupils in each school	Twenty eight pupils in each school
Literacy, 5 3 per cent	3 4 per cent
Percentage of persons under instruction to total population 4 3	3 2 per cent
Average income per agriculturist Rs 25 2	Rs 18 3
Average income per head of population Rs 21 2	Rs 16 2
One Co-operative Society for every 24 villages	One Society for every 40 villages.
One Society for every 6,233 persons	One Society for every 15,140 persons
For 69 active workers, one is a member of a Co-operative Society	For every 234 active workers, one is a member of a Co-operative Society
One Reading Room for every 3,897 persons	One Reading Room for every 6,301 persons
One improved plough for every 251 ordinary ploughs	One improved plough for every 847 ordinary ploughs
One sugar-cane mill for every 8 acres under sugar-cane	One mill for every 13 4 acres under sugar-cane
One hundred and nine pumping installations or an average of 13 5 per district	Six pumping installations

Even allowing for possible errors in the collection of the Statistics, there can be no reason to doubt the only inference to which these figures point, and it may be well worth investigation how far this slackness is due to the unwieldy size of the district and the unequal strain thrown on the Chief Representatives of the several departments there

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No R [illegible]—I [illegible] dated the 2nd June 1914, granting the lease of the right of [illegible] to the Mysore Economic Union Ltd on certain terms

2 Letter No I 203 I [illegible] 30th November 1917 from the Secretary, Industries and Commerce Committee [illegible] in continuation of the Committee's letter regarding the grant of a loan of Rs 30,000 to the Union

3 Further correspondence on the subject ending with letter No 1377—388 dated the 21st January 1918, from the Director of Industries and Commerce

Order No 9084-6-I & C 175-17-4, dated 9th March 1918.

Government are pleased to sanction the Committee's recommendation to grant a loan of Rs 30,000 (Rupees thirty thousand only) to the Mysore Economic Union, Ltd, on the security of the plant and buildings of the Union, including those that will be erected hereafter for the Company The loan will be subject to the following further conditions —

(*a*) The Directorate of the Company should include the Director of Industries and Commerce and an officer of the Account Department to be nominated by the Comptroller

(*b*) Arrangements should be made in consultation with the Comptroller for a half-yearly audit of the accounts of the Company and transmission of a report on its working to the Director of Industries and Commerce

(*c*) The Company should provide itself with the necessary working capital without approaching Government for the same

(*d*) The loan will be repayable in ten instalments of Rs 3,000 each a year, to commence from the second year after the concern is established on a working basis, exclusive of interest which shall be payable yearly in advance The amount of the instalment will be a first charge on the net profits and payable before any dividends can be distributed Government will have the option of recovering the whole amount, if two successive instalments are not paid

(*e*) The Company must also furnish to Government an estimate of the probable results of working the concern for a period of one year The loan will be advanced only if, on examining the said estimate, it is proved to the satisfaction of the Government that the concern could be worked at a profit to the shareholders after payment of interest on the loans borrowed

2. The amount of the loan will be met from the provision for industrial takkavi loans

3. The Director of Industries and Commerce is requested, before disbursing the loan, to get a suitable document with all necessary conditions to safeguard the interests of the Government, prepared in consultation with the Government Advocate and submit the same to the Government for approval

P G. D'SOUZA,

Accounts of the Sandalwood Oil Factory.

No. 8730-1—I. & C. 58-17-37, DATED 2ND MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 8730-1—I. & C. 58-17-37, dated 2nd March 1918

Government are pleased to direct that Government Order No. 6621-2—I. & C. 58-17-26, dated 11th January 1918, issuing instructions regarding the system of accounts to be maintained in the Sandalwood Oil Factories be modified as follows:—

Para 1 (*b*). The following shall be substituted for this:—

"1. (*b*) The amount sanctioned in the budget will be treated as the allotted capital for the year and a sum not exceeding one-fourth of the amount so allotted will be placed in the State Huzur Treasury at a time at the credit of the Director as an advance to be operated upon in the same manner as a banking account. The Director and under his orders the Superintendents of the two factories will have power to incur expenditure within these budget limits. Whenever the advance amount is reduced, it may be recouped by sending a statement of accounts. No capital expenditure should be incurred except on an estimate sanctioned by Government. If any revision in the budget or a larger amount than that allotted is required at any time, the previous general or special sanction of Government should be obtained. In the case of renewals and repairs affecting the capital value of the concerns, the Director will be authorised to incur expenditure up to a limit of Rs. 5,000 in each case out of the working capital, immediate intimation being given to the Comptroller of any such expenditure exceeding Rs. 1,000 in amount."

Para 1 (*c*) will be amended as follows:—

"1. (*c*) All payments will be made by cheques on the State Huzur Treasury except in the case of the following items, *viz.*—

Salaries of establishment of the Bangalore Factory, travelling allowances and fees for consulting chemists, etc. These will be paid by preaudited bills. Amounts to be paid to other Departments of Government such as Forest, Water-supply and lighting charges, etc., will be adjusted by book transfer."

The following shall be substituted for sub-para (*e*) of para 1:—

"1. (*e*) Payments outside India will be made through Messrs. Coutts and Co., London, and arranged for by the Comptroller. Payments in India but outside the State will, except in case of payments at Madras, be made by the Director and under his orders by the Superintendent of the Bangalore Factory through the Mysore Bank, Bangalore, allowing the bank the usual commission therefor. The bills so paid shall be subject to post audit instead of preaudit. Payments at Madras will be arranged for by the Comptroller as such payments can be made without any charge."

1. (*i*) The words "The Government Commercial Auditor" shall be replaced by the word "Comptroller."

Para 1 (*j*) will be substituted by the following:—

Para 1. (*j*) "To enable the Comptroller to reconcile the monthly accounts maintained in his office with those of the two factories, the Bangalore Factory should submit a monthly statement showing the adjustment transactions under

No. 8730-1—I. & C. 58-17-37, DATED 2ND MARCH 1918.

different heads included in the accounts of both the factories with vouchers relating to the same. The original vouchers will be sent to the Comptroller's office once in six months, copies being sent with the monthly accounts. The copies will be returned to the Director for record in the factory when the original vouchers are received by the Comptroller. The Director will be authorised to employ a clerk if necessary to take copies."

The order will be reissued with the above modifications.

APPENDIX 1.

G. O. No. 6621-2—I. & C. 58-17-26, dated 11th January 1918, as modified by Government Order No. 8730-1—I. & C. 58-17-37, dated 2nd March 1918.

READ—

Correspondence ending with letter No. 1374, dated the 26th November 1917, from the Director of Sandalwood Oil Factory, forwarding the report* of Messrs. Fraser and Ross, Chartered Accountants, containing suggestions as to the system of accounts to be maintained in the Sandalwood Oil Factories.

*(Printed as Appendix.)

ORDER NO. 6621-2—I. & C. 58-17-26, DATED 11TH JANUARY 1918

As arrangements can be made to cash cheques at the State Huzur Treasury itself, Government are not in favour of the proposals for conducting the transactions through the Bank of Mysore.

After considering the two schemes submitted by the Chartered Accountants, Government are pleased to approve of the following arrangements for the financial operations of the two Factories :—

1. (*a*) Before the beginning of each financial year, the Director should obtain Government sanction for a detailed budget of the capital and revenue expenditure for each factory for the year.

(*b*) The amount sanctioned in the budget will be treated as the allotted capital for the year and a sum not exceeding one-fourth of the amount so allotted will be placed in the State Huzur Treasury at a time at the credit of the Director as an advance to be operated upon in the same manner as a banking account. The Director and under his orders the Superintendents of the two factories will have power to incur expenditure within these budget limits. Whenever the advance amount is reduced, it may be recouped by sending a statement of accounts. No capital expenditure should be incurred except on an estimate sanctioned by Government. If any revision in the budget or a larger amount than that allotted is required at any time, the previous general or special sanction of Government should be obtained. In the case of renewals and repairs affecting the capital value of the concerns, the Director will be authorised to incur expenditure up to a limit of Rs. 5,000 in each case out of the working capital, immediate intimation being given to the Comptroller of any such expenditure exceeding Rs. 1,000 in amount.

(*c*) All payments will be made by cheques on the State Huzur Treasury except in the case of the following items *viz* :—

Salaries of establishment of the Bangalore Factory, travelling allowances and fees for consulting chemists, etc. These will be paid by preaudited bills. Amounts to be paid to other Departments of Government such as Forest, Water-supply and lighting charges, etc., will be adjusted by book transfer.

(*d*) For the present, the Bangalore Factory will be treated as the Head Office and all payments in connection with the Mysore Factory, except salaries of establishment, wages and petties will be made in Bangalore, bills for purchases, etc., being passed by the Mysore Superintendent and sent to Bangalore for payment.

The Director will arrange to transfer a sufficient amount to the credit of the Superintendent of Sandalwood Oil Factory in the Mysore District Treasury from time to time for payments to be made in Mysore and he may be allowed to operate on the account but not overdraw.

(*e*) Payments outside India will be made through Messrs. Coutts and Co., London and arranged for by the Comptroller. Payments in India but outside the State will, except in case of payments at Madras, be made by the Director and under his orders by the Superintendent of the Bangalore Factory through the Mysore Bank, Bangalore, allowing the Bank the usual commission therefor. The bills so paid shall be subject to post audit instead of preaudit. Payments at Madras will be arranged for by the Comptroller as such payments can be made without any charge.

(*f*) Amounts realised by sales of oil from the London Agents will be paid to Messrs. Coutts and Company, London, and should form part of Government balance. The Director should intimate to the Comptroller directly all sales of oil as they are concluded so that that officer might be able to keep a proper watch as to collections and credit to the bankers without delay. He should also intimate credit to the Comptroller as soon as payment is reported

to him by the Agents. All amounts received in India should be credited to the State Huzur Treasury.

(*g*) The accounts proposed by the Chartered Accountants are mostly those that are already maintained in the Factory. These may be therefore continued with the modifications pointed out by them. An Imprest Book and a Treasury Remittance Register will have to be maintained in addition.

(*h*) The following books should also be maintained in the two Factories:—

(1) A Register showing the value of buildings, machinery, tools and plant, etc., forming the capital expenditure on the two factories.

(2) A Register to show the sandal oil produced, disposed of and balance on hand and in transit.

(3) A similar Register for sandalwood powder and other bye-products, if any.

(*i*) The local audit of accounts by the Comptroller will continue to be done as heretofore, a monthly balance sheet and profit and loss account being submitted to Government. There will be a half-yearly audit by a Firm of Chartered Accountants to be nominated by Government.

(*j*) To enable the Comptroller to reconcile the monthly accounts maintained in his office with those of the two factories, the Bangalore Factory should submit a monthly statement showing the adjustment transactions under different heads included in the accounts of both the factories with vouchers relating to the same. The original vouchers will be sent to the Comptroller's Office once in six months copies being sent with the monthly accounts. The copies will be returned to the Director for record in the factory when the original vouchers are received by the Comptroller. The Director will be authorised to employ a clerk if necessary to take copies.

2. The Director is requested to intimate to the Comptroller the approximate amount that would be necessary to be placed at his credit in the State Huzur Treasury as stated in paragraph 1 (*b*) above for the rest of the year.

3. The Comptroller is requested to make necessary arrangements so that all bills of the Factory which are subject to preaudit as well as those that have to be paid outside the State are paid promptly. He is also requested to direct the Commercial Auditor to have the proper Account Books and Registers introduced as stated above at once.

APPENDIX II.

Letter dated 5th October 1917, from Messrs. Fraser and Ross, Chartered Accountants Madras, to Alfred Chatterton, Esq., F.C.G.I., C.I.E., Director, Sandalwood Oil Factories in Mysore, Bangalore.

In accordance with the instructions contained in your No. 1082, dated 31st August 1917, we have examined and audited the books of the Sandalwood Oil Factory in Bangalore, for the period from 10th May 1916 to 30th June 1917.

We enclose herewith a Balance Sheet of the Bangalore Factory as at 30th June duly certified, together with a Profit and Loss Account for the period from 10th May 1916 to 30th June 1917. The Mysore Factory not having commenced working at 30th June, no figures are given for same.

Expenditure on construction.—The Commercial Auditor to the Mysore Government has shewn us a statement reconciling the capital expenditure on the Bangalore Factory with the records kept by the Comptroller, but on our visit to the Mysore Factory, we were unable to reconcile the figures there shewn with those given to us by the Commercial Auditor as taken from the Comptroller's Registers. The Commercial Auditor has promised to look into the matter and agree the difference.

Your instructions are:—(1) To prepare a working system of accounts, and (2) to make suggestions as to the most effective manner in which Government may exercise their financial control over the undertaking.

System of accounts.—The necessity for the factory accounts being kept on up-to-date commercial lines cannot be too strongly impressed upon all concerned and the forms given herewith have been designed with that end in view and they also make provision for possible extension in the methods of marketing the oil.

The books now kept in Bangalore do not differ greatly from the forms given herewith and credit is due to the Commercial Auditor for having started the books on sound lines.

No. 8730-1—I. & C. 58-17-27, DATED 2ND MARCH 1918.

The following is a list of the Account Books that should be kept at Bangalore.—

General Ledger.
Cash Book.
Journal.
Sales Ledger.
Purchase Ledger.
Sales Day Book.
Purchase Day Book.
Sandalwood Stock Book.

We have designed the system so that the book-keeping of both Bangalore and Mysore will be done at Bangalore as it is better that all the books should be kept at one central office. If eventually it is desired to have the central office in Mysore, it will involve no change of system.

General Ledger, Form No. I.—This contains all Impersonal Accounts, the headings of which will be found in the Balance Sheet and Profit and Loss Account enclosed herewith.

Journal Form, No. II.—For transfers and closing entries.

Cash Book, Form No. III.—For all cash and bank transactions and is designed to facilitate posting to the Purchase and Sales Ledgers.

Sales Ledger, Form No. IV.—For Personal Accounts with purchasers, posted from the Sales Day Book (Form No. VI). A balancing or check account for the Ledger is kept in the General Ledger.

Purchase Ledger, Form No. V.—For Personal Accounts with suppliers of goods to the Factory, posted from the Purchase Day Book (Form No. VII). A balancing or check account for this Ledger is also kept in the General Ledger.

Sales Day Book, Form VI.—For entering all credit sales consecutively and posted in detail to the Sales Ledger and in monthly total to the check account in the General Ledger.

Purchase Day Book, Form No. VII.—For all credit purchases, posted in detail to Purchase Ledger and in monthly total to the check account in General Ledger.

Sandalwood Stock Book.—The form now in use is quite suitable and gives all the information required.

General.—In the above we have not thought it necessary to give details as to the keeping of each individual book, as the Accountant at the Bangalore Factory and the Commercial Auditor are conversant with the method of writing up the books for which we have given forms.

The size of the forms given is not of course as the books will finally be, they are only meant to indicate the ruling required.

A Balance Sheet, Trading Account and Profit and Loss Account for each Factory separately and combined statements as per Forms VIII, IX, and X herewith will be made up monthly.

Mysore Factory.—The only book of account to be kept at the Mysore Factory will be a Cash Book, copies of which will be sent to Head Office weekly. If Mysore is ultimately the Head Office, the account books now designed will merely be removed there and Bangalore will keep only a Cash Book and send copies weekly to Mysore.

Mysore will send the following returns to Bangalore weekly :—

Copy of Cash Book.
Output and Issue of Oil.
Sandalwood received and consumed.
Fuel received and consumed,

and the undernoted returns will be sent monthly—

Details of Cash and Bank Balances.
Stock of Sandalwood.
„ of Fuel.
„ of Sandalwood Oil.
„ of General Stores.

Financial Control by Government.—We put forward two schemes—

No. 1 is in our opinion, the best, having regard to efficiency and also to the possibility of business relations being established with the Madras Government.

No. 2 is a scheme that would probably work fairly satisfactorily if the Mysore Government continued to be the only one interested in the Industry.

No. 8730-1—I. & C. 58-17-37, dated 2nd March 1918.

Scheme No. I.—This scheme is a departure from the ordinary methods of the Comptroller's Department but if efficient running of the financial transactions of the business is aimed at, it is, in our opinion, the most workable one.

The business is large and should be conducted on sound business lines and there cannot be any doubt that the methods used by Mercantile Firms are much more suited to their requirements than the ponderous methods of a Government Department would be.

1. We suggest that, a fixed capital should be allotted to the industry; the Director can approximate what amount is required. The allotted capital would not only be the amount spent on equipping the factories but would also have to be sufficient to finance the stocks, etc., and provide any working capital necessary.

2. An account should be opened with the Bank of Mysore, Limited, to be operated on by two signatories jointly—say the Superintendent and the Manager.

3. At present most of the foreign sales of oil are made through Messrs. Whiffen & Sons, Limited, of London, who pay in proceeds as realised to Messrs. Coutts & Co., London, for the credit of the Mysore Government, cabling to the Factory advices of each payment, these amounts being presumably utilised by Government for their requirements in London. We suggest that, as each payment by Whiffen to Coutts is advised, the equivalent thereof should be paid in by Government to the credit of the factory with the Bank of Mysore; this would enable those in charge of the business always to be in touch with their financial position. In this connection it should be borne in mind that it is quite possible that in the future shipments may not all go to London and bills and other exchange transactions may have to be negotiated and it is desirable that the whole of the sales should be focussed in a Bank Account. Government will, of course, not wish that the factory should accumulate large balances with the Bank which could profitably be used elsewhere and we suggest that an order might be issued that, if the Bank balance exceeded—say Rs. 50,000 or any other sum that may be arranged, it should be paid over to Government.

4. All payments including those to Forest, Electric, Water and Public Works Departments would be made by cheque on the Bank of Mysore.

5. All cash collections would be paid into the Bank, none being used for current expenses, an imprest allowance being kept for petties.

6. A Balance Sheet and Profit and Loss Account would be made up monthly, audited by the Commercial Auditor, and submitted to Government shortly after the close of each month, a half-yearly audit being done by ourselves.

7. As regards the Mysore Factory (or the Bangalore Factory if the Head Office is removed to Mysore) all payments except wages and petties would be made in Bangalore, bills for purchases, etc., being passed by the Mysore Superintendent and sent to Bangalore for payment.

The Mysore Factory would open an account with the Bank of Mysore there, which would be placed in funds as required, for wages, etc., the Superintendent alone operating on the account and not having sanction to overdraw. This would place the Head Office in control of the Mysore expenditure.

8. From the above it will be seen that Government will always be able to ascertain the exact position of the Industry each month and as the management of the business will be in the hands of officials picked by Government and in whom they place reliance, it is difficult to see what more effective control is required.

As already indicated, the above is a complete transference from Government to Commercial methods but the machinery of a Government Department, suited as it may be to the requirements of such a Department, is not adapted to the running of a commercial concern.

Government have hitherto insisted on a so-called pre-audit of all bills to be paid; these bills are passed for payment by the Director or other responsible official and sent to the Comptroller for payment and after being duly audited, necessarily without any knowledge and entirely on the factory passing Officers' signature, are paid often, we are informed, a considerable period after they have entered the Comptroller's office. There is nothing in the pre-audit system, so far as we know, to prevent a bill being paid twice and the risk of the factory official passing a bill twice is greatly enhanced by the fact of bills once passed having gone out of his custody and owing to the delay in payment, the seller sending in another bill for the same amount. Accounts from suppliers are usually rendered monthly and if not paid by the end of the following month are generally sent in again.

Scheme No. II.—The following is an alternative method:—

1. A fixed capital to be allotted to the factory as in *Scheme No I, para 1.*

No. 8730-1—I. & C. 58-17-37, dated 2nd March 1918.

Scheme No. I.—This scheme is a departure from the ordinary methods of the Comptroller's Department but if efficient running of the financial transactions of the business is aimed at, it is, in our opinion, the most workable one.

The business is large and should be conducted on sound business lines and there cannot be any doubt that the methods used by Mercantile Firms are much more suited to their requirements than the ponderous methods of a Government Department would be.

1. We suggest that, a fixed capital should be allotted to the industry; the Director can approximate what amount is required. The allotted capital would not only be the amount spent on equipping the factories but would also have to be sufficient to finance the stocks, etc., and provide any working capital necessary.

2. An account should be opened with the Bank of Mysore, Limited, to be operated on by two signatories jointly—say the Superintendent and the Manager.

3. At present most of the foreign sales of oil are made through Messrs. Whiffen & Sons, Limited, of London, who pay in proceeds as realised to Messrs. Coutts & Co., London, for the credit of the Mysore Government, cabling to the Factory advices of each payment, these amounts being presumably utilised by Government for their requirements in London. We suggest that, as each payment by Whiffen to Coutts is advised, the equivalent thereof should be paid in by Government to the credit of the factory with the Bank of Mysore; this would enable those in charge of the business always to be in touch with their financial position. In this connection it should be borne in mind that it is quite possible that in the future shipments may not all go to London and bills and other exchange transactions may have to be negotiated and it is desirable that the whole of the sales should be focussed in a Bank Account. Government will, of course, not wish that the factory should accumulate large balances with the Bank which could profitably be used elsewhere and we suggest that an order might be issued that, if the Bank balance exceeded—say Rs. 50,000 or any other sum that may be arranged, it should be paid over to Government.

4. All payments including those to Forest, Electric, Water and Public Works Departments would be made by cheque on the Bank of Mysore.

5. All cash collections would be paid into the Bank, none being used for current expenses, an imprest allowance being kept for petties.

6. A Balance Sheet and Profit and Loss Account would be made up monthly, audited by the Commercial Auditor, and submitted to Government shortly after the close of each month, a half-yearly audit being done by ourselves.

7. As regards the Mysore Factory (or the Bangalore Factory if the Head Office is removed to Mysore) all payments except wages and petties would be made in Bangalore, bills for purchases, etc., being passed by the Mysore Superintendent and sent to Bangalore for payment.

The Mysore Factory would open an account with the Bank of Mysore there, which would be placed in funds as required, for wages, etc., the Superintendent alone operating on the account and not having sanction to overdraw. This would place the Head Office in control of the Mysore expenditure.

8. From the above it will be seen that Government will always be able to ascertain the exact position of the Industry each month and as the management of the business will be in the hands of officials picked by Government and in whom they place reliance, it is difficult to see what more effective control is required.

As already indicated, the above is a complete transference from Government to Commercial methods but the machinery of a Government Department, suited as it may be to the requirements of such a Department, is not adapted to the running of a commercial concern.

Government have hitherto insisted on a so-called pre-audit of all bills to be paid; these bills are passed for payment by the Director or other responsible official and sent to the Comptroller for payment and after being duly audited, necessarily without any knowledge and entirely on the factory passing Officers' signature, are paid often, we are informed, a considerable period after they have entered the Comptroller's office. There is nothing in the pre-audit system, so far as we know, to prevent a bill being paid twice and the risk of the factory official passing a bill twice is greatly enhanced by the fact of bills once passed having gone out of his custody and owing to the delay in payment, the seller sending in another bill for the same amount. Accounts from suppliers are usually rendered monthly and if not paid by the end of the following month are generally sent in again.

Scheme No. II.—The following is an alternative method:—

1. A fixed capital to be allotted to the factory as in *Scheme No I, para 1.*

No. 8730-1—I. & C. 58-17-37, DATED 2ND MARCH 1918.

2. An account to be opened with the Bank of Mysore, operated on by two joint signatories, a budgetted allowance as may be arranged being credited to this account, the account being used entirely for expenditure, no sale proceeds or other credits going into it.

3 All sale proceeds, including the amount paid to Coutts to be paid to the credit of Government, the necessary entries being of course made in the Factory books.

4. Amounts due to the Forest, Electric, etc., Departments to be adjusted by transfers.

5. A Balance Sheet and Profit and Loss Account to be made up as in *Scheme No. I, para 6.*

6. The financing of the Mysore Factory to be done as per *Scheme No. I, para 7.*

In both the foregoing schemes it is suggested that a definite amount of capital should be allotted and while desirable in both cases, it is imperative in the event of Mysore dealing with sandalwood belonging to other Governments as the Mysore Government, having financed the construction of the factories, they would be entitled to an agreed on rate of interest on the capital employed as a first charge on any profits, before division amongst other administrations.

Another point that we have not specifically mentioned is that, whichever scheme is adopted, the pre-audit of bills must be abolished and all bills and other vouchers must be kept at Head Office, available when required by the Factory officials, Auditors, etc.

The adoption of Scheme No. II will necessitate an additional column for Comptroller on each side of the Cash Book as designed (*Form II*).

We trust that both schemes are sufficiently clear to enable a satisfactory decision to be arrived at but, if there are any points upon which further information is required, we shall be very pleased to give same on your communicating with us.

Civic and Social Progress Association.

No. 1506-9—E. A. G. 219-17, DATED 2ND MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 2, dated the 13th November 1917, from the Managing Vice-President, Civic and Social Progress Association, Mysore, making certain requests for assistance from Government on behalf of the Association.

Order No. 1506-9—E. A. G. 219-17, dated 2nd March 1918.

The Civic and Social Progress Association, Mysore, was started in October 1916 on the initiative of a few earnest workers with the object of advancing the cause of civic and social progress in the State by wide propaganda work. The Association has its headquarters at Mysore and His Highness the Yuvaraja is the President.

2. During the short period it has been in existence, the Association has done some amount of useful work, necessarily of a tentative and preparatory character, and a Social Conference, the first of its kind in the State, met under its auspices in June 1917 at Mysore. The activities of the Association are at present confined to the cities of Bangalore and Mysore, but it is proposed gradually to extend operations to other centres and some local Associations have already been formed with this object in a few mofussil towns.

3. Though thus a beginning has been made, the work has not proceeded as rapidly as might be desired owing to lack of funds and a trained and serviceable staff. In the letter read above, the Association requests that the services of an officer of Government may be placed at its disposal and that an initial grant of Rs. 5,000 as well as a recurring monthly grant of Rs. 200 may be made, in order to enable the Association to carry on its activities.

4. In view of the importance of the work of the Association and the need for some support at the beginning, Government are pleased to lend the services of Mr. M. Rama Rao, Acting Assistant Commissioner, to the Association for a period of one year, to act as Secretary and bring the work of the Association into an efficient condition. Mr. Rama Rao will draw his grade pay as Acting Assistant Commissioner and a local allowance of Rs. 75 per mensem as well as travelling allowance at the usual rates. The pay and allowances will be borne by Government as a special case. Government are also pleased to sanction a monthly grant of Rs. 200 to the Association for a period of one year, as well as a non-recurring grant of Rs. 5,000 for initial expenses connected with the work.

5. The duties of Mr. Rama Rao should be defined with the approval of Government and he should be asked to submit a report of his work every month to the Chief Secretary to Government, by whom also his travelling allowance bills will be countersigned. Copies of the proceedings of the Association and an extract of its budget and monthly accounts should be regularly submitted to Government.

6. The source from which the expenditure sanctioned above is to be met will be indicated later on when the revised estimates are received from the Comptroller.

C. S. BALASUNDARAM IYER,

Chief Secy. to Govt.

To— The Managing Vice-President of the Association.
The Comptroller to Government, (through Branch II.)
The Inspector-General of Police in Mysore.
The Deputy Commissioner, Chitaldrug District.
PRESS TABLE.

No. 1573-1623 / E. A. G. 252

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,

37. Is a register to show the receipts and expenditure of paint maintained properly? Check the stock on hand, if any.

38. Is a register showing the transactions of priced books and forms maintained? Is the stock properly secured? Does the stock in hand tally with the book balance? Are quarterly accounts received from the districts properly scrutinized and noted?

39. Is a register to show the receipts and expenditure of departmental forms and registers maintained? Is the stock properly kept?

40. Is an account of receipts and supply of village maps properly maintained?

41. Are indents for supply of articles scrutinized and met without undue delay?

Stationery.

42. In whose custody is the office stationery? Are the stock and issue registers regularly maintained? Are they submitted monthly for the inspection of the Headquarter Assistant to the Excise Commissioner? Is a verification by stock-taking done once a year?

43. Is a general indent book maintained for monthly issue of stationery?

44. Is a register of periodical issue of stationery maintained? (Rule 36 of the Stationery Rules.)

Library.

45. In whose charge is the Office Library?

46. Is a register maintained for entering books and publications as they are received and is it written up-to-date?

47. Is a catalogue of the Office Library maintained up-to-date?

48. Are all books received into the Library correctly labelled and deposited in their appropriate places?

49. Are all correction slips inserted in their proper places in the volumes of enactments, rules, etc.?

50. Are any books issued without a receipt or lent to strangers without the permission of Headquarter Assistant to the Excise Commissioner?

51. Is a monthly report of books, removed, and not returned, submitted?

52. Are cases of loss of or damage to any books reported promptly and orders obtained for their replacement?

CASH AND CONTINGENCIES, ETC.

53. Are the following registers prescribed by Rule 90 of the General Rules of Office Procedure maintained properly?

(1) Cash book.
(2) General ledger or classified abstract of the monthly totals of the cash book.
(3) Contingent Register.
(4) Order book for contingent charges.

54. What is the amount of permanent advance held by the office? Is an account of it correctly kept? What is the balance on hand? Is it forthcoming?

55. Is there any money on hand awaiting remittance to the Treasury or payment to parties? Details may be furnished.

56. Is the cash book submitted to the Headquarter Assistant to the Excise Commissioner every day and his initial in regard to the balance shown?

57. Are there any long standing advances made out of the imprest, awaiting adjustment? Details may be furnished.

58. Are all charges incurred on account of contingencies entered in the Contingent Register from day to day? Are totals struck at the end of the month? (The necessity for any unusual charges may be scrutinized.)

59. Are all contingent charges incurred under due authority, sanction of higher authorities being obtained where necessary?

60. Is the expenditure kept within the budget grant?

61. Are the detailed contingent bills of each month forwarded with vouchers regularly to the audit office, as required by para 210 of the Treasury Manual? Are all disallowances promptly deducted from the succeeding contingent bills?

62. Examine the vouchers that have been filed and see whether they have been properly cancelled so as not to be used again

63. Is proper attention paid to the receipt and scrutiny of the detailed contingent bills received from the subordinate offices?

64 Is the account of Service Postage labels correctly written up? Who keeps them and where? Does the stock on hand agree with the book balance?

65 Are salary bills prepared with reference to the Attendance Register, Leave Register and Office Order Book? Are drafts of the pay bills maintained?

66 Is an acquittance roll maintained? Are all salaries drawn duly disbursed and proper receipts taken therein? Is a stamped receipt obtained for payments of over Rs. 20? Is the register submitted to the Headquarter Assistant to the Excise Commissioner every month for his examination?

67 Are the bills and payments posted in the cash book?

68 Is undisbursed pay shortdrawn in the subsequent pay bills?

69 Are drafts of the office travelling allowance bills maintained in a register? Is there any undisbursed travelling allowance left on hand? Are the rules regarding undisbursed travelling allowance laid down in Government Order No Fl 2187-235—S & A. 63-15-4, dated 19th November 1915, duly observed?

70 Is a Check Register of T A bills maintained to show the disposal of T A bills received in the office for countersignature? Note pending bills

71 Have personal claims of officers to pay, allowances and increments been discharged without delay? If any are delayed, what is the cause for the same?

72 Are pension applications prepared and submitted in time as required by Government Order No Fl. 7215-55—S. & A 484-08-1, dated 7th May 1909?

73 How many cases are pending and why? The last pension quarterly may be reviewed.

74. Is a register showing the details of landed property owned by the members of the establishment maintained?

No. 1752—E. A. G. 95-15-4, DATED 30TH MARCH 1918.

REVENUE BRANCH

75. Is a register showing the stock and wastage of liquors maintained and posted up properly?

76. Is a register showing the comparative consumption of exciseable articles maintained properly?

77. Have reviews on state of consumption been prepared and issued every quarter?

78. In how many and what cases have transport, export and import permits been granted?

79. Are they duly returned after verification by the officers responsible? Are counterfoils of permits maintained properly with applications filed thereto?

80 Are drafts of D. C. B Statements submitted to Government maintained?

81. Are the district accounts properly scrutinized with reference to the districtwar sale lists, stock and wastage accounts and consumption statements?

82. Is a review on the D. C. B Statements prepared and issued once a quarter?

83. Are individual lists of arrears obtained and checked?

REFUNDS AND REMISSIONS.

84. Is a ledger of payment regarding the privileged Inamdars' claims to excise revenue from arrack and toddy maintained?

85. Are there any cases already advanced but pending settlement yet? If so, where and how long?

86 Is a Register of refund bills maintained?

87. How many bills are pending sanction in the office and why?

88. How many cases of remissions and refunds of other items are pending in the office? Is there any delay?

89 Are registers of remissions and refunds sanctioned maintained and quarterly accounts rendered to Government?

DISTILLERY BRANCH.

90. Is a register of duplicate cheques received from the Distillery Officer and the quantity issued maintained and booked up-to-date?

91. Is a register showing the amount spent on account of purchase and packing of ganja maintained?

Crime and Inspection Branch.

92. Is a Crime Register for booking first information reports in heinous excise cases maintained and posted properly?

93. Are calendars received from Magistrates duly entered in the register and returned to districts?

94. Are crime statements properly checked and reviews issued once a quarter?

95. Are statements of rewards and confiscated articles properly scrutinized?

96. Are itineration statements received from districts reviewed every quarter and replies to observations obtained?

97. Is a register maintained to show the receipt and issue of review on inspection reports received from districts?

Records.

98. How far are the rules prescribed in the Office Manual observed in the arrangement of records in the record-room?

99. Have the records which had accumulated prior to the introduction of the Disposal Number System been sorted? If not, what is the quantity (approximate) of papers remaining to be sorted?

101. Have all such records as are liable to be destroyed during the current year been separated and lists of them prepared, authority of the Headquarter Assistant to the Excise Commissioner for their destruction being obtained?

102. Is a Record-issue Register maintained? Are records permitted to be removed without a substitute slip signed by the requisitioning official?

103. A list of the records taken out of the record-room and outstanding for long periods may be given.

104. Special observations.

No. 1752–E. A. G. 95-15-4, DATED 30TH MARCH 1918.

MEMO FOR THE INSPECTION OF THE DISTRICT EXCISE OFFICES.

1. (i) Name and designation of the Inspecting Officer . . . . . .

(ii) Name of the District Excise Officer, date from which he has been in charge of the office . . . . . .

(iii) Duration of inspection { Date commenced . . . . . / Date concluded . . . . . }

(iv) Period covered by inspection . . . . . .

(v) Previous inspection { Date . . . . . / Name of Inspecting Officer . . . . . / Were the previous inspection duly communicated. }

1 GENERAL

2 (1) Is the office held in a Government or rented building? In the latter case, what is the rent paid?

(2) Is the office accommodation sufficient and suitable?

(3) Are the rooms and premises kept clean?

3. Is an Attendance Register in use? Who checks the Register daily? Is the attendance regular? Is any note kept of late attendance and how is it dealt with later?

LIST OF ESTABLISHMENT SERVICE REGISTERS

4. (i) What is the sanctioned scale of Establishment? Is the full compliment working? State if there are any men charged to a separate establishment, but kept working in the District Excise Office and, if so, the authority therefor.

(ii) How many clerks are working in each branch of the office and what is the qualification of each?

5. Is a list of the staff, both clerical and menial, maintained for the whole district and is it up-to date? Are the qualifications and services of the ministerial officers properly written up?

6. Is a Service Register maintained for every permanent official of establishment as also for the Range Inspectors in the district and written up-to-date? Are these registers arranged in order and kept in the records in a separate box? Who keeps the key of the box? Compare entries with the establishment schedule and Leave Register Note any discrepancies with explanation offered.

7 Is an office order book maintained? Are orders relating to leave, punishment, promotion and other matters affecting the personnel of the establishment regularly recorded and given effect to?

8. Is a separate file maintained for every official of the District staff both executive and ministerial and are all particulars relating to every official's services regularly filed in it?

9. Is a register of applications for appointments maintained and are selections made therefrom? Quote instances where this rule has been violated with reasons assigned therefor.

10. Are all appointments made in accordance with the rules on the subject? Note exceptions with full particulars in each case. State also if all fresh appointments and grant of promotions have been duly communicated to the Head Office once a month.

DISTRIBUTION OF WORK.

11. Is a record of the distribution of work among the several clerks in each branch maintained? Is the work assigned to each official sufficient, without being excessive? Attach a copy of the distribution memo for reference?

12. Does each official maintain a personal register and do the entries show sufficient work for each day? Check the entries of certain dates with the office Refer Book and other allied registers and state whether the clerk has delayed the disposal of papers.

REPORTS AND RETURNS.

13. Is a statement of the periodical reports and returns due to other offices and (2) from the subordinate offices maintained? Are the due dates, the dates of actual submission and the names of clerks responsible for their preparation noted therein? Is it scrutinized monthly by the Head of the Office? (*Vide* Rule 6 of the Efficiency Rules.)

14. How many and what returns were overdue at the time of inspection and what is the explanation therefor?

15. Are all disposed of files promptly transferred to the records and kept there duly arranged? What is the number of such files remaining to be sent to the records?

Government Articles.

16. Is a register of Government Articles (furniture, testing instruments, locks, keys, weights, measures, scales, etc.) maintained and up-to-date? Is the Register verified once every quarter by the Head of the Office? Is a similar list maintained for tents? Check the stock with the register and note result.

17. What is the condition of the testing instruments and the standard measures? Do they tally with those of the inspecting officer?

18. Is a separate register maintained for the articles supplied to the subordinate offices? Is the stock checked during the annual inspection of the offices by the District Excise Officer?

19. Is a register of receipts and distribution of Uniform clothing to the subordinate staff maintained? Is there any stock pending distribution in the office? If so, why?

20. Is a register showing the transactions of priced books and forms duly maintained? Where is the stock kept and by whom? Does the stock in hand tally with the book balance? Are quarterly accounts received from the Ranges properly scrutinized and consolidated statements submitted to the Head Office regularly?

Stationery and Forms.

21. In whose custody is the office stationery? Are the *Stock* and *Issue* Registers regularly maintained? Are they submitted monthly for the inspection of the officer in charge? Is a verification by stock taking done once a year? Is a general indent book maintained for monthly issue of stationery?

22. Are old and unserviceable articles sold by public auction and the proceeds credited to Government? (Rule 19 of the Stationery Rules.) Particulars of such disposal should be noted alongside each item booked in the Register.

23. Is a register of periodical issue of stationery articles maintained? Check the articles with the register and note differences, if any (Rule 36 of the Stationery Rules.)

24. Who keeps the stock of forms? Where are they kept? Are they neatly arranged? Are all receipts and issues noted in a Register?

FILE OF STANDING ORDERS.

(Rule 18 of the Office Procedure.)

25. Is a complete set of standing orders of Government relating to the work of each branch of the office maintained? Are circular instructions received from the Excise Commissioner maintained in separate files? Are these files complete and up-to-date? Is each provided with a table of contents?

26. Is a similar file maintained of circulars issued to all subordinate offices? Have copies of such circulars been sent to the Head Office.

Library.

27. In whose charge is the office Library and where is it kept?

28. Is a register maintained for entering books and publications as they are received? Is it written up-to-date?

29. Are the particulars of books and publications supplied to subordinate offices noted in a register?

30. Is a catalogue of the Office Library maintained up-to-date?

31. Are all the books received into the library correctly labelled and deposited in their appropriate places?

32. Are all correction slips inserted in their proper places in the volumes of enactments, rules, etc.?

33. Are any books issued without a receipt or lent to strangers without the permission of the Head of the Office?

34. Is a monthly report of books removed and not returned submitted to the Head of the Office?

35. Are cases of loss of or damage to any books reported promptly and orders obtained for their replacement?

36. Examine the stock of books and note result.

TOUR PROGRAMME REGISTER.

37. Is a definite tour programme drawn up and adhered to? (Are copies of programmes sent every month for the information of the Excise Commissioner as per circular orders?)

CORRESPONDENCE REGISTERS.

38. Are the registers of inward and outward correspondence properly maintained with cross references regularly marked?

39. How many of such registers are maintained? Are a peon book and a tappal book maintained?

40. Has an *Amad* Register been maintained to enter all covers as they are received in the office?

41. Are the registers written up neatly? Are the entries concise and clear?

42. Are all receipts classified in the manner laid down in Rule 11 of the General Rules of Office Procedure?

43. Is a "Refer Book" maintained properly and signatures of the officials taken?

44. Is there any delay in the fair copying and despatching of letters? Are all papers despatched invariably on the day they are signed or the following day? A few issues should be examined with reference to the refer book, peon book and tappal book.

45. Is the Issue Register checked once a month by the ministerial head of the office? Have cases of abnormal delay been reported to the Head of the Office as required by Rule 13 of the General Rules of Office Procedure?

46. Is a separate petition register maintained in the form prescribed by Rule 22 of the Petition Rules? Does it show the method of disposal and the date and nature of endorsements granted?

47. Is there any abnormal delay in the disposal of petitions?

48. Is the half-yearly return of petitions sent up regularly as required by Rule 24 of the Petition Rules?

49. Are all the registers periodically examined by the Head Clerk and the Head of the Office and signed by them in token of their inspection?

ARREAR LISTS.

50. Does every official prepare and submit once a month a list of references pending with him, as required by Rule 14 of the General Office Procedure and also those of the office pending in other offices?

51. Are these lists scrutinized carefully by the ministerial head of the office and reminders sent promptly, where necessary?

52. Are similar monthly statements called for from subordinate office and scrutinized before the 10th of the month following?

53. Are monthly statements of unanswered references submitted regularly to the Head Office?

54. Append a copy of the latest arrear list together with an abstract in the following form:—

(1) Papers pending on 1st July..... No.....

(2) ....received up-to-date.....

(3) .....disposed of.....

(4) .....Remaining to be disposed of
- (*a*) Pending for less than a week.
- (*b*) More than a week, but less than a month.
- (*c*) More than a month, but less than three months.
- (*d*) For more than three months.

55. What is the explanation in the case of papers pending for over a month?

III. CASH, CONTINGENCIES AND BILLS.

56. Are the following registers prescribed by Rule 25 of the General Rules of Office Procedure maintained?

(1) Cash book.

(2) General Ledger or classified abstract of the monthly totals of the cash book.

(3) Contingent Register.

(4) Order book for contingent charges.

57. What is the amount of permanent advance held by the office? Is an account of it correctly kept? What is the balance on hand? Is it forthcoming?

58. Is there any money on hand awaiting remittance to the Treasury or payment to parties? Details may be furnished.

59. Are there any long standing advances made out of the office imprest, awaiting adjustment or settlement? Details may be furnished.

N. B.—Adjustment refers to Book transfers and settlement to actual cash payments.

60. Are all charges incurred on account of Contingencies entered in the Contingent Register from day to day? (See Article 81 of the Civil Account Code.) Are totals struck at the end of the month? The necessity for any unusual charges may be scrutinized.

61. Are all contingent charges incurred under due sanction?

62. Is the abstract contingent bill drawn *at the end of every month* in the manner laid down in Article 83 of the Civil Account Code and are the initials of the Head of the Office obtained to it?

N. B.—The bills may be drawn as often as necessary.

63. Is the expenditure kept within the Budget grant? Give comparative figures.

64. Are the detailed contingent bills of each month submitted with vouchers regularly by the 1st week of the succeeding month as required by para 210 of the Mysore Treasury Manual? Are all disallowances promptly deducted from the succeeding contingent bills?

65. Examine the vouchers for less than Rs. 25 that have been filed and see whether they have been properly cancelled so as not to permit of their being used again. State if there are any exceptions.

No. 1752—E. A G 95-15-4, DATED 30TH MARCH 1918.

66 Are salary bills prepared with reference to the attendance register, leave register and office order book? Are drafts of the pay bills maintained?

67 Is an acquittance roll maintained? Are all salaries drawn and disbursed duly and proper receipts obtained therein? Is a stamped receipt obtained for payments over Rs 20? Is the register examined every month by the Head of the Office?

68 Are the bills and payments posted in the cash book?

69 Is undisbursed pay shortdrawn invariably in the pay bill of the next month?

70. Is necessary sanction obtained for drawing the pay or allowances of incumbents of appointments requiring sanction of the higher authorities?

71 Are all sums drawn on travelling allowance bills disbursed and acquittances taken without undue delay?

72. Are the drafts of the office travelling allowance bills maintained in a register? Is there any undisbursed travelling allowance kept? Why?

73 Is a check register showing how the travelling allowance bills received from subordinate offices dealt with maintained? Is there any delay in transmitting the bills after scrutiny to the Excise Commissioner's Office as well as in the return of countersigned bills to the subordinate offices? Note pending bills, if any

74 Have personal claims of officers to pay, allowances and increments been discharged without delay? If any are delayed, what is the cause for the same?

75 Are pension applications prepared and submitted in time as required by Government Order No Fl 7215-55—S A 484-08-1, dated 7th May 1909?

76 How many cases are pending and why? The last pension Quarterly may be scrutinised?

77 Is any account of Service Postage labels maintained in a register? Who keeps them and where? Does the balance of labels agree with the book balance? Note if there has been any improper use of these stamps

77 (*a*) Is a register showing the details of property owned by the District Excise Officer and his subordinates maintained in the prescribed form?

IV. DEPARTMENTAL REGISTER

78. Is there a register to show the constitution of Excise Ranges, Sub-Ranges and the allocation of the staff among them? Are changes duly recorded in it?

79. Who maintains the Defaulters' Register? Is it up-to-date and is every entry attested by the Head of the Office? Are extracts therefrom sent to other districts when officers are transferred from one district to the other?

80. Is a Crime Register maintained and written up properly? Are all the orders of the District Excise Officer written up in full? Are they full and clear?

81 Scrutinize and review noticeable cases and the legality of the orders passed Original crime records filed in the office may also be referred to

82. Is a review on crime statements regularly submitted and are observations thereon duly communicated to the subordinate offices and enforced?

83. In how many cases were appeals against the original order preferred and with what result? (Both departmentally as well as magisterially)

84. Is the Departmental Fine Register posted up-to-date?

85. Are extracts duly sent to the Amildars for necessary action?

86 Are fines imposed duly brought under demand in the Demand, Collection and Balance statements and amount collected?

87. Have cases of abnormal delay in the recovery of fine been duly noticed?

88 What is the amount of fine imposed and collected during the year?

89. Is a Register of confiscated articles maintained?

90. Is a register of rewards granted maintained? Is the grant of rewards according to rules? Has there been any delay in the grant and disbursement of rewards?

DIARY CHECK REGISTER.

91 Is a Check Register to show the receipt and disposal of diaries of Assistant Inspectors and Range Inspectors maintained? Has proper notice been taken of habitual delay in submission of diaries? Have all diaries returned with remarks been duly returned with replies?

92 Are Inspector's diaries properly filed after checking?

93. Is a record of submission and return of the District Excise Officer's diaries kept? Are there no diaries pending reply? Have the checked diaries been properly filed?

94. Is a consolidated register showing the work done by the District Excise Officer

maintained and written up? Note anything noteworthy in the year's inspection

95 Are observations on the inspection Memos of District Excise Officers duly communicated to the officers concerned and necessary action taken till matter is finally disposed of?

96 Is a register maintained to record the monthly itineration work of Inspectors and Assistant Inspectors? Are the remarks passed by the Excise Commissioner duly communicated to the Range Inspectors and further action taken where necessary?

'G' Chellan Register

97 Is it maintained up to date and indexed?

98 Are chellans received from depots regularly? Do they bear proper endorsements? In the case of chellans issued by special shroffs are the instructions contained in Government Order No Fl 4698-708—S R 45-05, dated 4th March 1911 followed? Are chellans arranged depotwar and filed?

99 Are the totals struck and compared with the 'N' extracts and Depot accounts? Do the entries agree?

(*N.B*—See that the issues of special liquors also find a place in this Register and the register is made use of in preparing the monthly D C B Statements)

100 Are ganja and majum chellans similarly booked and dealt with?

Stock and Wastage Account Register

101. Is it properly maintained? Are Depot and Distillery accounts made use of in preparing the account?

N B -- (1) Opening balance should tally with that shown in the Amildar's monthly inspection reports

(2) Receipts should agree with the issues made from the Distillery and noted in the Distillery extracts as well as in the 'K' Register extracts sent from the Taluk Offices.

(3) Expenditure should agree with the quantity shown in the 'G' Chellan Register, particulars of bung and stand wastages being taken from the depot accounts

102. Is any note kept of abnormal bung and stand wastages incurred?

No. 1752—E. A. G 95-15-4, DATED 30TH MARCH 1918.

103 Is a register showing the transactions of bottled liquors properly maintained?

104 Is an account of breakage of bottles issued from the Distillery kept and recovery of value thereof watched?

105 Is a Check Register of T T 2 Progress Reports maintained?

(2) Are the reports regularly received and filed with an explanation for delay, and abnormal delays in marking suitably noticed

DATE RESERVE LIST

106 (1) Is a register of the date reserves of the District maintained?

(2) Are the survey numbers that have been given out for cultivation noted in it and those that have been newly reserved, if any, entered therein?

(3) Has this list been revised in the light of the resurvey operations?

107 (1) Is a register showing the receipt and disposal of darkhasts for lands containing date trees kept?

(2) How many cases were disposed of since the beginning of the year and how many are pending and why?

(3) Is a quarterly list of lands given out for cultivation regularly sent to the Head Office

108. (1) Is a register showing the number of trees killed by over or careless tapping maintained and written up properly?

(2) Up to what period has this register been written up?

(3) Is the levy of penalty included under demand in the demand and collection, balance statements and its recovery watched?

109 (1) Is a register showing the claims of maindars to toddy revenue, advances made to them and their adjustment maintained?

(2) What is the total number of claims settled and that pending investigation with reasons?

110 (1) Is a register of refund bills for toddy revenue due to the proprietors of alienated villages whose claims have been recognised maintained?

(2) How many are pending, where and why?

(3) Is there any delay in the submission and return of audited bills and in the disbursement of amounts to claimants?

111 (1) Is a register showing the comparative consumption statistics maintained and written up properly

(2) Are noticeable fluctuations watched and steps taken to ascertain reasons and to remedy the malpractices, defects, etc, if any

(3) Is a review prepared every quarter copy being sent to the Range Inspectors and the Head Office

112 (1) In how many and what cases have permits been granted?

(2) Are they duly returned after verification by the officers responsible?

(3) Are counterfoils of permits maintained properly with applications filed thereto?

113 (1) Is a register showing the consumption of Foreign Liquors maintained?

(2) Have license and surcharge fees been properly levied?

SALE LIST

114 (1) Has a sale list containing full particulars been maintained and duly authenticated?

(2) Do the entries agree with the original hara/patties and the sale conducting officer's reports which have received the approval of the Deputy Commissioner?

(3) Have proper deposits been taken sufficient but not excessive?

(4) Does the recovery of deposits agree with the treasury credit certificates?

(5) Are there any instances in which the deposits were adjusted towards monthly khists and have they been replaced?

(6) Verify the demand shown in the Demand, Collection and Balance account of some months with the sale list and account for variations, if any

115 (1) Is a License Register maintained for such of the licenses as are issued from the District Excise Office direct?

(2) Name the kind and number of such licenses issued

(3) State if there has been delay in the issue of licenses and, if so, the reasons for it

116 (1) Is a Resale Register maintained?

(2) In how many cases were resales held?

(3) Is proper demand taken in the Demand, Collection and Balance accounts in such cases? Are proper steps taken to recover the deficit from the original defaulter?

D C B STATEMENTS AND ENCLOSURES.

117. (1) Are drafts of Demand and Collection Balance statements maintained? Do they bear the District Treasury credit certificate?

(2) Are variations between the departmental collections as noted in the Demand, Collection and Balance and the treasury collections properly explained and reconciled?

(3) Are T T 6 and 6A statements properly checked and made use of in preparing the Demand, Collection and Balance accounts.

(4) Are rental chellans duly checked and filed?

(5) Is explanatory memo for the variations between the amounts of duty and price recovered on the several kinds of liquors issued and these actually credited correctly prepared?

(6) Are the Demand, Collection and Balance accounts received from the Taluk Offices carefully scrutinised?

(7) Are fines imposed on contractors habitually delaying their rentals? Are such fines properly taken under demand in the demand, collection and balance accounts?

(8) Give comparative abstract of the demand, collection and balance up to the latest month for which the statements have been received

(9) Do the balances as per district demand, collection and balance statements agree with those shown in the taluk accounts?

(10) Is an account of demand, collection and balance under interest maintained properly?

118 (1) Is an individual list (Kulvar Bakipatti) of old arrears maintained and recovery noted?

(2) Is the stage of proceedings per each case duly noted from time to time?

(3) Do the totals agree with the balances shown in the district accounts?

(4) Are proper steps in progress for the realization of arrears? Note instances of abnormal delay?

(5) How much of the arrears relate to the present period and how much to the past?

(6) Do the particulars tally with those shown in the Taluk Bakipatty?

(7) What are the remission records that are pending with reasons for their pendency?

119. Is a register of refund bills in respect of items of ordinary nature (other than due to Inamdars) maintained?

(2) How many cases have been settled and how many are pending.

RECORDS.

(1) The system of arrangement followed subjectwar or chronological, etc., may be briefly explained?

(2) Are all the records sorted according to the latest Government Orders? If not, what is the quantity of papers remaining to be sorted? What time is necessary to complete their sorting?

(3) In whose charge are the records? Are records permitted to be removed without a substitute slip signed by the requisitioning official? A list of the records taken out of the record, room and outstanding for long periods may be given.

(4) Have all time-expired papers been eliminated and destroyed and a list of records so destroyed kept?

(5) Is the record-room in good repair and protected from whiteants and kept clean?

GENERAL.

121. Is an inspection minute book maintained and written up, as laid down in para 4 of Government Order No. 10870-918—E. A. 43-14-1, dated 10th April 1915?

122. Extent to which points noted for action at previous inspections have been attended to may be noted.

123. Any irregularities or informalities observed in the course of inspection whether connected with the printed questions or not and suggestions, if any, for improving the efficiency of the working of the office may be noted.

N. B.—The above questions are general and cannot be taken to be exhaustive. Supplementary questions should be added on and answered where necessary by the inspecting officers.

No. 1752—E. A. G. 95-15-4, DATED 30TH MARCH 1918.

Memo of inspection of the Excis

Questions	
PRELIMINARY.	
Name of Inspector in charge.	
I. Inspection.—	
(*a*) When was the office last inspected by (i) the District Excise Officer? (ii) The Excise Commissioner?	
(*b*) Have the previous notes of inspection been duly communicated to the Range Inspector?	
(*c*) Up to what period the last inspection related?	
(*d*) What is the period covered by the present inspection?	
II. ACCOMMODATION.	
(1) Is the office located in a Government or rented building?	
(2) If it is located in a rented building, what is the monthly rent and how far is it from the Taluk Cutcherry?	
(3) Is it in good order and kept clean and the accommodation sufficient and suitable?	
III CONSTITUTION AND NUMBER OF EXCISE SHOPS.	
(1) What are the taluks constituting the Range?	
(2) How many Sub-Ranges is it divided into?	
(3) The number of depots and shops is as particularised below?	

Name of Sub-Range	Arrack depots	Toddy depots	Arrack shops	Toddy shops	Ganja shops	Opium shops	Beer taverns	Foreign liquor			Other kinds of shops, if any
								Wholesale	Retail	Refreshment room	
Total											

(4) Is there any difference in the number of shops licensed between the current and past year? Has the necessary sanction been obtained for opening new shops?

(5) Is the number of shops sufficient to meet the legitimate demand? If the shops are in excess what scope is there for reduction?

(6) Is the distribution of shops even without being too close to or very far from each other? What scope is there for re-distribution?

IV ESTABLISHMENT

(1) What is the sanctioned scale of the establishment for the Range?

(2) What are the qualifications and services of all officials working in the Range?

(3) If the full complement is not working in the Range what are the reasons?

(4) Is a service register maintained for every permanent official and brought up-to-date?

(5) Are these registers kept in safe custody?

V ORDER BOOK

(1) Is an office order book maintained?

(2) Are orders of leave punishment, etc regularly recorded and given effect to?

VI DEFAULTER BOOK

(1) Is it maintained properly and posted up-to-date?

VII GOVERNMENT ARTICLES INCLUDING INSTRUMENTS, BOOKS AND MAPS

A—(1) Is a register showing all the Government articles including instruments, books and maps supplied to the Range and Sub-Ranges maintained and written up-to-date with details as to the cost, if any, and date of purchase or supply of each?

(2) Compare the list with the articles and enter the result of the examination

(3) Is there sufficient furniture and are they in good condition?

B—(1) Is the register showing the receipt and expenditure of paint maintained?

(2) Is the paint securely kept?

C—(1) Do the testing instruments as well as the standard measures of the Range tally with those of Inspecting Officer?

(2) Are the instruments kept clean and is the box perfectly dry and free from dust and dirt?

D—(1) Is the register showing the transactions of priced books maintained?

(2) Is the stock of such books safely kept?

(3) Does it tally with the accounts?

E—(1) Is a Register showing the receipts and expenditure of forms and registers maintained and the stock carefully kept?

F—(1) Is a Register showing the transactions of service Postage labels kept and written up properly?

(2) Does the balance on hand tally with the book balance?

VIII. UNIFORM CLOTHING.

A. OFFICERS.

(1) Are the articles of uniform of the Excise Inspector in good order or much damaged?

(2) When was the existing suit obtained?

B. MEN (SUB-INSPECTORS, MARKERS AND PEONS)

(1) Is a register showing the receipt and expenditure of uniform supplied by Government maintained and written up-to-date?

(2) Are the suits of the Sub-Inspector Markers and Peons in good order?

IX. CRIME.

A—(1) Is the crime register maintained and are the entries up-to-date?

(2) Note the number and general nature of the cases reported up-to-date as compared with the last three years.

(3) Have any cases been taken up during the year not reported to the District Excise Officer and copies of first occurrence reports in cases falling under Sections 55, 57 and 58 of the Excise Regulation submitted to the Excise Commissioner and Why?

(4) How many cases have been disposed of by Magistrates and how many by the Department and what are the results? Arrange and classify them according to the nature of the offence.

(5) Are the punishments adequate? Have cases in which acquittals are considered unjust been reported to the District Excise Officer?

(6) Are the reasons for acquittal considered generally sufficient? If not, state action taken.

(7) How many cases were detected by the Inspector, Assistant Inspectors and Sub-Inspectors? Note any exceptional good or bad work done by the staff

(8) How many cases are pending disposal and with whom? Explain the reasons for the delay in the disposal?

(9) Is there any general delay in the disposal of cases?

B Charge Sheet Register

Is the register maintained intact and are the duplicates of the charge sheets returned pasted to the counterfoil?

C Register of Persons convicted of Offences under the Excise Regulation or Rules thereunder

Is this register properly maintained and written up and used according to the circular orders?

D Are the following Registers maintained properly?—

(1) Requisition for assistance
(2) Requisition to Police Station Officer

N B—State the instances in which requisitions were made and with what result

(3) Register of articles found or seized as being liable to confiscation?

(*a*) Are the rules regarding the disposal of confiscated articles observed? (*b*) What are the articles lying undisposed and why?

(4) Register of Bail Bond to appear before Excise Inspector (Here note whether the surety demanded is excessive)

(5) Register of Bail Bond to appear before Magistrate

(6) Register of Recognizance

(7) Register of information received and action taken

X. Departmental Fine Register

Is it maintained? Have all the fines imposed been collected? If otherwise, note the progress

No. 1752—E. A. G. 95-15-4, DATED 30TH MARCH 1918.

XI. REGISTER OF CONSUMPTION.

Note.—The figures should be issues from the Bonded Depots or Taluk Treasuries as the case may be. Note if these accounts are regularly received and entered in the Register.

Append a statement giving the consumption under each head during the current year as compared with the corresponding period during the past three years, explaining fluctuations where required.

Name of shop.	Consumption in
(A) Arrack.	(1)-(2)-(3)-(4).
(B) Ganja and Majum.	
(C) Opium.	

XII. FOREIGN LIQUORS.

(1) Is a register showing the consumption of these liquors maintained?

(2) Give comparative figures shopwar for the previous three years and explain fluctuations.

(3) Have all license and surcharge fees (if any) been recovered?

(4) Have any occasional licenses been issued? Give particulars of fees and currency of license.

(5) Is a record of permits received and verified for the import of foreign liquors kept?

XIII. COUNTRY BEER.

(1) Is a register of consumption maintained?

(2) Give comparative figures and explain variations

(3) Have the permits been properly checked with the consignments received and verification certificates furnished?

XIV. SPECIAL LIQUORS.

(1) Is there a separate shop specially licensed for the sale of special liquors and, if so, what is its rental? If not, to how many arrack shops the privilege of selling special liquors is granted?

(2) Is a register showing the consumption of these liquors opened and posted up-to-date? Give comparative figures and explain variations.

N.B.—Figures under each head shopwar should be furnished.

No. 1752—E A. G 95-15-4, dated 30th March 1918.

XV Methylated Spirit

What is the number of shops licensed to sell methylated spirits? Give comparative consumption

XVI Toddy

Is a register showing the comparative number of trees licensed for the shops of the Range, both in and outside as well as in British Territories maintained up to date? Give comparative figures shopwise and explain violent fluctuations

XVII Rental Ledger

(*N B*—All rentals including license fees should find a place in this register)

(1) Are the rental challans received regularly from the taluk and entries properly made?

(2) Are the entries relating to old arrears carried down in this register?

(3) Is a copy of the Bakipatti received every month?

XVIII Diaries

(1) Is a diary check register for the Inspector and his subordinate staff maintained and written up-to-date?

2 In how many instances has there been a delay of over a week in the despatch or receipt of diaries?

3 Is the counterfoil of Inspector's diaries maintained intact and are all the orders of the District Excise Officer noted therein and how far have they been acted up to?

4 Are there any instances in which explanations called for have not been furnished? If so, how many and why?

5 Are the Assistant and Sub Inspectors diaries filed regularly after they are finally disposed of?

XIX Registers of Licenses, etc

1 Is the register written up properly?

2 Give the number and kind of licenses issued

3 Explain fully the reasons for licenses not yet issued?

4 Are particulars of resales if any, duly noted?

XX Date Reserve List

1 Is the register maintained in tact? Are necessary entries revised as changes have occurred? Is necessary intimation sent to the Range Office from the District Excise Office?

XXI Register of Licenses for cutting date leaves, etc

1 Has a register showing licenses granted for cutting date leaves and dead date wood been maintained?

2 How many of such licenses have been issued?

XXII Register of dead date trees died over or careless tapping

1 Is it maintained properly?

2 Up to what period, has the work been completed and list submitted? Explain delay

3 What is the amount of penalty that is pending recovery?

XXIII Acquittance Roll

1 On what date is the pay generally drawn and disbursed?

2 Are salary bills prepared with reference to the attendance register and office order book?

3 Have the payees signatures with date and stamp, where necessary been obtained in the Acquittance Roll? Explain cases in which this rule has been violated as also any complaints about the non-disbursement of salary

4 Is undisbursed pay shortdrawn invariably in the pay bill of next month?

5 Is necessary sanction obtained for drawing the pay or allowances of incumbents of appointments requiring sanction of higher authorities?

6 Are copies of pay bills regularly submitted to the District Excise Office every month?

7 Are all sums drawn on travelling allowance bills disbursed and acquittance taken?

8 Are drafts of the travelling allowance bills maintained in a register?

N B—Disbursement of Range Office rent when located in a private building as well as of contingent amount to Assistant Inspectors should be duly noted in the acquittance roll

XXIV Cash Book

1 Is a cash book maintained?

2 Are the amounts of pay or travelling allowance bills and those realized from the sale of permanent advance of books as well as payments posted in the cash book?

3 Is there any money on hand awaiting remittance to the Treasury or payment to the parties? Details may be furnished

XXV Diary Register

1 Whether maintained properly and entries written up-to-date should be stated

XXVI Itineration

1 Is the statement received regularly and punctually from the Assistant Inspectors and a consolidated statement submitted regularly to the District Excise Office?

2 Remarks on itineration Grove inspection with reference to T T 3 and T T 4 should also be alluded to

3 Is the Village Patrol Register maintained and written up-to date? Does it tally with the diary and itineration statement?

4 What are the shops and places that have not received sufficient inspection and why?

5 Has the Range Inspector replied to references regarding the itineration statement received from the District Excise Office? If not what is the explanation?

XXVII T T Registers

T T 2

1 Is a register maintained in the prescribed form? State the progress of marking work as compared with the corresponding period of the previous year and explain fluctuations

2 Is a check register maintained and prompt receipt of these reports insisted?

T T 3

1 Compare the entries with the T T 5 register as also with the Sub Range T T 1 registers and note result

2 In how many villages are trees marked in the Range and what is the total number? Is an index of the names of the villages put up?

N B—Separate T T 3 Registers should be maintained if trees have been tipped for the Bangalore Cantonment and for British shops

T T 3A

1 Are separate registers maintained for trees licensed for shops within and outside the State?

2 Do the entries tally with those of T T 6?

No. 1752—E. A. G 95-15-4, DATED 30TH MARCH 1918.

Furnish total figures talukwai			*Number of shops*	*Number of trees*
A	Tapped in the taluk for the shops of the taluk			
B	Do	other taluks.		
C	Do	British Territory		
D.	Do	other taluks for the shops of the taluk		
E.	Tapped in British Territory for the shops of the taluk			

3. (*a*) Is the T T. 3A extract received in time from other Ranges where trees are tapped for local shops and entries made in the register?

(*b*) Are similar extracts forwarded in time to other ranges?

4 Are the particulars regarding the payment of the further instalment of tree tax properly entered?

FILE OF T T 4 APPLICATIONS

1 Are the applications filed in the serial order and do their entries tally with the T T 8 Register?

2. Examine the applications and state if or not the following points have been observed, accounting for omissions noticed,

(i) that the application is signed by the licensee or his authorized agents,

(ii) that in the case of private trees the signature of the hiduvalidar or patel is affixed thereto,

(iii) that it bears the Excise Officer's certificate,

(iv) that trees noted in the application are duly assigned to the applicant or that sanction of the higher authorities has been obtained,

(v) that the application bears the treasury certificate and the treasury seal and that calculations of tree tax and tree rent properly made and collected,

(vi) that the delivery of the tapping licenses and permits duly attested by the licensee,

(vii) that it bears the certificate of marking,

3 Note instances with explanations of the officers concerned for delay exceeding three days —

(*a*) in the receipt of applications by the Range Inspector from the taluk office,

(*b*) in the receipt of applications by the Assistant Inspector from the Range office with licenses and permits,

and of delay exceeding seven days—

(*c*) in the marking of trees after the receipt of applications,
and of delay exceeding three days—

(*d*) in the return of applications to the Range Office.

4. What is the percentage of marking work checked by the Inspector on the total number of applications received up to the date of inspection? Are there any groves which have not been inspected by the Range Inspector?

T. T. 6.

1. Is the register maintained up-to-date?

2. Do the entries tally with T. T. 3A?

3. Are the monthly statements submitted regularly?

4. What are the arrears of tree tax and what amount of it is over due?

5. Are T. T. 6 extracts received from other Ranges in time and are entries properly transferred to the T. T. 6 Register? Are similar extracts forwarded to other ranges in time?

6. Give comparative figures of Government and occupied number of trees licensed?

(*a*) tapped in the Range.
(*b*) Do in other Ranges.
(*c*) Do in British Territory.

T. T. 6A.

1. What is the number of Government trees tapped? Give comparative figures.

2. State the total amount of tree rent collected under different headings.

T. T. 7.

1. Are the counterfoils preserved intact?

2. What is the average quantity for which permits are issued?

3. In how many instances have extensions been granted and in how many cases have they been repeated? Are extensions duly noted with reasons therefor and tests of yield? State how they are in order as compared with the list of dead date trees.

4. Are a sufficient number of permits issued according to distance and stages?

T. T. 8.

1. Do the entries tally with the taluk T. T. 8 and T. T. 4 applications?

2. Has the number of hiduvali and Government trees been properly shown?

3. Is there any delay in the despatch of the applications from the taluk to the Range Office and from the Range Office to the Assistant Inspector? If so, why?

4. Are the entries regarding the payment of further instalment correctly and regularly made?

5 Is the date of final disposal entered?

6 Are D challans for payment of the 2nd instalment of tree tax sent then and there to the Range Office by the Taluk Office?

7 What amount is remaining to be collected and for what period?

8 What action has been taken in such cases?

N. B.—In all these registers "In the month" and "Up to the month" totals should invariably be struck

T. T 10.

1 Is the register maintained? How is tree-test work? State the (1) Number of groves in which trees have been licensed and trees marked

(2) Number of groves and the number of trees tested. } for the first time / Do 2nd time / Do 3rd time and over

2. Are tree-tests made in a sufficient number of groves?

3 What is the average yield per tree in the Range? Give the highest and lowest, naming the groves?

XXVIII. Correspondence Register

1. (*a*) Are "From" and "To" registers maintained neatly and properly with cross references marked?

(*b*) How many of such registers are maintained?

(*c*) Are the entries concise and clear?

2. (*a*) Are a peon book and tappal book maintained

(*b*) Is there any delay in the disposal of references and in the despatch of letters?

3 Is an Amad Register maintained to enter all covers as they are received?

4. Are all the registers periodically examined by the Inspector and signed by him in token of his inspection?

Arrear List

(*a*) Is a list of pending papers prepared and submitted once a month to the District Excise Office by the 5th of the following month, draft copy being maintained?

(*b*) Are reminders sent promptly to subordinate officers for references pending with them?

(*c*) Are similar statements called for from the Assistant Inspectors and scrutinized by the Inspector?

(*d*) A copy of the arrear list may be appended and the disposal of papers in the Range Office reviewed

Classify the pending papers as,
(*a*) less than one month,
(*b*) more than three months,
and (*c*) over one year

(*e*) How many references made to the District Excise Officer are pending reply?

(*f*) How many references made by the Assistant Inspectors to the Range Inspector are pending reply? Note cases of delay

(*g*) Is the list of pending papers correct as per "To" and "From" registers?

XXIX. Reports and Returns.

1. Is a statement of the periodical reports and returns to be submitted from the Range and Sub-Range offices maintained, due dates of submission being noted?

2. Is it scrutinized by the Range Inspector then and there?

3. Are the reports and returns regularly received and submitted?

XXX. Records.

1 Are the records sorted and arranged according to the prevailing system? If not, what is the quantity of papers remaining to be sorted? What time is necessary to complete their sorting?

2 Is a register showing the records destroyed and preserved maintained?

3 Are files of circulars issued by the District Excise Officer and higher officers maintained duly indexed?

4. Are amendments to the Excise Manual duly noted?

XXXI. Is an inspection minute book maintained and written up as laid down in para 4 of Government Order No 10870-918—E. A. 43-14-1, dated 10th April 1915.

XXXII. How far have the orders and instructions given in the notes of previous inspections been carried out?

Instances of irregularities not pointed out, but not rectified should be given Any irregularities or informalities observed in the course

of inspection, whether connected with the printed questions or not and suggestions, if any, for improving the efficiency of the working of the office?

XXXIII. GENERAL REMARKS AS TO EXCEPTIONALLY GOOD OR BAD WORKS, ETC.

1. Is the Range efficiently managed?

2. Does the Inspector maintain a suitable pony and is he a good rider?

3. How long has the Inspector been in charge of the Range and how is his relationship with his subordinates as well as of contractors?

No. 1752—E. A. G. 95-15-4, DATED 30TH MARCH 1918.

MEMO OF INSPECTION OF THE EXCISE SUB-RANGE OFFICE.

Questions	Inspecting Officer's replies

I. PRELIMINARY

1. Name of Assistant Inspector
2. Date of inspection
3. Period covered by the inspection.
4. Date of last inspection by—
   (i) District Excise Officer
   (ii) Range Inspector and the period covered by it.

5 Have the previous notes of inspection been duly communicated to the Assistant Inspector?

II ACCOMMODATION

1 Has the Assistant Inspector been provided with any Government building to hold his office in and if so, has it been kept clean and in good order?

III. NUMBER AND KIND OF SHOPS

2 Give the number and description of shops, etc, existing in the Sub-Range.

Arrack		Toddy		Ganja shops	Opium shops	Special liquors	Foreign liquors	Beer	Methylated spirits	Date groves
Depots	Shops	Depots	Shops							

IV. ESTABLISHMENT.

3. What is the sanctioned scale for the Sub-Range? Is the full complement working?

4. How long is the Assistant Inspector in the Sub-Range?

V REGISTER OF GOVERNMENT ARTICLES.

5 Is a register showing Government articles (including furniture, instruments, books, maps, etc.) maintained properly with details as to the date of supply, etc, noted? Verify the articles with reference to the register and note result

6. Have all the articles supplied been noted in this register?

N. B.—This register should be maintained in bound book and permanently preserved Names of village maps, supplied to the Sub-Range should be entered in detail 'Hobliwar'

7. What quantity and kind of paint is available? How has it been kept? When was the supply received?

8. Is there any stock of previous years' paint available? If so, steps taken for its disposal should be noted.

9. How many sets of stencil plates are with Assistant Inspector? Are they sufficient and in good order?

10. What is the state of uniform of the Assistant Inspector as well as of the men under him? Note action taken of any irregularity or loss.

11. Are the instruments in good order? Then compare with those of the inspecting officer and note result.

VI. DIARY.

12. Is it written up-to-date? Has the diary for the latest week been submitted to the Range Inspector?

13. Has the Assistant Inspector maintained a diary check register? Verify with reference to this whether the remarks by superior officers are entered in the counterfoil and instructions acted upon. Irregularities noticed should be detailed with the explanation of the Assistant Inspector.

14. How many diaries are pending reply and why? Is the explanation satisfactory?

15. Is there any delay in the submission of diaries? If so, state what notice has been taken?

VII. REGISTER SHOWING THE CONSUMPTION OF EXCISEABLE ARTICLES.

16. Is information booked up to the end of the previous month under all items? Note comparative consumption in the form below:—

Items	Up to the month		Explanation of the Assistant Inspector for noticeable fluctuations	Inspecting Officer's own opinion
	Current year	Last year		
Arrack				
Ganja				
Opium				
Number of trees licensed for local shops of the Sub-Range				
Special liquors, etc. ...				

VIII. REGISTER OF T. T. 4 APPLICATIONS RECEIVED FROM THE RANGE INSPECTOR.

17. Is it maintained and written up-to-date?

18. How many and for what number and kind of trees have applications been booked as compared with the corresponding period in the previous year? How is the fluctuation, if any, explained?

No. 1752- E. A. G 95-15-4, DATED 30TH MARCH 1918.

IX T T 1 REGISTER

19 Is an index put up? In how many villages have trees been licensed?

20 Are "in the month" and "up to the month" totals correctly struck? Total up the number of trees shown to have been marked in each village and booked in this register and state if it agrees with the register of T T 4 applications and the Range T T 3 register Give figures, explaining any variations

N B—Original applications filed in the Range office should be referred to and irregularities on the part of the Assistant Inspector noticed therein should be briefly stated with action taken thereon

21 Are the initials of the marker, direction of marking and position of gate post entered?

22 Note instances of abnormal delay in marking together with action taken of the irregularity Are reasons for the delay recorded in the T T 4 applications concerned and the fact briefly noted in the T T 1 Register under remarks

NOTE—(*a*) This is a very important register and every entry in it requires careful scrutiny by the inspecting officer He has also to inspect a few villages in the Sub-Range where trees are marked and note the following particulars —

(i) Names of groves inspected

(ii) Was the marking accurately done and position of gate post and direction of marking correctly noted in the T T 1?

(iii) Were the particulars noted in the tapping licenses and transport permits available with the tappers correct as regards details booked in the register?

(iv) Were there any corrections made in licenses and permits which are not attested by the Range Inspector? If any such were observed, further action taken should be noted

NOTE—(*b*) As far as possible, the Assistant Inspector should be made to point out all the trees marked and the gate posts Sufficient scrutiny should be exercised to test the veracity of and the work done by the Assistant Inspector

X T T 2

23 Is it punctually submitted to Inspector?

24. Is a register maintained and posted up-to-date? Do the figures tally with T T 1 and the Register of T. T 4 applications?

25. How many and for what number of trees applications are pending with the Assistant Inspector and why?

26. Are the reasons for the delay in marking and in the return of applications acceptable?

XI. T. T. 9 REGISTER.

27. Is it maintained up to the last quarter? What do the figures indicate about the working of the shops?

XII. T T. 10 REGISTER.

28. Is it maintained up to date? and is the test work satisfactory?

XIII. REGISTER OF TREES OVER OR CARELESSLY TAPPED AND KILLED.

29. Is this maintained properly?

30. What is the progress made in this direction?

31. How many trees were examined from the commencement of the official year and how many of them were found dead?

32. Have lists been submitted to the Range Inspector?

XIV. CRIME REGISTER.

33. How many cases have been detected by the Assistant Inspector since the beginning of the year as compared with the previous year? Give an abstract of cases taken up and their disposal, fully assigning reasons for pendency of cases.

34. Have cases been promptly reported by the Assistant Inspector? Note noticeable delay either in submitting first information reports or furnishing additional information called for on crime reports?

35. How is the detection work in general? Whether the Assistant Inspector takes trouble in gathering informations and working them up to their logical conclusion should be judged in general and the impression of the inspecting officer noted.

XV. DEPARTMENTAL FINE REGISTER.

36. Have all the fines imposed been collected? If not, note the progress made in their recovery.

XVI. VILLAGE PATROL REGISTER.

37. Is it brought up-to-date?

38. Does it tally with the diary and the itineration statement?

No. 1752—E. A. G. 95-15-4, DATED 30TH MARCH 1918.

XVII. VILLAGEWAR REGISTER OF INFORMATION.

39. Is it posted up with up-to-date information? If not, what is the explanation of the Assistant Inspector?

XVIII. ITINERATION.

40. Is an office copy of the monthly statement submitted by the Assistant Inspector correctly maintained in the form prescribed? Is this itineration up to the sandard? Verify entries with reference to the diary and note result.

XIX. LICENSE REGISTER.

41. Is it maintained with all charges noted up-to-date?

XX. DATE RESERVE LIST.

42. Is there an extract from the Date Reserve List pertaining to the Sub-Range and has it been kept corrected up-to-date?

XXI. "FROM" AND "TO" REGISTER.

43. Are they maintained neatly with cross references regularly marked?

44. Are the entries concise and clear?

45. How many papers are pending with Assistant Inspector? Classify them as (*a*) less than one month (*b*) more than three months and (*c*) over a year. How many references made to Range Inspector, are pending reply? Note cases of delay, if any, on the part of Range Inspector.

Is the list of pending papers correct as per "To" and "From" Registers?

XXII. TAPPAL BOOK.

46. Is it maintained? Examine it and state if the mode of despatch has been noted therein and the initial of the person to whom covers were entrusted for posting or delivery has been obtained.

XXIII. CIRCULAR FILE.

47. Is it maintained properly and are the circulars understood?

XXIV. RECORDS.

48. Have records and registers of previous years been handed over to the Range Office for being dealt with?

XXV. GENERAL.

49. How far have the orders and instructions given in the notes of previous inspections been carried out? Any irregularities

or informalities observed in the course of inspection whether connected with the printed questions or not, should be stated.

50. Officers personal opinion about the efficiency of work in the Sub-Range, etc., should be recorded.

REPORT ON THE INSPECTION OF THE TALUK EXCISE REGISTERS.

Questions. *Inspecting Officer's replies.*

Name of Amildar.

Name of Vatmutsaddi.

Date of last inspection } by the District Excise Officer. do Range Inspector.

Period covered by inspection.

Have notes of previous inspection been duly communicated?

I. DAY BOOK.

1. Is it written up-to-date and are the daily entries initialled by the Amildar or Sheristadar at the close of each day and necessary totals struck as per instructions?

2. Compare its entries with the Treasury Cash Accounts and the Demand, Collection and Balance Statements and state any difference you notice?

3. What are the total collections under different heads? State the quantity of liquor or drugs or the number and kind of trees or any other demand which the collection represents? Verify each item and see that the calculations are correct.

Items of collection (Day book headings)	Amount		Quantity represented		Remarks
	From date of last inspection up to end of year	From beginning of current year up-to-date of inspection	From date of last inspection up to end of inspection	From beginning of current year up-to-date of inspection	

4. *See among other points*:—

(i) that the name of the Licensee has been noted;

(ii) that both the Sheristadar's general number as well as the Excise Subsidiary Register number are noted and that the chellans also bear these numbers;

(iii) that totals are properly struck and that collections for the day entered in words;

(iv) that reference to the folio of the ledger has been properly noted;

(v) that duty and price on arrack are not clubbed together but shown separately in the appropriate columns;

(vi) that there is an entry for every separate chellan;

(vii) that erasures and interpolations have been attested;

(viii) that amounts due to other taluks in the district are not credited without the sanction of the Deputy Commissioner.

II. LEDGER

N.B.—(*a*) Ledger entries should be made as soon as Treasury chellan is presented to the Vatmutsadi and should not be kept by to be booked later.

5. Is an index put up and are sufficient pages allotted for each shop?

N.B.—(*b*) In the case of a group of shops taken by one single contractor, the shop rental of the entire group only need be entered, under the main shop which gives the group its name while separate pages should be allotted to there maining shops of the group wherein particulars of tree-tax and tree-rent or duty should be entered.

6. Are all the entries of the Day-book correctly posted up-to-date? Total up shopwar collections under each head and compare the figures with the Day-book entries.

7. (*a*) Are rentals of shops brought under demand on the 10th of each month?

(*b*) If the same is not paid by the 10th of the month, state whether interest (as per scale) for the month has also been brought under demand.

8. When there are late payments of khists note whether proper interest and also fines where imposed have been recovered. Note all the instances in which the rule has been violated.

9. Do the individual balances as per this register agree with the details furnished in the Bakipatti? Are the entries relating to old arrears carried down into this Register?

10. Are totals for the month and up to the month struck at the close of every month?

11. Are the entries for the month as well as corrections and interpolations attested by the Sheristadar or the Amildar?

No. 1752—E. A. G. 95-15-4, DATED 30TH MARCH 1918.

III. FILE 'J' AND 'H' PASSES.

12. Have the duplicates been filed regularly in the order of their receipt? (Passes relating to each description of liquor or drug should be in separate files.) Are the certificates about the condition of casks properly made?

N.B.—In cases where arrack casks are found to be not in tact the usual certificate printed on the reverse of the form stating that the cask was received in good condition should not be fully retained. Necessary alterations in the text of the certificate should be made to suit the condition of each case. If need be, the printed certificate should be scored out and the necessary endorsement made in detail instead.

13. Have the originals of these passes been sent to the Excise Commissioner after the 10th of the following month with a Ferist?

N.B.—Passes relating to the consignment despatched from the Distillery at the end of any month but received after the close of the month should be treated as if they were passes of the previous month. *Vide* Excise Commissioner's Circular No. 5934-41, dated 25th January 1908.

14. Have the passes been cancelled and scored in red ink? Have they been signed by a responsible officer and dealt with according to the Rules?

15. Do the entries of these passes tally with those in the 'K' Register?

N.B.—It is advisable to number the passes serially as they are received and filed in the Taluk Office to facilitate checking and discovering any if missed from the file. The same serial number may also be noted in the 'K' register.

IV. 'K' REGISTER.

16. Is it written up-to-date?

17. Mention the total quantity of the different kinds of liquors as booked in this register as well as in the Bonded Depot Register. Account for difference noticed.

Kind	As per 'K' Register	As per Depot Register	Difference	Explanation
1. Molasses Arrack				
2. Special liquors				
3. Methylated spirits ...				

N.B.—(1) It is very necessary that the inspecting officer should check the entries in the 'K' Register as well as the filed 'J' passes with the extract from the register of monthly issues received from the Distillery as the latter is the only independent check over the Taluk and Depot accounts

V. 'O' REGISTER.

(2) The coulmns "Date of despatch of pass to the Excise Commissioner's office" and "Remarks as to the condition of seals, etc.," should be properly entered and attested.

(3) Receipts of every kind of liquor should find a place in this register separately or different books, if necessary.

18. Are 'N' extracts daily received from the Depots as the liquor is issued and booked in this Register making proper endorsements? Is the Depot Mutsaddi regular in the submission of 'N' extracts to the Taluk office? Are these extracts properly booked and cancelled with due endorsement.

N.B.—On receipt of the 'N' extracts they should be compared with the entries in the Day Book to see that the amount of duty and price on the quantity issued from the Depot has been duly paid for and a certificate of verification that the entries tally furnished to them. Afterwards the entries should be posted in the 'O' register and the extracts cancelled in red ink.

19. Have all extracts relating to the previous months been despatched to the Deputy Commissioner's Office? (*Vide* arrack rules.) Are those received during the month properly dealt with?

20. What is the total quantity for which extracts of issues received up-to-date of inspection? Explain for variations, if any, with reference to the quantity represented by collections under the Day Book. Depot issue accounts should also be referred to.

N.B.—(1) In places where there are special shroffs, their khirdi books should be referred to.

(2) The Inspecting Officer should pay particular attention and check the entries closely and carefully. Instances are not wanting where owing to the negligence of the Inspecting Officer, difference were not detected which, in the end, resulted in serious loss to Government.

VI. T. T. 8 REGISTER.

21. Is it written up-to-date? Do the entries under tree-tax tally with those in the Day-book and the Demand, Collection and Balance statement?

22. What is the total number of applications that have been received and for how many trees as compared with same period of last year?

23. Has the first and second instalment of tree-tax been correctly calculated, and received?

24. Has there been any delay in the transmission of applications to the Range Inspector? If so, quote instances.

N.B.—The Inspecting Officer would do well to take the Range T. T. 8 Register and the Darkhasts and compare the entries with this register.

VII. T. T. 6A REGISTER.

25. Is it maintained? Compare the totals with the Day-book and the Demand, Collection and Balance Statement and the T. T. 6A maintained in the Range and explain differences, if any.

26. How many Government trees are licensed and what is the amount of tree-rent credited to the different departments?

VIII. FILE OF GANJA AND MAJUM PASSES.

27. Are ganja and majum passes separately filed and the entries made in the "K" Register? Check the entries under receipts as well as those under issues in the Day Book with those shown in the Treasury Accounts. The balance as per letter registers must tally with the quantity on hand.

N.B.—Ganja and majum passes should be dealt within the same way as arrack 'J' passes.

28. The extract received from the Depot Mutsaddi regarding the issue of majum to the retail shops should be checked, booked and endorsed and after the close of the month sent to the District Office.

IX. SALE LIST.

29. Has this been written up correctly?

N.B.—(1) See that the licensees have paid up the required deposits and given sureties where necessary.

(2) That the sale list bears the Treasury Officer's credit certificate for credit of the deposit amount.

X. LICENSE REGISTER.

30. Is this maintained? Have all the licensees been delivered; Counterpart agreements being duly executed? Are agreements kept in proper custody in the Treasury?

N.B.—Account for instances in cases where the licenses did not issue at least within a week after the commencement of the official year.

XI. RESALE REGISTER

31. Are resales being held regularly in the case of contractors who have failed to pay up their rentals within the 20th of the month?

32. How many resales have been held during the year and what was the total extent of loss?

N.B.—The loss from the resale as per this register should be included under demand in the ledger as well as in the Demand, Collection and Balance Statement.

XII. DATE RESERVE LIST.

33. Is this maintained and are the necessary remarks made against each of the survey numbers as are given out for cultivation?

XIII. DEPARTMENTAL FINE REGISTER.

34. Is this maintained and written up correctly? Check the items with the ledger and the Demand, Collection and Balance Statement. Are extracts of orders imposing the fine regularly received and dealt with as per Excise Commissioner's Circular No. 215-28—R. V. 16, dated 7th and 8th July 1903?

XIV. CIRCULAR FILE.

35. (*a*) Is it maintained?

(*b*) Are the circulars, as they are received, correctly filed in this?

(*c*) Has the Vottu Mutsaddi understood the circulars?

(*d*) Has an index or table of contents been put up?

XV. DEMAND, COLLECTION AND BALANCE STATEMENT.

36. Are draft copies maintained? Do they also bear the necessary Treasury certificate? Check the balance with the Bakipatti. Review the Demand, Collection and Balance figures up to the month.

37. Do Treasury certificates agree with the individual particulars of the statement?

XVI. EXPLANATORY MEMO OF ARREARS OR BAKIPATTI.

38. Is a bakipatti being submitted regularly along with the Demand, Collection and Balance statement, the stage at which each individual case stands being noted. Attach a individual list of arrears marking clearly steps taken for the recovery of each item and furnish an abstract as below :—

N.B.—If any record is pending in the taluk office itself, the fact should be clearly stated together with reasons for the same. In cases where they are pending in other offices number and date of the last reference should be quoted as also number and date of reminders issued. Vague remarks should not be permitted.

Arrears.	*Current.*	*Total*
Balance as per latest Demand, Collection and Balance Statement.		

(1) Collected since closing the accounts for the month.

(2) Collected but pending adjustment under proper heads.

(3) Covered by excess collections or deposits.

(4) Amount realized by attachment and sale of property, but not yet adjusted.

(5) Property has been attached for the recovery of.

(6) To be paid in instalments.

(7) Under enquiry and correspondence

(8) Reported to be irrecoverable or of doubtful recovery for which remission statements have been sumbitted.

(9) Amount recommended for remission.

(10) Ordered to be written off the accounts, but not yet adjusted.

(11) Minor steps taken for the collection of.

(12) Erroneously included under demand.

(13) Amount unaccounted for.

XVII. REGISTER OF GOVERNMENT ARTICLES.

39. (*a*) Is this register posted up-to-date? The articles are to be examined and their condition noted.

(*b*) Is the cost and date of supply noted against each article.

(*c*) Do the Taluk testing instruments tally with those of the inspecting officer?

XVIII. LICENSE FOR CUTTING DATE LEAVES.

40. (1) Have any such been issued in reserved groves and if so, why?

(2) Have the fees on all the licenses been collected and credited?

XIX. CORRESPONDENCE REGISTERS.

41. 1.—(*a*) Are "From and To" Registers maintained neatly and properly with cross references regularly marked?

(*b*) Are the entries concise and clear?

2. (*a*) Are a peon book and tappal book maintained?

(*b*) Is there any delay in the despatch of records?

3. (*a*) Is a separate petition register maintained in the prescribed form as laid down in Rule 22 of the Petition Rules regarding matters relating to excise?

(*b*) Does it show the method of disposal and the date and nature of endorsements granted?

(*c*) Is there any abnormal delay in the disposal of petitions?

4. (*a*) Are all the Registers maintained by the Excise clerk periodically examined by the Amildar or Sheristedar and signed in token of their inspection?

(*b*) Has the Excise Inspector been inspecting the registers thoroughly and systematically once a quarter in accordance with the memo form and has he been sending the notes of inspection to the Amildar through his official superior officer?

XX. REPORTS AND RETURNS.

42. (1) Is a statement showing the periodical returns and reports due from the Taluk Office maintained up-to-date?

(2) Are the due dates and the dates of actual submission noted therein?

(3) Is it scrutinized monthly by the Amildar or Sheristadar?

(4) How many and which returns were over due at the time of inspection?

XXI. FORMS.

43. (1) Is a register showing the receipts and expenditure of forms maintained?

(2) Is the stock of forms securely kept?

XXII. OLD RECORDS.

44. (*a*) Are they properly arranged?

(*b*) Are all disposed of records promptly made over to the record-keeper duly arranged and stitched?

(*c*) What is the number of such records remaining to be sent to the record-room?

No. 1752—E. A. G. 95-15-4, DA

XXIII. ESTABLISHMENT.

45. (1) What is the scale of establishment and what is the pay and qualification of each?

(2) Is a Service Register maintained and is it brought up-to-date?

(3) In taluks where there are more than one excise clerk, is a record showing the distribution of work maintained? Is the work assigned to each official sufficient without being excessive?

XXIV. ACQUITTANCE ROLL.

46. (1) Is an acquittance roll maintained?

(2) Are all salaries drawn duly disbursed and proper receipts taken therein.

(3) Are all sums drawn on travelling allowance bills disbursed and acquittance taken?

XXV.

47. Instances of irregularities pointed out, but not rectified should be given. Any irregularities or informalities observed in the course of inspection, whether connected with the printed questions or not and suggestions, if any, for improving the efficiency of the working of the office should be stated.

MEMO OF INSPECTION OF THE BONDED DEPOT.

Date of Inspection—

Date of last inspection by—

The District Excise Officers.

The Inspector.

The Assistant Inspector.

I. ACCOMMODATION.

1. Where is the Bonded Depot located? How far is it from the Taluk Office?

2. Has it got sufficient accommodation? Is it kept tidy and clean?

3. Is the store room sufficiently safe?

II. LICENSE.

4. Is a board put up?

5. Has the depot mutsaddi obtained the necessary license?

6. Are there any vendors appointed and has their selection been approved by the District Excise Officer?

7. Is the Taluk Treasury Officer's seal on the Store Room lock, and is it intact?

Who keeps the key of the Store Room and where?

N.B.—The Store room should be examined in the presence of the Taluk Officer.

8. Has the Amildar inspected the Depot on the 1st of every month and taken stock?

9. Has a responsible Taluk Officer always attended to the issue of casks? In how many instances was any Excise Officer present and in how many not?

N.B.—The Taluk Sheristedar should generally secure the presence of the local Excise Officer, if present at Headquarters at the time of taking out a cask on tap.

10. How many shops does the Bonded Depot serve?

REGISTER OF ARRACK, ETC., RECEIVED FROM THE DISTILLERY AND OF THE DAILY ISSUES OF THE SAME.

11. Is the Register properly maintained up-to-date?

See that (1) that all the totals (daily up-to-date and monthly) have been struck,

(2) that receipts of proof-liquor have also been included in the transactions of ordinary liquor,

(3) that there are no unattested corrections,

and (4) that the shopwar ledger of issues has been correctly booked up to date.

N.B.—Examine the chellans in possession of the Depot Mutsaddi, liquor on which has been issued and see if entries have been made in the Register and endorsement of date and hour of issue on the back of the chellans.

	Gallons.	*Drams.*
12. State.—(*a*) Opening balance on 1st July.		
(*b*) Receipts up-to-date of inspection.		
(*c*) Total.		
(*d*) Issues up to time of inspection from 1st July.		

(*e*) Wastage { (Bung.....
(Stand.....

(*f*) Total.

(*g*) Balance.

13. Verify the book balance with the actual stock, accounting for any discrepancies observed :—

Details.

(1) Liquor in cask on tap (*vide* No. 15) including sample bottles.

(2) Proof spirit.

(3) Quantity in casks kept in the store room.

Total.

14. Check the quantity under receipts with that entered in the "K" Register of the Taluk Office. Similarly check the quantity of issues with that in the "O" Register. Account for variations, if any. Are there any instances in which liquor was issued prior to the payment of duty?

Receipts ... { 1. As per Depot Register.
2. „ "K" Register.

Difference.....

Explanation.....

Issues { 1. As per Depot Register.
2. As per "O" Register.

Difference..... .....

Explanation..... .....

15. Ullage the cask on tap and state the difference, if any, between the ullaged quantity and the balance as indicated in the Register. Account for difference.

N.B.—Contents of the casks should be actually measured to find out the actual stand wastage unless impracticable or inconvenient.

16. What is the strength of the liquor on tap? Are there any instances in which the liquor in the Depot is found weaker than the prescribed limit and, if so, how were such instances noticed?

N.B.—The readings of the different instruments available may be compared and noted, care being taken that the sample of liquor is used for them all and in the same trial glass.

16(A). Have sample bottles been issued and kept in the Store Room?

N.B.—If the strength noted on the sample bottle and that of the arrack in the cask on tap vary considerably, test the liquor in the sample bottle and account for the difference or note what action has been taken in the matter.

No 1752—E A G 95-15-4, dated 30th March 1918.

Bung and stand wastages

17 Is the quantity of bung wastage booked by the Depot Mutsuddi initialled by the officer who attended to the work? Are the entries made in the inspection book also?

N B—The quantity remaining in the cask on tap when bung wastage is added to a new one should be noted in the inspection book Note instances in which liquor in cask on tap was not sufficient to make up for the bung wastage of a new one, and action taken thereon

18 Have any casks consumed in abnormal quantity of bung wastage? Give the reason for the same explaining the action taken

N B—Remarks in the 'K Register should also be referred to

19 Is the quantity of stand wastage booked under the Taluk Shirastadar's initials? Is it abnormal and are there any suspicious circumstances?

Proof Liquor

20 In how many cases has this liquor been issued for the adjustment of weak liquor found (*a*) in the depot and (*b*) in the retail shops?

N B—See that the quantity utilized for adjustment is correct as per table given for the purpose

21 Has the prescribed Register been properly written up-to date?

22 Inspect the stock on hand and note if the seals on the bottles are intact Is it kept in the store room wholly or in part?

If the latter, state reason for same

N B—Inspecting officers would do well to select a bottle at random and to test its contents

Special Liquors and other kind of Liquors

23 Are there any transactions of these liquors? If so, are they booked as directed in Circular No 6626-33, dated 21st January 1909.

Have special liquors been issued to duly authorized licensees? Has shop wise ledger been maintained for issues and do the entries tally with the quantity booked in the Register of daily transactions?

24 Check the accounts as in the case of ordinary arrack and state if they have been

correctly posted up. Furnish particulars in respect of each kind of liquors as follows:—

	Opening balance on 1st July	Receipts up-to-date of inspection	Total	Expenditure up-to-date of inspection	Balance
	qts.	pts	Total gls.		
Jaggory Arrack ...					
Brandy ...					
Whisky ...					
Gin ...					
Rum ...					
Milk punch ...					
Methylated spirit...					
Rectified spirit ...					
Total ...					

N.B.—Any wastages due to breakages should be clearly noted mentioning the action taken.

25. Verify the book balance with the actual stock and note result. Examine also the seals on the bottles in stock to see that they are in tact. If seals are indistinct contents may be tested and bottled resealed.

26. Is an adequate stock maintained always? Note if there have been any instances in which there was short stock or no stock and whether any retail shop-keepers were put to any difficulty.

27. Examine the gallon pot and dram cups and see that they are kept clean and correct and have not been tampered with.

28. Is the ullage Rod in good order?

N.B.—If warped and unfit for use fact should be reported and fresh supply obtained. Missing ferrules may be got replaced locally.

29. Are the 'N' extracts and 'G' chellans submitted regularly and punctually?

30. Have the Registers of previous years been handed over to the Taluk records and receipts obtained therefor in a Register to be kept for the purpose?

31. Has the Depot Mutsaddi been sealing arrack consignments issued to shops regularly? If convenient, the inspecting officer will measure out the quantity issued to any shop after the consignment has been sealed by the Depot Mutsaddi and before it is taken to the shop and note down the result. The strength may also be simultaneously tested.

32. Are circulars received from the superior authorities maintained up-to-date?

No. 1752—E. A. G. 95-15-4, DATED 30TH MARCH 1918.

33 How long since has the Depot Mutsaddi been in charge of the Depot? Are there any complaints against him? Note action taken.

34 Instances of irregularities pointed out during the previous inspection but not attended to should be given with action taken Any irregularities observed in the course of inspection, whether connected with the printed questions or not and suggestions, if any, for improving the efficiency of the working of the Depot may be noted.

Project Sub,Divisions.

No. 509-532—P. W. 2925-2948, dated 4th March 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Read—

Note No. D. 513, dated the 22nd September 1917, by the Secretary to Government, Public Works Department, submitting proposals for the formation of Special Sub-Divisions, called Project Sub-Divisions, for the preparation of tank projects in the eight Districts.

Order No. 509-532—P. W. 2925-2948, dated 4th March 1918.

There are about 1,000 major tanks in the State yet to be restored. As the time of the existing establishment is taken up in carrying out sanctioned works and attending to the maintenance of those already constructed, projects for the unrestored tanks are not prepared as rapidly as circumstances require.

2. The Chief Engineer for Irrigation has proposed to constitute eight Project Sub-Divisions, one for each Division, for a period of two years, whose sole duty will be to take the necessary surveys and prepare irrigation projects.

3. The officers required for the charge of the newly constituted eight Sub-Divisions should be made available from the existing establishment. The subordinate and clerical establishment to be attached to each Sub-Division is as shown in the statement attached.

4. As there still remains a large number of unrestored tanks and investigations of important projects are to be made, Government are pleased to sanction the following proposals :—

(1) The formation of Project Sub-Divisions, one for each of the eight Divisions, and

(2) The entertainment of a special establishment as detailed in the statement attached at a cost of Rs. 1,520 per month.

The six temporary Assistant Draftsmen on Rs. 25 each, already working on the temporary establishment, will now be absorbed.

5. The Sub-Division officer placed in charge of the Project Sub-Division will work under the orders of the Executive Engineer of the Division and will devote all his time to the preparation of estimates for the restoration and repairs of tanks in the order of their importance and urgency, which will be decided in consultation with the Deputy Commissioner of the District.

Order No. 599-610—3399-410, dated Bangalore, 14th March 1918.

In paragraph 12 of the Order read above, Government have expressed their willingness to sanction an establishment at a cost not exceeding Rs. 100 per mensem for each district, for the collection and compilation of necessary information. But the proposals now submitted by the Revenue Commissioner amount to Rs. 840 for the 8 districts involving an extra cost of Rs. 40 per mensem. Government are pleased to sanction the entertainment of 21 Accountants on Rs. 40 each for a period of one year as proposed by him in the 8 districts.

2. The Revenue Commissioner is requested to hold himself responsible to see that the work is completed within a year. If any additional establishment is required to complete the work within the period fixed, he may apply for such establishment but the work should, on no account, be delayed.

3. Necessary provision to meet the cost of the establishment should be made in the re-appropriation statement of the Public Works Department for the current year.

S. CADAMBI,
Joint Secy. to Govt., P. W. Dept.

To—The Revenue Commissioner, with the enclosures to his letter.

Grant of Overtime Allowance to the Ticket Printing Establishment.

No. R. S. 2604-2606—Ry. F. 14 O.-L.-17-18, DATED 2ND MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Note No. R. S. 426, dated the 31st January 1918, from the Secretary for Railways soliciting sanction to the proposals of the Comptroller (Railways), in regard to the grant of overtime allowance to the members of the Ticket Printing Establishment of his office.

Order No. R. S. 2604-2606—Ry F. 14 O.-L.-17-18, dated 2nd March 1918.

Government are pleased to sanction overtime allowance in addition to pay to the members of the Ticket Printing Establishment of the Comptroller (Railways), consisting of a Ticket Printer, a Compositor and a Fly Boy for the marginally noted periods at the rate of 1/30th of their monthly salary for each day of extra work in a month, the period of 8 hours being reckoned as one day for the purpose of computing the allowance and to their being given, in future, such allowance when occasion arises with the concurrence of the Railway Secretary in each case.

Days.—First to 20th December 1917, and from 4th to 8th and 10th January 1918.
Hours.—Office days 8 to 10 A.M. and 5 to 8 P.M.
Sundays and Holidays.—8 to 11 A.M. and 2 to 7 P.M.

2. Suitable provision should be made for this purpose in the Authorization Rolls for the future.

D. G. DANI,
Ag. Secy. for Rys., Govt. of Mysore.

To—The Comptroller of Mysore for Railways, with reference to his letter No. Rys. O. L. 4150, dated 24th January 1918.
The Agent, Mysore State Railways.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Government Order No. R. S. 2821-25—Ry. F. 250G-16-17, dated 15th March 1917, sanctioning an estimate amounting to Rs. 26,138 for the survey of certain Forest Tramways, and Railways required for the development or the Iron and Steel Industry at Benkipur.

2. Note No. R. S. 213, dated 2nd October 1917, from the Secretary for Railways submitting for administrative sanction an abstract estimate amounting to Rs. 5,31,113 for constructing a 2 feet gauge tramway from Kemmangundi to Benkipur.

3. Note No. C. 24, dated 29th October 1917, from the Secretary for Railways, submitting for administrative sanction an abstract estimate amounting to Rs. 5,20,822 for constructing a 2 feet gauge tramway from Agasanahadlu to Benkipur.

Order No. R. S. 2597-2603—Ry. F. G. 250-17-18, dated 2nd March 1918.

Government are pleased to accord their administrative sanction to the accompanying abstract estimates amounting to Rs. 5,31,113 and Rs. 5,20,822 for the construction of 2'—0" gauge tramways from (*a*) Kemmangundi to Benkipur, 22·96 miles, and (*b*) Agasanahadlu to Benkipur, 24·74 miles, respectively.

2. They also direct—

(1) that the sanction of the Government of India to the construction of these tramways may be applied for, if necessary, and

(2) that a Construction Division may be formed for these two lines as soon as the agreement with the Iron Company is signed.

3. This Division should include also the Tadasa-Hebbe Forest Tramway, the construction of which was recently put in hand.

Amount of Loan raised by the Shimoga District Board for Railway Construction.

No. R. S. 2770-2775—Ry F. G. 216-17-18, DATED 15TH MARCH 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Government Order No Fl 817-8—G F 19-15-2, dated the 16th August 1915, sanctioning the payment of interest at 4 per cent on the collection received on account of Shimoga Railway loan until construction work commences

2. Government Order No R S 910-915—Ry F 216G-17-18, dated 18th September 1917, directing among other things—

(i) that interest at 5 per cent may be allowed on the amount of loan raised by the Shimoga District Board till it is invested in a District Board Railway, and

(ii) that the amount of loan deposited may be invested in a Bank

3 Letter No B K 413, dated 4th October 1917, from the Comptroller of Mysore, requesting reconsideration of the Order of 18th September 1917 referred to above in regard to (1) the payment of interest and (2) the withdrawal of the amount for investment in a Bank

Order No. R. S. 2770-2775 Ry. F G. 216-17-18, dated 15th March 1918.

After a reconsideration of the entire merits of the case, the Government of His Highness the Maharaja are pleased to order the following modifications in Government Order No. R. S 910-915—Ry F 216G-17 18, dated 18th September 1917:—

(i) That the amount of loan raised by the Shimoga District Board for Railway Construction and paid into the Government Treasury *should not* be withdrawn therefrom and invested in a Bank,

(ii) That Government will pay 5 per cent interest on the amount raised and paid into the Treasury from the date of the Government of India War Loan, for a period of one year at a time, until the money is actually utilized for Railway Construction in the district and that the District Board in turn pay interest to the Debenture Holders at the above rate.

2. The District Board should be requested to collect the balance of the loan at an early date.
